Conservation Easement Allowed Uses Clarification

UT South Fork Creek (Stephens)
Stream Restoration
EEP Project #405

Dec 2013

Sheet 1 of 2

NOTE:
This exhibit shows the stream crossings that as allowed uses that are not explicitly identified in the Conservation Easement documents. Three pre-existing ford crossings were improved to NRCS standards and constructed by EEP as part of the stream restoration project and are allowed by Grantee as reserved uses for Grantors. In addition, two pre-existing ford crossings on the tributary are allowed for use by Grantor.

See conservation easement documents recorded in Alamance County: (Deed Book 2302 Page 7)
