Re: Criminal Record Searches

The Alarm Systems Licensing Board (ASLB) and the Private Protective Services Board (PPSB) expressed a desire to create a uniform comprehensive criminal history search and review process. Accordingly, the Boards voted to modify the criminal background process. The proposed rule changes to effectuate the use of the Board's approved provider, CriminalRecordCheck.com (CRC), for criminal records is now effective.

By way of background, the proposed rule changes to accomplish this objective were adopted by the ASLB at its May 25th meeting. The Notice of Text was filed on June 19, 2017 and the Public Hearing was held July 19, 2017 at the Board's Raleigh office. The rule amendments were also posted on the Board's website. The public comment period expired September 1, 2017. No oral or written comments were received. These rule amendments were approved at the Board's September 21, 2017 meeting. The Rules Review Commission considered them at its November 16th meeting and they were approved.
