Policy Manual Activity

• Child Find Obligations Require a Response!
• What type of response is required and how might an error affect your Charter LEA? Use the Hints:
  – Requests for assessments/timelines
  – Researched-based interventions
Questions to Ask

• How are we responding to concerns raised by parents?

• Do we explain to parents the process of making requests for evaluation in writing?

• How are we responding to independent evaluations brought to us by parents?

• How are we responding to concerns expressed by staff?
Process for students with active IEPs enrolling in your school

TRANSFER STUDENTS

In-State Transfers

If a student enrolls in a school and has an IEP that was in effect in a previous LEA in the State…

TIPS for Compliance

Child Find and Transfers

• Be sure that the posters and brochures for Child-find are readily available and visible
• Include Child-find and Transfer information in your parent/Student Handbook
• Provide links on your Charter’s web site to the NCDPI-EC page for Child Find Information and Transfer students
• BE PREPARED to provide all services
• BE PREPARED for the student with high cost needs
Consider these statements:

“We only do total inclusion.”

“We believe in full inclusion.”

“Your traditional LEA has more options…”

“We don’t have a (insert any provider) to provide (insert any service.)

“We only provide speech two times a week.”
Policy Manual Activity

• Why should a Charter be careful of those types of statements?
• Use the policy manual to locate the laws/policies that might provide further information
  – Hints: LRE, Continuum of services, and FAPE
CONTINUUM OF PROGRAMS, SERVICES, AND PLACEMENTS
Continuum of Services

Charter Schools are the LEA

- Each LEA shall make available a continuum of programs, services and placements for each child with a disability in accordance with the provisions of 34 CFR 300.550 through 300.556.

16 NCAC 6H.0007
The “continuum” must—

- Include the alternative placements listed in the definition of special education under § 300.17
  - regular classes
  - special classes
  - special schools
  - home instruction
  - instruction in hospitals and institutions
Charter Schools must…

- Ensure that each student with a disability receives a Free Appropriate Public Education (FAPE)
- In the Least Restrictive Environment (LRE) that is appropriate for that student
- With frequency, duration and location of services determined by the IEP team

Services must be based upon the unique needs of the individual student
NC 1501-2.9 Change to IEP Team.
Blurb from policy

THE IEP TEAM

NC 1501-2.9
Consider these statements:

“We don’t need to have the general education teacher attend.”

“We have the principal come in at the end of the meeting just to sign the documents.”

“I sent a notice and she never responded, so we met without the parent.”
Policy Manual Activity

- What is an IEP team?
- Who are the required members?
- Does the LEA representative need to attend and who will that be for your Charter LEA?

- Hints: IEP Team membership, LEA Representative
IEP Team Membership

The parent(s)

NC 1500-2.24
34 CFR 300.30
Not less than one general education teacher of the child;
Not less than one special education teacher of the child;
An individual who can interpret the instructional implications of evaluations;
A Representative of the LEA Who -

- Is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities;
- Is knowledgeable about the general education curriculum, and
- Is knowledgeable about the availability of resources of the public agency (charter school).

NOTE: The LEA representative must have the authority to commit resources of the school. The individual will also make the decision for the IEP team when consensus cannot be met.
TIPS for Compliance
Continuum of Services and the IEP Team Meeting

• All decisions about an IEP are made by a legally comprised IEP team—support opportunities for staff and parental participation
• Support efforts to ensure parental participation
• Decisions about services and assessments are based on the individual, unique needs of the child,
  – Not based on administrative convenience, schedules, personnel, or monetary resources
• BE PREPARED to provide all required services and meet the needs of the student
Addressing behavioral support needs and discipline for students receiving special education services
Consider these statements:

“We don’t have anyone to help with challenging behaviors.”

“We think you can just take him home for now…but it’s not a suspension.”

“The behavior is difficult, but we don’t need to have goals in that area.”

“I want to suspend him/her for 20 days and I want him/her out of the school.”
Policy Manual Activity

• Are there any special rules for students with disabilities?

• Use the Policy Manual
  – Hints: Functional Behavior Analysis, Behavior Intervention Plan, Suspension, and Manifestation Determination
Positive Behavioral Interventions and Supports, Functional Behavior Assessments (FBAs) and Behavioral Intervention Plans (BIPs)

- The use of positive behavioral interventions and supports must be considered in the case of a child whose behavior impedes his or her learning or that of others 34 CFR § 300.324(a)(2)(i)
- FBAs, BIPs, and modifications designed to address the child’s behavior are required when the child’s IEP Team determine that a student’s conduct was a manifestation of his or her disability 34 CFR § 300.530(e)
Count the Days!!

- School authorities may take disciplinary action for the student with a disability in the same manner as they would for general education students for a total of 10 days
- Once you are moving beyond the 10 days, the LEA’s responsibilities change
LEA Responsibilities after the 10 days

- Consider whether or not the disciplinary action is a “change of placement”
- Provide any necessary services
Important questions and certifications

HIRING STAFF
Special Education Teachers

Employ licensed, highly qualified EC teachers

While charter schools have some discretion regarding the employment of non-certified regular education teachers, this does not apply to special education teachers. These teachers must be licensed by North Carolina in the area of Special Education.

Employ an Administrator to serve the important role of LEA REPRESENTATIVE

- Is qualified to provide, or supervise the provision of, specially designed instruction to meet the unique needs of children with disabilities;
- Is knowledgeable about the general education curriculum, and the availability of resources of the public agency (charter school).

NOTE: The LEA representative must have the authority to commit resources of the school. The individual will also make the decision for the IEP team when consensus cannot be met.
TIPS for Hiring

Be sure that your staff fully understand and have procedures for:

• Meeting Child Find requirements
• Monitoring days of removal and following the discipline/behavior support requirements for EC students
