MEMORANDUM

To: All Staff Assigned Volume VIII

From: Mac Britt – Chief of Policy

Date: July 1, 2010

Re: **Introducing Volume VIII – Casework and Service Delivery Policy for the Independent Living Rehabilitation Program**

VOLUME VIII TRANSMITTAL #1-2010

This transmittal is to introduce the Volume VIII policy manual. In order to create this manual, the IL policies currently found in the Volume I policy manual have been copied to the Volume VIII policy manual, and select policies have then been revised. The Volume I policy manual will be revised in the future to remove IL policies completely. At that time, the Volume I policy manual will become the Casework and Service Delivery Policy for the Vocational Rehabilitation Program only. All policies stated in the Volume VIII are effective July 1, 2010 and replace Independent Living Rehabilitation Program policy and procedural information issued for Volume I prior to this date. Subsequent revisions of Volume VIII will have a revision date. Unless otherwise specified, all policies relate to the Independent Living Rehabilitation Program.

The Volume VIII is divided into chapters, sections, and subsections. Each chapter, section, and subsection is numbered to provide for easy location of specific topics. An Appendix is provided which gives the reader general information and guidance on topics supporting the rehabilitation process. A Table of Contents and an Index identifying the location of each topic is also provided. The Table of Contents entries are hyperlinked to the corresponding chapters, sections, subsections, and appendix entries. Users can relocate to the desired chapter, section, or subsection by mouse clicking on the corresponding page number next to the table of contents entry desired.

IL Counselors received training on the content revisions associated with the release of this manual during the month of June 2010. Therefore, the numerous revisions to policies resulting from the shift from Volume I to Volume VIII will not be summarized here. The need for a few additional revisions to the manual content was identified during the training sessions. Edits which have

resulted from feedback during training sessions are summarized below. Additional edits may be released in the near future.

1.	**Reference:**	**Subsection 2-12-1: Chiropractic Services**
	Effective Date:	July 1, 2010
	New/Revised:	New
	Table of Contents Change:	Yes
	Index Change:	Yes
	Comments:	This policy was inadvertently omitted from the manual prior to the training of the policies.
2.	**Reference:**	**Appendix Entry – Durable Medical Equipment: Purchase Procedures**
	Effective Date:	July 1, 2010
	New/Revised:	New
	Table of Contents Change:	Yes
	Index Change:	Yes
	Comments:	This flowchart accompanies the content included in Section 2-3-8: Procedures to Purchase Durable Medical Equipment. The flowchart is intended to provide a visual representation of the purchase process.
3.	**Reference:**	**Subsection 2-3-7: Telecommunicative Devices** **Subsection 2-12-2: Hearing Aids**
	Effective Date:	July 1, 2010
	New/Revised:	New
	Table of Contents Change:	No
	Index Change:	Yes

Comments: References to the Telecommunication Equipment Distribution Program (TEDP) have been revised to reflect the current name of this program, the Equipment Distribution Service (EDS).

4. **Reference:** **Subsection 2-12-2: Hearing Aids**

Effective Date: July 1, 2010

New/Revised: New

Table of Contents Change: Yes

Index Change: Yes

Comments: This policy was inadvertently omitted from the manual prior to the training of the policies.

5. **Reference:** **Section 2-10: Modifications**

Effective Date: July 1, 2010

New/Revised: New

Table of Contents Change: No

Index Change: No

Comments: The description of Form DVR-7001, *Vehicle Inspection Sheet,* was revised to reflect that the form must be completed by an ASE Certified Mechanic.

6. **Reference:** **Subsection 6-3-1: Closure Standards**

Effective Date: July 1, 2010

New/Revised: New

Table of Contents Change: No

Index Change: No

Comments: The sentence, "This status is used when a client's record is closed after the client has been determined eligible, but prior to

the development and **implementation** of the IPIL." is being revised to read, "This status is used when a client's record is closed after the client has been determined eligible, but prior to the development and **initiation** of the IPIL."

Re: **Revisions to 2-10-1: Residence Modifications**

TRANSMITTAL #2012-04

Section or Sub-Section	Comments on Revisions - Effective 6-1-2012
Addition of a Cross-Reference to 2-10-1: Residence Modifications	Staff are directed to **3-8-3: Comparable Benefits** as a cross reference
2-10-1: Residence Modifications Table of Contents Change: No Index Change: No	Under the subheading Division Maximum Rates for Residence Modifications - Per Client, clarification is made that the $12,000 limit pertains to the Division's State appropriated case expenditures per client per lifetime.
2-10-1: Residence Modifications Table of Contents Change: No Index Change: No	Clarification is provided regarding requests for exception that may be made to the Chief of Policy for individual projects estimated to cost above the specific type of modification limit, and the manner in which exceptions are to be applied.

2-10-1: Residence Modifications Table of Contents Change: No Index Change: No	Policy is clarified to address situations wherein the Division receives reimbursement by a third party towards the cost of a residence modification. In these situations, the amount of the third party contribution shall be deducted from the cost of the modification to the Division and to the lifetime cap of $12,000 of Division State appropriated case expenditures per client.

Date: August 01, 2012

Re: Revision to **Section 2-11: Personal Assistance Services**

TRANSMITTAL #2012-05

The policy is revised to address usage of the fiscal agent in processing payroll and taxes for clients served by the IL program. These revisions will become effective August 15, 2012. The revised/new personal assistance forms will be posted on the DVRS Intranet by the effective date of this policy.

The significant changes to **Section 2-11: Personal Assistance Services** are as follows:

- The types of services that are not considered personal assistance services are specified.
- Form numbers are removed since DVR forms will not have numbers when BEAM is implemented.
- Remove **Form 0116** from 2-11-1 since personal assistance services are not subject to financial need for VR clients.
- The client will be required to use the Division's contract fiscal agent. The fiscal agent will process payroll and pay the personal assistant directly, pay the employer related taxes, conduct a criminal background check on

each personal assistant, and provide worker's compensation insurance coverage to the client.

- The client shall utilize the criminal background check information provided by the Division's contract fiscal agent when determining if the personal assistant will be hired.

- The evaluator (registered nurse, physical therapist, or occupational therapist) shall observe the client perform the activities of daily living to complete the Division's evaluation form. The evaluator shall not determine the number of hours that the Division will sponsor.

- The counselor in consultation with the client will determine the number of hours that are being requested for the Division to sponsor based on the evaluation and complete the *"Personal Assistance Service Needs Check List."* The Division shall only pay for services which are specified on the Division's *"Personal Assistance Service Needs Check List".*

- The Division shall not sponsor personal assistance services unless all of the hours as recommended on the evaluation are covered by all paid service providers and in-kind providers (family, friends and volunteers).

- An updated evaluation by a registered nurse, physical therapist, or occupational therapist is required only when there are significant changes in the client's functional capacity and subsequent need(s).

- A telephone contact and face-to-face visit will be alternated throughout the calendar year such that the client receives contact twice a year either by phone or in person.

- Clients who are required to contribute towards the cost of their personal assistance service due to excess income shall include on the timesheet both the number of hours that the Division will sponsor and the number of hours that the client is required to contribute towards the cost of their personal assistance service. The IL client shall submit the timesheet to the Division's fiscal agent as specified on the payroll calendar and provide a check to their IL counselor for the amount that the client is required to contribute. The client shall make the check payable to DVRS. The Division's fiscal agent shall pay the personal assistant for both the number of hours that the Division will sponsor and the number of hours that the client is required to contribute towards the cost of their personal assistance service.

- In the rare situation when an IL client temporarily contracts with a home health agency for personal assistance services, the Division shall authorize payment directly to the vendor.

- The counselor will provide the Division's contract fiscal agent with the completed DVR Forms: *Personal Assistance Services and Reimbursement Agreement,* the *Personal Assistance Service Needs*

Check List and the *Client Information Sheet.* The fiscal agent will calculate the authorization amount and provide this information to the counselor within three days of receiving the *Client Information Sheet*. The counselor will issue the authorization and provide the authorization to the fiscal agent within three days of receiving the authorization amount from the fiscal agent.

- For clients who are required to contribute towards their personal assistance service due to excess income, the counselor shall provide the Division's contract fiscal agent with the annual amount that the client is required to contribute and the approved hourly rate for paying their personal assistant(s) on the *Client Information Sheet.* The fiscal agent shall calculate the number of hours that the client is required to contribute per week based on the hourly rate and the federal/state taxes. The fiscal agent shall provide the number of hours per week and the semi-monthly amount that the client is required to contribute towards the cost of their personal assistance service to the counselor within three days of receiving the *Client Information Sheet.*

- If the hourly rate or number of hours is increased (after the Assistant Regional Director approval) prior to the expiration date of the authorization, the counselor will provide the Division's contract fiscal agent with the new DVR Form *Personal Assistance Services and Reimbursement Agreement* and service dates. The fiscal agent will calculate the new authorization amount and provide this information to the counselor within three days of receiving the client information from the counselor. The counselor will issue a new authorization and provide the new authorization to the fiscal agent within three days of receiving the authorization amount from the fiscal agent.

Re: **New Policy Directive for Volume VIII – Interim Policy and Procedure Directive #1-2012 – Displacement Prevention Partnership (DPP) as a Comparable Benefit**

TRANSMITTAL #2012-06

The Division has determined that the Displacement Prevention Partnership (DPP) is a comparable benefit for IL home modification services. This is a new policy directive that provides guidelines for how IL staff are to access this comparable benefit. Special provisions for extenuating circumstances on the **DVR-O116 Financial Statement** are covered. Other requirements such as the DPP Promissory Note, definition of a qualified home, and funding limits are covered. This Policy Directive becomes effective October 01, 2012.

Re: **New Policy Directive for Volume VIII – Interim Policy and Procedure Directive #2-2012 – Money Follows the Person (MFP) and Deinstitutionalization**

TRANSMITTAL #2012-07

Money Follows the Person (MFP) is a state demonstration project funded by Medicaid that supports Medicaid-eligible North Carolinians to have greater choice about where they receive long-term services and supports. DVRS' Independent Living Program has been identified as the MFP lead agency for individuals with physical disabilities who are under 65 years old. As lead agency, this means these referrals will be directed to IL first. This is a new policy directive that provides the guidelines for IL staff in reviewing referrals from MFP, guidelines for providing MFP services, and the specific IL casework process for addressing MFP referrals. This Policy Directive becomes effective October 01, 2012.

MEMORANDUM

To: All Staff Assigned Volume VIII

From: Neil Mac Britt – Chief of Policy

Date: June 27, 2014

Re: Revisions to Volume VIII: BEAM Updates

TRANSMITTAL #2014-03

Effective: July 1, 2014

Section/Subsection or Appendix Item	Comments on Revisions
Section 1-11 Case Service Authorizations Table of Contents Change: No Index Change: Yes	Defines pre-planned, planned and authorizations to client
Section 1-12 Invoice Processing Table of Contents Change: Yes Index Change: No	Explains that overpayments are now called authorization adjustments. Supervisor approval is needed when the amount billed is 10% or more of the initially authorized amount.
Section 1-13 VR/IL Concurrent Records of Service Table of Contents Change: No Index Change: Yes	Policy is revised to correspond with changes in form names and to identify "Information & Referral" as the planned service to be selected in concurrent records of service.
Section 1-14 Client Signatures Table of Contents Change: No Index Change: No	Explains the use of electronic signatures

Section/Subsection or Appendix Item	Comments on Revisions
Section 1-15 Imprest Cash Table of Contents Change: No Index Change: No	Clarifies procedures for utilizing imprest cash
Section 1-19 Supervisor Approval Table of Contents Change: Yes Index Change: Yes	Explains that all supervisors have the same role in the Electronic Case Management system. Clarifies services requiring Supervisor approval and where the approval must occur (plan vs. authorization)
Section 2-2 Scope of Services Table of Contents Change: Yes Index Change: No	Clarifications in language specific to BEAM
Section 2-3 IL Equipment Table of Contents Change: Yes Index Change: Yes	Numerous updates including the addition of definitions, procedural changes to the purchase of DME, the bidding/RFQ process and approvals required
Section 3-1 Timelines for Eligibility Determination Table of Contents Change: No Index Change: No	Eligibility Extensions cannot exceed 60 days
Section 3-3 IL Case Status Codes and Definitions Table of Contents Change: No Index Change: Yes	Updates new status codes
Section 3-8 Financial Need and Client Resources Table of Contents Change: Yes Index Change: Yes	Clarifications in language specific to BEAM

Section/Subsection or Appendix Item	**Comments on Revisions**
Chapter 4: Rehabilitation Needs Assessment Table of Contents Change: Yes Index Change: No	Deletes information regarding the WRAP
Chapter 5: Rehabilitation Program Table of Contents Change: Yes Index Change: Yes	Updates sections of the IL Service Plan including documentation requirements in counselor comments
Chapter 6: Record of Service Outcomes Table of Contents Change: Yes Index Change: Yes	Updates procedures and status codes
Chapter 7: Post-Closure Services Table of Contents Change: Yes Index Change: Yes	Updates procedures and status codes
Appendix - Durable Medical Equipment Purchase Procedures - Charts A & B Table of Contents Change: No Index Change: No	Revised to show process in BEAM
Appendix – IL Closure Process Guide Table of Contents Change: Yes Index Change: Yes	Details procedures to follow to close cases

Date: **October 22, 2014**

Re: **Revisions to Volume VIII**

TRANSMITTAL: #2014-07

Effective: Immediately

Section/Subsection or Appendix Item	Comments on Revisions
Section 1-12: Invoice Processing Table of Contents Change: No Index Change: Yes	• Pharmacy Invoices: the prescription drug dispensing fee is automatic and the form is not in Beam but on the DVRS Intranet site • Invoice Numbering Convention: new system established to identify invoices that have no invoice number
Section 1-19: Supervisor Approval Table of Contents Change: No Index Change: No	Exceptions to sponsor more than three prescriptions requires supervisor approval and not Chief of Policy (revised based on service set-up in Beam)

Section/Subsection or Appendix Item	**Comments on Revisions**
Section 2-3: IL Equipment Table of Contents Change: Yes Index Change: No	• Purchase of equipment (including DME) under $500: Just need one quote (no RFQ) • Changes to Flow Charts (Appendix Entries): DME: Purchase Procedures – Chart B; and Non-Medical Equipment: Purchase Procedures – Chart B • New form was created that is attached to invoices for equipment – this goes to our fiscal services section first for review prior to going to the Controller's Office for payment • New subsection 2-3-5: Procedures to Purchase Durable Medical Supplies
Section 2-17-2: Vehicle Repairs Table of Contents Change: No Index Change: No	Policy on vehicle repairs is revised so that only "one" quote is required for vehicle repairs costing $750 or less. Greater than $750 still requires three quotes. Repairs exceeding $2500 require Chief of Policy approval.

Re: **Interim Policy and Procedure Directive #4-2014: Documents to be Signed and Retained in the Case Record**

TRANSMITTAL: #2014-08

Effective: Immediately

This policy directive identifies specific documents that must be printed and maintained in the hard copy case record. All documents that require a client/guardian signature must be printed in their entirety, signed by the client/guardian, and retained in the case record. There are other documents that must be printed and given to the client. For auditing purposes and consistency, these documents should also be copied for the case record.

Re: **Revisions to Volume VIII**

TRANSMITTAL: #2015-01

Effective: January 7, 2015

Section/Subsection or Appendix Item	Comments on Revisions
Subsection 2-12-3: Orthotics **Table of Contents Change: No** **Index Change: No**	• Clarifies that rates are subject to the fee schedule (DMA link) in Volume V. • Purchasing procedures and staff responsible (field vs. state office staff) are explained based on the cost of the item. • There is a new requirement to document the following statement in Counselor Comments on the plan: ""*Sole source of the vendor is warranted in accordance with Waiver section 01 NCAC 05b.1401 because a particular orthotic appliance is needed"*

Subsection 2-12-4: Prosthetics **Table of Contents Change: No** **Index Change: No**	• Clarifies that rates are subject to the fee schedule (DMA link) in Volume V. • Purchasing procedures and staff responsible (field vs. state office staff) are explained based on the cost of the item. • There is a new requirement to document the following statement in Counselor Comments on the plan: ""*Sole source of the vendor is warranted in accordance with Waiver section 01 NCAC 05b.1401 because a particular prosthetic appliance is needed"*
Subsection 3-8-1: Financial Needs Survey **Table of Contents Change: No** **Index Change: No**	Policy is revised to require that: Copies of bank account statements (checking and savings), a minimum of 3 months, must be obtained from all applicable family members. The amount in the account must be considered as an asset and recorded in Section D – Available Assets. This is part of the Divisions corrective action to the 2013-14 State Audit.

Re: **Interim Policy and Procedure Directive #1-2015: MFP Presumptive Eligibility**

TRANSMITTAL: #2015-03

Effective: Immediately

If an individual has been determined eligible for MFP the individual is presumed to be eligible for IL services. The MFP application and pre-transition checklist will suffice for verification of MFP eligibility. These documents must be maintained in the IL case record. Presumptive eligibility should be determined as quickly as possible, not to exceed 30 days from the date of the application.

Please refer to the Policy Directive for more detailed information and procedures.

Re: **Interim Policy and Procedure Directive #4-2016: Money Follows the Person (MFP) Presumptive Eligibility**

TRANSMITTAL: #2016-06

Effective: August 15, 2016

This revised Policy Directive replaces Interim Policy and Procedure Directive #1-2015: Money Follows the Person (MFP) Presumptive Eligibility.

Important changes in this update:

- Specifies the NC Division of Medical Assistance (DMA) criteria for MFP eligibility
- Explains MFP procedures required to comply with Federal timelines and ensure access to a system of community-based services and supports
- MFP funded services are exempt from determination of financial need; "MFP Waiver" is documented in the extenuating circumstances section of the Financial Needs Survey. If both MFP and IL funds are needed for the transition, the client will need to meet the financial needs test for IL funded services.
- MFP Presumptive Eligibility Documentation requirements will be posted in the August 11th Beam blog.

Please refer to the Policy Directive for more detailed information and procedures.
