Purpose of the 21st CCLC Competitive Summer Mini-Grant:

Due to the emergency of the Coronavirus pandemic and extended public school closures, NCDPI will use expiring grant funds to fund a 21st CCLC Competitive Summer Mini-Grant Program to support students who have experienced significant disruptions to learning as identified by stagnant or declining academic progress during the 2020-2021 school year.

21st CCLC Competitive Summer Mini-Grant Programs must provide:

1. Intentional activities focused on closing the identified student learning gaps in math and/or reading further widened by COVID-19 within their districts.

2. Quality multi-disciplinary enrichment opportunities whereby the student must use academic skills from multiple subject areas. Enrichment activities should also broaden students’ experiences by including the arts, recreation, health, and cultural activities.
How is the 21st CCLC Grant Program Different from other Federal Programs?

• Formula grants are awarded to State educational agencies, which in turn manage statewide competitions and award reimbursement grants to eligible entities

• 21st CCLC Eligible entities include:
  – Local educational agencies;
  – Community-based organizations;
  – City or County government agencies;
  – Faith-based organizations;
  – Institutions of higher education; and

Eligibility to Apply: All Applicants

- An organization serving in the role of the primary fiscal agent may only apply for one 21st CCLC Grant; even if the organization is proposing to serve multiple counties or communities, they are only eligible to submit one grant application.

- **An entity may not apply on behalf of another.** The agency completing the application and submitting through CCIP must be the operator of the 21st CCLC Program. Grant awards will be paid to the subgrantee listed in the application. All bank accounts, correspondence and documentation must use the subgrantee name for the duration of the program.

Tips – To Prepare

• Read and Understand the RFP Guidance before starting.
• Download and review all Required and Optional Documents so that you have time to obtain and complete the required commitments and supports
• Read the scoring rubric to be used in the grant review process very carefully so you understand what the reviewers will be looking for and if your program model is a good fit for this RFP.
Tips – To Develop Your Application

• Clearly identify the academic, attendance, or behavioral needs of targeted at-risk students with your LEA or school partners.
• Identify partner schools and develop a partnership agreement with school principals that describes the roles/responsibilities of the non-profit and the schools in implementing the program model for the students needing additional academic support.
• Be clear about your “end in mind” for targeted students in terms of desired outcomes to be measured (how you will use data to monitor student progress on key outcomes).
• Be clear about your program model (use of logic model to show how it works).
Tips – To Finalize Your Application

• Use the rubric to help frame how each section is written and entered into the CCIP (consider organizing your content to align with the rubric dimensions).

• Before you submit, have your colleagues or partner school principals review your draft application against the rubric and give you feedback about where it is unclear.

• Make sure your budget is aligned with the program model and number of students projected to be served.
