Young Historians Win Awards

(NOTE TO EDITORS: Award winners from your county are listed at the end of the release.)

October 8, 2020 (RALEIGH, N.C.) — Although this year has come with lots of changes for students and teachers across the state, the N.C. Museum of History has continued its Tar Heel Junior Historian Association (THJHA) awards. These awards recognized junior historians for outstanding projects submitted in THJHA contests, which encourage students to research the historical significance of people, places, and events in their own communities.

All winning projects are showcased in the exhibit History in Every Direction: Tar Heel Junior Historian Association Discovery Gallery, now open to visitors at the museum.

“Though we weren’t able to gather junior historians in person as we usually do for the Annual Convention, we were still able to join together virtually to announce the winners of our Annual Contests and celebrate the work of so many students across our state,” said Jessica Pratt, THJHA program coordinator. “Now that the museum has opened its doors to the public, we look forward to sharing the history that these junior historians have discovered with our visitors.”

Authorized by the North Carolina General Assembly in 1953, the Tar Heel Junior Historian Association is sponsored by the North Carolina Museum of History, part of the N.C. Department of Cultural Resources. The association is made up of a network of FREE clubs across the state, with members in grades 4–12. Each club must have at least one adult adviser.

Clubs may be sponsored by public, private, or home schools, or by other organizations such as museums and historical societies, 4-H groups, Boy Scouts, or Girl Scouts. Clubs can be any size, from one studentSCRIPPS NEWS WIRE

**Student, Chapter and Adviser THJHA Award Winners**

Awards are given for outstanding THJHA chapters and advisers, as well as student projects. Categories of competition include media projects, art projects, literary projects and essays, an artifact search, photography projects, and a state history quiz.

Projects encourage students to understand and appreciate our state’s heritage. Groups as well as individuals received awards.

**CHAPTER OF THE YEAR**
The **2020 Chapter of the Year Award** goes to **Piedmont Patriot Historians** from **Piedmont Community Charter School in Gastonia**. With their adviser Matt Richards at the helm, they have been active since 2012. During the 2019–2020 school year, they visited local sites of interest, such as Kings Mountain National Military Park and Cowpens National Battlefield, to name a few. The Piedmont Patriots also explored local history, including the Loray Mill strike of 1929 and Central School—a historic building from 1915 that is on their school’s campus. Although the club was originally created to bring students who shared a love for history together, they quickly doubled into a service organization that helps throughout the community. This year they teamed up with Shelby Chick-fil-A and the United States Marine Corps for their Toys for Tots initiative (for the eighth consecutive year!). They also partnered with the Schiele Museum of Natural History in Gastonia to help volunteer for events at the museum. Congrats again to this brilliant club! We can’t wait to see what you do next!

**ADVISER OF THE YEAR**
Our **Adviser of the Year for 2020** is **Rebecca Dunhem** of the **TFA NC Explorers**, from the **Fletcher Academy**. She first learned about the Tar Heel Junior Historian Association a few years ago and immediately became interested in participating. In her own words: “I saw the THJHA club as a great opportunity for my students to learn about their home state and to build a connection and pride in North Carolina’s rich history.” This year her club started with a foundation of studying artifacts and geography. They practiced using artifacts related to North Carolina history and wrote artifact analysis. From there, her students moved on to analyzing primary sources—including the North Carolina Charter of 1663—and were challenged to build their critical thinking skills in order to think like historians. Under leadership like Dunhem’s, it’s no wonder that her students brought home five awards from our Annual Contests!

**ROOKIE CHAPTER OF THE YEAR**
The Rookie Chapter of the Year award recognizes a first- or second-year club that gets off to a strong start, aligning its activities with the Tar Heel Junior Historian Association’s mission and goals. The **2020 Rookie Chapter of the Year Award** goes to the **Roots Club of SFL** at **Sandhills Farm Life Elementary School**. Founded in 2018, the Roots Club of SFL didn’t waste any time digging into the history of their 160+-year-old school and community’s agricultural roots! While learning about North Carolina in their fourth grade class, their belief is that by focusing on local history, they can make it even more meaningful and relevant. In the 2019–2020 club year, club members completed a scavenger hunt using old North Carolina and Moore County maps given to them by the Moore County Historical Society. They also worked on their THJHA Annual Contest skills by learning from a guest photographer who spoke about basic photography skills and photo composition. From there, students took their new skills and used them to photograph historical places and artifacts from their community. You can see their winning entries in this gallery!
