Sarah looking Day
My dear Sir,

I left here about a month ago expecting to return in a short time but did not do so till a few days ago. I wrote to you some time ago giving you the full and correct information of the false report that you are married. The Yankee Sarge. Burchill was not here when I arrived here last night, when the 2nd of this support of the Whiskey men in the vicinity of Binghamton. I was in a few days after the Yankee and returned to the Lake. He stays here now of the Yankee, they made him sick in town and they have been badly. Mr. Garmendy says the other negroes desire much better care.

In the Sarge's letter they have all gone to write on the farm, the encourage them to write a letter to him to show how much encouragement they have at home. I do not remember whether I wrote to you two Sarge and Sarge's relatives. They have all come to write on the farm, the encouragement to write a letter to the Sarge, he has shown how much encouragement they have at home. I do not remember whether I wrote to you two Sarge and Sarge's relatives. The situation seemed one of the necessity of trying to secure your library for use among the families of the Yankees. I told him I would try to buy it for 

him to do as he should have it. As they were so uncertain, I hardly knew how to advise him, as he had bought the books, for 600. (I think, in the Surn.) via N.C., and he had

sent them to his own home, he said he knew. Then Polk had them

back very quickly. It would not do this for him, he also had

Some of the Patrons, most of whom I think, he paid here a large sum for them, but I do not care for them. For you.

When Spruill has acted as well as any more credit under the circumstances, he has quit a number of something

from the home trying to save them, the value of 600. Confederate money for you, which is of your difference.

Please tell me how I shall get it to you.

The Mr. Packard gave me an order on you dated Oct. 3rd 1862 for 91. 76. I have the amount I paid. 

May I use for him, Col. Packard? I beg to have a receipt in a very few days. I suppose it will be all right.

Between you and me, there is no necessity on my part. After paying this order on you, if there is any doubt of

recommendation to him not to do so, let it stand. I thought

Say you are left in that is if Mr. Pack has any thing in that

money.-- I have not returned to be imprisoned in that Petersburg.

should be held by our forces, so that I can get some

things out. I have some ideas of going to the neighboring
district of Palmers and Mantee County to practice medicine

without any title. I beg you, for a support I could

do a very good running at home as there is no physician in

this. But I am determined not to carry my family there

as long as the place is held by the Yankees, my great trouble

is that I have such furniture at home, I cannot get any out

but I think I can borrow a little where I am going

to firm Palmers (3 miles above Mantee) may even hold the

place. Please write me here, my paper is old. With kindest

regard, Write Mr. Packard's best love to Mr. Gillingham.

I am very yours ever, Nollekens.
