Re: Announcement of 2018-2019 Library Services and Technology Act (LSTA) Grant Opportunities

The State Library of North Carolina is pleased to announce the LSTA Grant Opportunities for 2018-2019.

Libraries are invited to apply for funding that supports a new or improved program or service that will solve a specific problem or meet an identified need of the library’s current or potential users. This competitive grant program allows libraries to focus on meeting their users’ needs by developing a project that has a user focused need statement, defined outcomes, a timeline with a series of actions spread out over the funding period, and an evaluation that measures how well the outcomes were met.

EZ Grants are for single year projects. The minimum that may be requested is $5,000; the maximum is $50,000.

Project Grants are for more complex projects that may be single or multi-year and are funded at a higher level than EZ Grants. The minimum that may be requested for a Project Grant is $50,000; the maximum is $100,000 for single year projects and $150,000 per year for multi-year projects.

Funds for this program are awarded from the Institute of Museum and Library Services under the provisions of the federal Library Services and Technology Act as administered by the State Library of North Carolina, a division of the Department of Natural and Cultural Resources.
