We would like thank everyone who participated in the nomination and selection process at all levels. Our special appreciation is extended to the following:

**BURROUGHS WELLCOME FUND** – The Burroughs Wellcome Fund (BWF) is an independent private foundation dedicated to advancing the biomedical sciences by supporting research and other scientific and educational activities. Within this broad mission, BWF seeks to help scientists early in their careers develop as independent investigators and to advance fields in the biomedical sciences that are undervalued or in need of particular encouragement. BWF was founded in 1955 as the corporate foundation of Burroughs Wellcome Co., the U.S. branch of the Wellcome pharmaceutical enterprise, based in the United Kingdom. In 1993, BWF received a $400 million gift from the Wellcome Trust to become a fully independent foundation.

**FLOW AUTOMOTIVE, LLC** – Don Flow, CEO, of Winston-Salem donated a one-year lease on a vehicle for the North Carolina Teacher of the Year. Support of the recognition program highlights the company’s appreciation and commitment to public education and teachers across our state. The Department of Public Instruction greatly appreciates their generosity.

**SMART TECHNOLOGIES** – Over the last twelve years SMART Technologies has honorably supported the State Teachers of the Year recognition programs across the United States through the Teaching Excellence Award (TEA) Program. SMART Technologies understands how important a seamless integration of technology products is to a successful learning environment for today’s generation of educators and those to come in the future. In support of this vision, the company donates a comprehensive technology package to the North Carolina Teacher of the Year designee and a secondary package for the other eight regional finalists.

**THE CENTER FOR INTERNATIONAL UNDERSTANDING** – The Center for International Understanding serves North Carolina by promoting awareness, expanding understanding, and empowering action through global education. CIU’s programs for business, policy, and education leaders aim to make North Carolina the most globally engaged state in the nation. Founded in 1979, CIU is part of the University of North Carolina system.

**LENOVO** – Lenovo is committed to supporting educators. As the number one PC company in the world and a global industry leader in the education market, Lenovo is committed to making a sustainable difference in support of teachers, students, classrooms, and education-related initiatives through innovative products and solutions, community investments, and collaborative partnerships. With over 2,200 employees at its Morrisville headquarters and Guilford County manufacturing center, Lenovo is proud to call North Carolina home.

CLOSING AND ADJOURNMENT

DR. YVETTE STEWART • Assistant Director, Educator Effectiveness
North Carolina Department of Public Instruction
Since 1970, North Carolina has participated in the North Carolina Teacher of the Year program recognizing its outstanding teachers. The North Carolina Department of Public Instruction, along with its sponsors, recognizes teachers at the school, district, regional, and statewide levels. First, individuals are chosen to represent their respective schools as Teacher of the Year, then they advance to compete at the district level. Once the district selections have been made, the winners vie as one of the state’s nine Regional Teachers of the Year. This selection process is facilitated in each region by Regional Education Facilitators representing the Educator Effectiveness Division at the North Carolina Department of Public Instruction.

Similarly, individual charter schools nominate Teachers of the Year who participate in a selection process facilitated by the Office of Charter Schools at the North Carolina Department of Public Instruction. Charter Schools are clustered together to form the ninth region of the state. After the district and charter school nomination processes are completed, the Charter School Teacher of the Year joins the Regional Teachers of the Year team as a finalist for the state Teacher of the Year.

Selection of the individual who will represent North Carolina and serve as a spokesperson for all teachers in our state is a challenging task. The state selection committee members are chosen based on their dynamic public record in support of education. The North Carolina Department of Public Instruction and the State Board of Education take pride in celebrating the most innovative and effective public school educators in our state.
