

basketball cup

supplies
Cup handout
scissors, tape, ruler
12" piece of string
large bead

to make

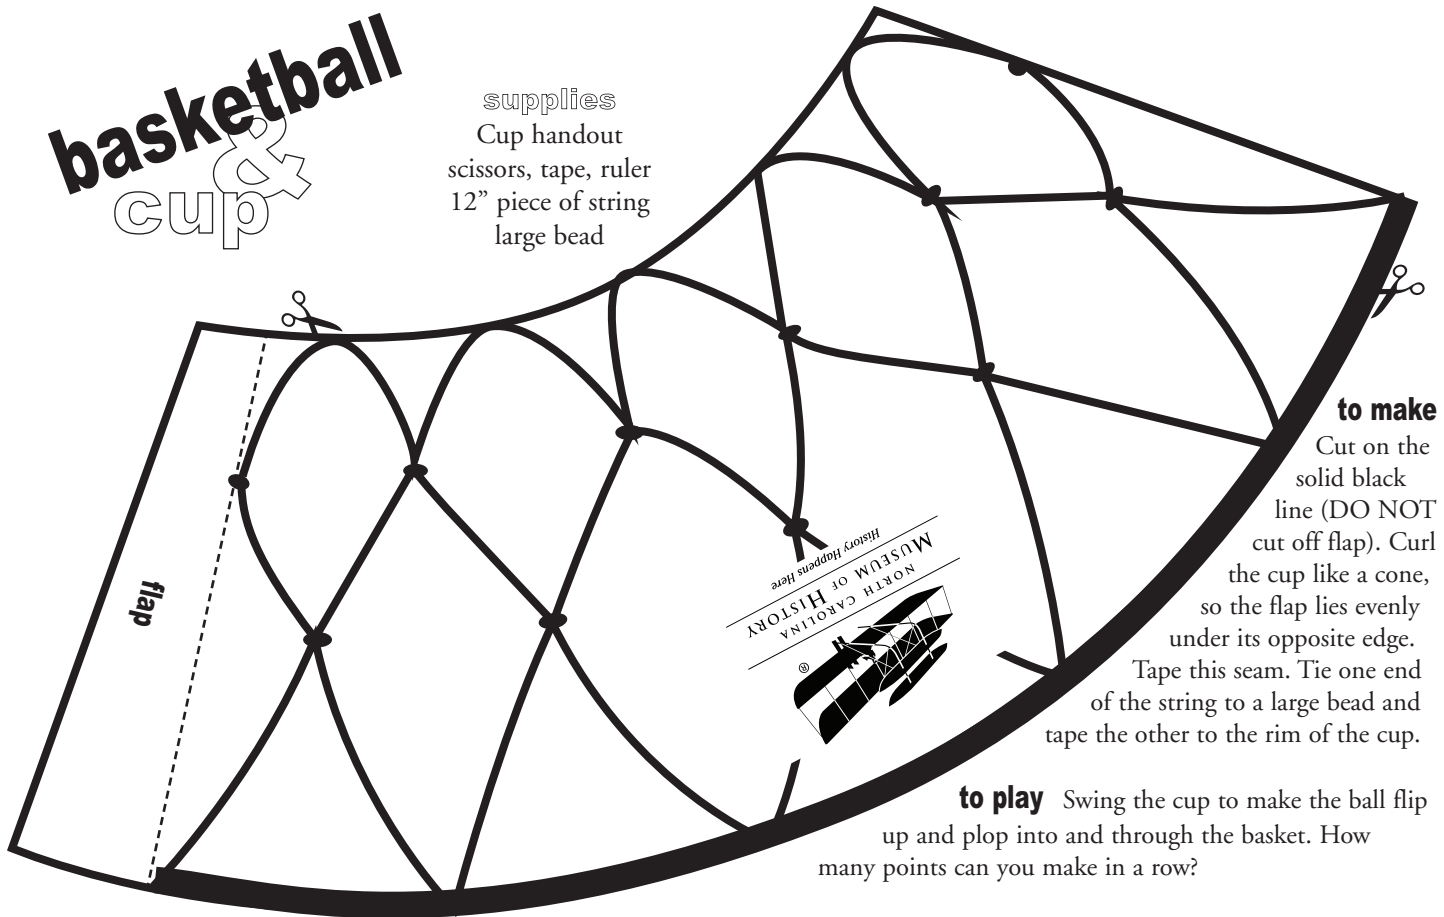

Cut on the solid black line (DO NOT cut off flap). Curl the cup like a cone, so the flap lies evenly under its opposite edge. Tape this seam. Tie one end of the string to a large bead and tape the other to the rim of the cup.

to play

Swing the cup to make the ball flip up and plop into and through the basket. How many points can you make in a row?
