DEFINITION OF TERMS

1) **ABCs Flexibility** – In **SL 1995-450**, the General Assembly approved a law to give the State Board of Education the authority to implement the ABCs. The ABCs assign more responsibility at the school building level and allow schools flexibility to use funds as they are most needed at the school.

2) **Add-on** - Categorical dollars allocated over and above the base allotment.

3) **Allotted ADM** - The higher of the first two months total projected ADM for the current year or the higher of the first two months total prior year ADM.

4) **Apportionment of Local Funds** - The certification of the distribution of local current expense funds by the State Board of Education when there is more than one LEA in a county.

5) **Average Daily Membership (ADM)** - The sum of the number of days in membership for all students in individual Local Education Agencies (LEAs), divided by the number of school days in the term.

6) **CFDA #** - A number that is assigned to each federal program for which a grant is awarded. The Catalog of Federal Domestic Assistance contains information for all federal grant programs such as grant authorization, who is eligible to apply, etc.

7) **Carryover** – Funds appropriated but unspent in the first fiscal year that are brought forward for expenditure in the succeeding fiscal year. Most allotments that carry over must be approved annually by the State Budget Office.

8) **Categorical Allotments** – Local school systems may use this funding to purchase all services necessary to address the needs of a specific population or service. The local school system must operate within the allotted funds. These funds may be used to hire personnel such as teachers, teacher assistants, and instructional support personnel or to provide a service such as transportation, staff development, or to purchase supplies and materials.
   a) **Examples**: At Risk Student Services, Transportation, and Children with Disabilities.

9) **Charter Schools** – A public school operated by a group of parents, teachers, and/or community members as a semi-autonomous school of choice within a school district operating under a "charter" with the State Board of Education. The final approval of all charters is granted by the State Board of Education. Charter schools are designed to give significant autonomy to individual schools and in turn hold these schools accountable for results.

10) **Dollar Allotments** – Local school systems can hire employees or purchase goods for a specific purpose, but the local system must operate within the allotted dollar amount.
   a) **Examples**: Textbooks, Central Office Administration, Teacher Assistants.

11) **Dollars per ADM** - LEA's Initial Allotments divided by the allotted ADM for that LEA. Charter schools receive an amount equal to the state funded dollars per ADM for the LEA in which the school is located or (for new charters) in which the student was previously enrolled.
12) **Dollars per Child Count** - Funds generated for school-aged children with special needs divided by the LEA's April 1 total child count (not capped). Charter schools receive an amount equal to the LEA's state funded dollars per child count for the LEA in which the child was identified.

13) **ESEA** - Elementary and Secondary Education Act of 1965. This act was amended by the No Child Left Behind Act of 2001 and the Every Student Succeeds Act of 2015.

14) **Full-time Equivalent (FTE)** - Sum of part-time positions employed when added together equate to a full-time position used within a classification.
   
   i) **Example:** Two one-half time positions equate to one full-time equivalent position.

15) **Grade Level Proficiency** – Performance standards, called achievement levels, are one way that scores on the North Carolina End-of-Course Tests are reported. Students that score at or above Level III are considered to be grade level proficient and at or above Level IV are considered to be on track for career and college readiness. Listed below are the five achievement levels:
   
   a) **Level I:** Students performing at this level have a limited command of grade-level knowledge and skills in the tested content areas.
   
   b) **Level II:** Students performing at this level have a partial command of grade-level knowledge and skills in the tested content areas.
   
   c) **Level III:** Students performing at this level have a sufficient command of grade-level knowledge and skills in the tested content areas to move on to the next grade but who may need additional support to be on track for career and college readiness.
   
   d) **Level IV:** Students performing at this level have a solid command of grade-level knowledge and skills in the tested content areas to move on to the next grade and are on track for career and college readiness.
   
   e) **Level V:** Students performing at this level have a superior command of grade-level knowledge and skills in the tested content areas to move on to the next grade and are on track for career and college readiness.

16) **Handicapped (Children with Disabilities)** – Mentally retarded, hearing impaired, deaf, speech/language impaired, visually handicapped, autistic, behaviorally/emotionally disturbed, orthopedic impairment, other health impaired, traumatic brain injury, deaf-blind, multi-handicapped, or specific learning-disabled students who need special education and related services.

17) **Headcount/Child Count** - This term refers to the process of actually counting the number of pupils who are defined as Children with Special Needs or Limited English Proficient. For state purposes, children with special needs include handicapped and pregnant students.
   
   a) For federal purposes, children with special needs include only the handicapped.
   
   b) The federal government requires child counts of children with special needs who have been properly identified, are receiving special education and related services on the child count day, and have an individual education plan (IEP) or an individualized family service plan (IFSP). The December 1 IDEA Title VI-B Handicapped child count includes those children ages 3 to 21 who are being served by LEAs, charter schools, or state-operated programs. State law requires an adjusted child count on April 1 of children ages 5 to 20 who are being served by LEAs or charter schools and ages 3 to Pre-K-5 for Preschool handicapped funds. The April child count includes additions or
deletions to the December 1 child counts and is used for state funding purposes.

18) **IDEA** - Individuals with Disabilities Education Act replaced the EHA - Education of Handicapped Act for Title VI-B. Includes Title VI-B and Title VI-B Preschool Handicapped.

19) **Initial Allotments** – The allocation of state and federal funds to LEAs occurring after adjournment of the General Assembly.

20) **Months of Employment** - A unit of employment corresponding to a calendar month. The state allots a certain number of months of employment which can be assigned to a position, or a portion of a position, at the discretion of the LEA. Months of employment pertain to all position allotments which include Career Technical Education and School Building Administration (Assistant Principals).
   
a) **Example**: If an LEA is allotted 100 months of employment, that LEA can hire 10 Career Technical Education teachers for 10 months; or 8 teachers for 12 months and 1 teacher for 4 months; or any other combination which equals 100 months. Each allotment category must be reviewed for any special restrictions.

21) **PR/Award** – A unique, identifying number assigned to each application. This is commonly known as the “grant number” or “document number”.

22) **Planning Allotments** – The tentative allocation of state and federal funds to LEAs to provide information for budgeting purposes. These allotments occur during February, preceding the fiscal year for which the initial allotment will be made.

23) **Positions** - Positions equate to the full-time equivalent individuals that can be assigned for the employment period represented by the allotment category. For example, a position in the classroom teacher allotment represents an employment period of 10 months. The number of full-time equivalent individuals that can be employed is limited to the number of months associated with the positions allotted by the state.

24) **Position Allotments** – The state allots positions to a local school system for a specific purpose. The local school system pays whatever is required to hire certified teachers and other educators based on the State Salary Schedule, without being limited to a specific dollar amount. Each local school system will have a different average salary based on the certified personnel's experience and education. For more information see the State Salary Schedule Manual.
   
a) **Example**: Teachers, School Building Administration (Principals) and Instructional Support Personnel.

25) **Power School** - A web-based student information system. Power School provides the full range of features needed by administrators at the district and school level for student accounting. The system is developed by Pearson Education, Inc.

28) **School** - An organizational subdivision of a school system consisting of a group of pupils
composed of one or more grade groups, organized as one unit with an assigned principal, or person acting in the capacity of principal, to give instruction of the type defined in the NC Standard Course of Study, and housed in a school plant of one or more buildings. (See definition of charter school.)

29) **Student Accounting** - The data collection regarding student enrollment, membership, attendance, and withdrawal from membership in the public schools. Power School is the official student information system by which this data is reported to the Department of Public Instruction.

30) **Tydings Amendment** - Federal law provides that certain federal funds not obligated during the first year of allotment shall remain available for obligation and expenditure for one additional year. Federal grant periods vary; therefore, each grant must be reviewed to determine if the Tydings Amendment will apply. Since the federal fiscal year begins October 1st and the state fiscal year begins July 1st, many grant periods can be active up to 27 months when provisions of the Tydings Amendment are applicable.

31) **UERS** – Uniform Education Reporting System. UERS is the comprehensive system by which LEAs and Charter schools report data electronically to the Department of Public Instruction. Some components of UERS include SIMS (Student Information Management System) and expenditure reporting in compliance with the [Uniform Chart of Accounts](#).

32) **Year-Round Education** - Reorganization of the school calendar into instructional blocks with vacations distributed across the calendar year so that learning is continuous throughout the year.

- Social Security: 7.65% for the entire year.
- Retirement: 18.86%

Effective July 13, 1989, a person must be a permanent employee as defined in the North Carolina Public School Benefits and Employment Policy Manual, and must be employed for
thirty or more hours per week in order for an LEA to submit the employee for enrollment in the
State Retirement System and the State Health Insurance System. Charter schools may elect to

school decisions to enroll in the State Retirement System and State Health Insurance system are
final.

Effective July 1, 1995, all employer salary-related contributions for full-time permanent
employees, including hospitalization benefits, shall be prorated based on the actual percentage
employed in each expenditure code.

**APPORTIONMENT OF LOCAL FUNDS**

In accordance with GS 115C-430, if there is more than one LEA in a county, all appropriations
by the county to the local current expense funds of the LEAs, except appropriations funded by
supplemental taxes levied less than county wide, must be apportioned according to the
membership of each LEA. Membership for each LEA will be based on the allotted ADM.
Students residing outside the county will be deducted from membership before the
apportionment of local funds is calculated.

Membership for city LEAs located in more than one county will be divided on a percentage basis
according to the number of students residing in each county at the end of the second school
month of the prior year.

If a Charter school is established within an LEA whose borders extend into more than one
county, a breakdown of student membership for each of those counties will be obtained from the
Charter School. This information will be used to calculate the revised ADM figures for the per
capita distribution of local funds for the school system. As of the 2004-05 school year,
Kannapolis City Schools and Nash-Rocky Mount Schools have borders that extend into more
than one county.

To comply with the School Budget and Fiscal Control Act, the membership for the subject LEAs
will be determined and certified to the LEA and the board of county commissioners by the
Division of School Business.

**TEXTBOOKS FOR THE VISUALLY IMPAIRED**

LEAs may order Braille, large print and audio-cassette tape copies of textbooks for children with
disabilities who Individualized Education Programs state that such modified textbooks are
necessary to meet their unique learning needs.

Orders for modified textbooks must be submitted to the State Textbook Warehouse. These
orders will be filled on a first-come first-served basis until the available state funds have been
depleted. Once the fund for modified textbooks has been depleted, LEAs can use their textbook
credit balance account to purchase modified textbooks.

Textbook Services shall have the authority to recall the modified textbooks for redistribution.
when no longer needed by children with special needs in any LEA.

Local boards of education may [GS 115C-98(b2)]:

1. Select, procure, and use textbooks that have not been adopted by the State Board of Education for use throughout the local school administrative unit for selected grade levels and courses; and

2. Approve school improvement plans developed under GS 115C-105.27 that include provisions for using textbooks that have not been adopted by the State Board of Education for selected grade levels and courses.

All textbook contracts made under this subsection shall include a clause granting to the local board of education the license to produce Braille, large print, and audiocassette tape copies of the textbooks for use in the local school administrative unit.

MERGED LEAS

If two or more LEAs are consolidated into one LEA, the following allotments shall not be less than those same allotments to the separate LEAs for the first and second full fiscal years of the consolidation and shall be used for the continuation of the positions and programs, except as specifically authorized by the State Board of Education.

1. Central Office Administration
2. Career Technical Education Months of Employment
3. Children with Special Needs - Preschool Handicapped
4. Limited English Proficiency

Additionally, individual LEAs with June 30 allotment balances that are subject to carryover provisions will be consolidated by respective category for all LEAs within the merger and re-allotted in total to the consolidated LEA.

For additional information related to minimum local funding of merged LEAs, see GS 115C-68.1, as enacted by the 1991 General Assembly.

ALLOTMENT ADJUSTMENTS FOR ADM GROWTH

PURPOSE:
The contingency reserve was established to support the average daily membership (ADM) based allotments. The reserve is to be used in cases where first month Average Daily Membership exceeds the original anticipated ADM used for allotments. Increases will be made in the Classroom Teacher, Instructional Support, Non-instructional Support, Teacher Assistant, Classroom Materials and Supplies, Textbook, and Career Technical Educational Program Support categories as applicable.

OBJECTIVE:
In administering this allotment, the intent is to first ensure that adequate school-based resources are provided to meet the average daily membership as of the first month of school, per LEA request. The reserve will be allotted to LEAs on a case-by-case basis according to need.
Secondly, (within available state funding) the reserve will be utilized to relieve class size overage problems as they may occur during the school year after the allotment adjustment for ADM growth. In the case of class size overage adjustments after the first month, allotments will only be made for regular teachers as authorized by GS 115C-301.

ADMINISTRATION:

These adjustments are to ensure that adequate school-based resources are provided (within appropriated funding/formulas) to meet the requirements after the first month of school per LEA request.

The allotment adjustments are based on first month average daily membership reports as submitted by the LEAs to the Division of School Business.

After the first month of school, an LEA can request additional resources due to extraordinary student population growth that results in significant class size overage problems. Each request will be reviewed based on the criteria outlined below:

- The LEA's current month Average Daily Membership (ADM) will be compared to the LEA's Allotted ADM.
- Overall growth must be at least 2% or 100 students and the growth must have created significant class size overage problems that cannot be resolved by the LEA.
- Less growth will be considered if the growth and class size problem occurs within a specific grade or grade spans K, 1-3, 4-8, 9-12, or within classes for children with disabilities.
- Individual school class sizes and the type of class structures (blocked, combined, etc.) will be examined. If reorganization or class restructuring can absorb the growth, additional allocations will not be made.
- The LEA must show a need for funding not already included in the regular ADM teacher allotment or children with disabilities programs.
- With receipt of an LEA's request, the Department of Public Instruction will verify that sufficient State resources are available to meet the LEA's request and will notify the LEA:
  - If additional funding will be allotted to cover the LEA's ADM growth, or
  - If the LEA's request for additional funding for ADM growth has been denied.

Additional funds will be allotted, within available funds, on a case-by-case basis. The State Board of Education, in accordance with GS 115C-416, may specifically authorize use of the reserve (within available state funding) on a case-by-case basis where additional resources are required to meet legislative mandates.

**ALLOTMENT ADJUSTMENTS FOR ADM DECREASES**

**PURPOSE:**

1. The following applies to LEAs which are in counties not designated under a major disaster declaration by the President of the United States under the Stafford Act as a
result of Hurricane Florence:

a. In accordance with SL 2007-32, Section 7.15(b), decreases to allotments must be made if the original anticipated ADM used for allotments exceeds the higher of the first or second month Average Daily Membership (ADM) by at least 2% or 100 ADM.

(2) The following applies to LEAs which are in counties designated under a major disaster declaration by the President of the United States under the Stafford Act as a result of Hurricane Florence:

a. In accordance with SL 2018-136, Section 5.1, decreases to allotments shall be made if the original anticipated ADM used for allotments exceeds the highest ADM of months 1, 2, 3 or 4 by at least 2% or 100 ADM.

The funds from this adjustment will be added to the ADM Contingency Reserve to be used in cases where first month Average Daily Membership exceeds the original anticipated ADM. Decreases are made in the Classroom Teacher, Instructional Support, Non-instructional Support, Teacher Assistant, Classroom Materials and Supplies, Textbook, and Career Technical Educational Program Support Categories as applicable.

OBJECTIVE:

In administering this reduction, the intent is to redistribute funds to ensure that adequate school-based resources are provided to meet the average daily membership as of the first semester of school.

ADMINISTRATION:

The allotment adjustments are based on the average daily membership reports as submitted by the LEAs to the Division of School Business. The School Allotment Section will select the higher ADM of the appropriate months in (1) or (2) of school ADM to determine if a decrease in funding is required. Each LEA will be reviewed based on the criteria outlined below:

- The LEA's highest of (ADM) month in (1) or (2) will be compared to the LEA's Allotted ADM.
- Overall decrease must be at least 2% or 100 students to require an adjustment.
- The reduced allotment shall be based on the highest month of (1) or (2) month ADM plus one-half of the number of students overestimated in the anticipated ADM.

SPECIAL SMALL SCHOOLS

STATUTORY REFERENCE: SL 2008-107, Section 7.20

Additional classroom teachers may be allotted within available funds based on the following provisions and upon request by the superintendent to the Division of School Business:

1) Qualifying Programs Schools
   a) Regional Programs: Special allotments may be made for assignment to regional programs serving public school students with disabilities. These programs must serve students from more than one LEA.
   b) Hospitals, Special Programs, and Institutions: Special allotments may be made for assignment to hospitals which offer an educational component to students under their treatment.
   c) Small Schools: Special allotments may be made for assignment to small schools of less than 110 ADM, when consolidation is not feasible due to geographic isolation.

2) Qualifying Conditions:
   a) Consideration will be given to small, geographically isolated schools over other qualifying programs and schools.
   b) The LEA must show a need for funding not already included in the regular ADM teacher allotment or children with disabilities programs.
   c) The special small school allotment must not take the place of local efforts or result in a duplication of positions or funds allotted under the regular ADM teacher allotment or children with disabilities programs.
   d) All regular positions earned on ADM at those sites must be used to directly serve the program for which the allotment is requested.
   e) Proper assignment of regular ADM and children with disabilities funds must be documented before a special small school allotment can be approved.

3) Continuation of Allotments: Special allotments are made on a year-by-year basis; however, special allotments will be continued for institutions and hospitals unless the following occurs:
a) The program has been discontinued.
b) A reduction in the number of students has occurred in the program which makes the allotment unnecessary.
c) State funding is not appropriated for this purpose.

4) Allotment Appeals Process: The approval/denial of a request for a special small school allotment will be made initially by the School Allotments Section, Division of School Business. LEAs wishing to appeal a denial of their request may do so in writing to the Office of the Associate Superintendent of Public Instruction. A final appeal for consideration may be made to the State Board of Education.

5) Employment of Allotted Personnel: Special small school allotments go to the requesting LEA, not to the institution or hospital where the teacher is assigned. Therefore, teachers allotted through a special small school allotment are employees of and should be supervised by the receiving LEA.

6) Assigned Duties of Allotted Personnel: Teachers employed through the special small school allotment may not be assigned duties unrelated to the purpose for which their position was allotted or duties which enhance the profitability of the institution or hospital to which they are assigned.

NORTH CAROLINA VIRTUAL PUBLIC SCHOOLS (NCVPS)

STATUTORY REFERENCE: SL 2011-145, Section 7.22

Beginning with the 2011-12 school year, NCVPS will be funded by an allotment formula that recognizes the effects of e-learning courses projected enrollments with other ADM based allotments. The funds transferred through the allotment formula will fund the NCVPS program at no cost to students enrolled in North Carolina public schools, Department of Defense schools, and schools operated by Bureau of Indian Affairs.

NCVPS Allotment Formula:

1) Project the NCVPS student enrollment for each LEA by semester and year-long course type for each LEA and charter school.

2) Establish a per course teacher payment structure for the instructional costs of NCVPS. Based on:
   a) Total compensation analysis taking into account salaries, benefits and work effort to ensure comparisons between occupations.
   b) The effects any change in NCVPS teacher payments may have on the attraction and retention of NCVPS teachers.

3) Develop a per student fee structure for in-State students that is based on the per course teacher pay structure. The fee structure for in-State students shall ensure that the projected cost for the LEA units and charter schools equal the projected instructional cost for NCVPS courses.

4) Multiply the per student course fee by the projected enrollment by course type to calculate
the total projected instructional cost.

5) The dollar amount transferred is 75% of the projected instructional cost.

6) No later than February 28 of each year calculate the actual instructional cost based on actual enrollment as of that date. [SL 2013-360, Section 8.9(b)]

7) Subtract the actual amount transferred from the actual instructional cost. The remaining dollar amount up to a maximum of 100% of the projected cost is transferred.

8) Reduce each LEA’s allotment on the basis of ADM grades 6-12 to provide the sum for State-level operations and administration of NCVPS.

9) Beginning FY 2012-2013 and annually afterward this reduces each LEA or charter schools allotment on the basis of ADM in grades 6-12 an amount that is the difference between $2,000,000 and the balance in the NCVPS enrollment reserves.

10) **SL 2012-142, Section 7.12** provides the ability to use different funding sources to pay for NCVPS courses. The only funds that may be used for the instructional costs of NCVPS are the following:

    a) Funds provided through the North Carolina Virtual Public Schools Allotment Formula.
    b) Funds provided through the NCVPS enrollment reserve as set forth in this section.
    c) Local funds.
    d) Federal funds.
    e) Special State Reserve Funds for Children and Youth with Disabilities.
    f) ADM Contingency Reserve.

CHARTER SCHOOLS (PRC 036)

PROGRAM REPORT CODE: 036
UNIFORM CHART OF ACCOUNTS CODE: XXXX-036-XXX
STATUTORY REFERENCE: GS 115C, Article 14A
SL 2001-424, Section 28.20

TYPE: Dollars
TERM: July 1 - June 30
PURPOSE: Provides state funding to charter schools based on the students attending the school.
ELIGIBILITY: All charter schools approved by the State Board of Education.
FORMULA:

Funding for an existing charter school is based on the dollars per ADM of the LEA in which the school is located. Funding for new charter schools is based on the dollars per ADM of the LEA in which the student is, or would be, currently enrolled. The total number of public-school students attending a new charter school will reduce an LEA's initial allotment.

An LEA's initial allotment is also reduced for existing charter schools growing over their planning ADM. LEAs are held harmless and will not have their allotment reduced for the following categories: Central Office Administration, School Building Administration and Staff Development.

A charter school will have 34% of its Initial Allotment available to "draw down" after the General Assembly adjourns.

After the 1st month ADM is submitted, allotments will be recalculated and an additional 34% of the allotment will be made available to the charter school. If the charter school's first month ADM is lower than the initially funded ADM, the charter school's state allotments will be decreased.

Per SL 2018-136, Section 5.1, if the charter school is located in a county designated under a major disaster declaration by the President of the United States under the Stafford Act as a result of Hurricane Florence, the charter school’s final State base allocation shall be adjusted to the higher of months 1, 2, 3 and 4 ADM. No other allocations shall be adjusted after month 1. The funded ADM shall not exceed the charter school’s maximum ADM.

The final 32% of the allotment will be distributed prior to the end of February.

After 1st month ADM adjustments, a charter school can request additional funding if it has significant growth (20% or more) in months two through four. Requested ADM must
be verified and be within the charter school's maximum. The state contingency reserve will be used to fund the prorated increases within funds available. Please refer to the Charter School Financial Guide for instructions for this process.

In addition to the state funding based on dollars per ADM, a charter school may receive Children with Disabilities and Limited English Proficiency funding if they qualify. These special funds plus the dollars per ADM funding are distributed under PRC 036.

SPECIAL PROVISIONS:

1) During the first 60 school days, if a child with disabilities was included in the prior fiscal year April 1 child count and leaves or returns to an LEA from a charter school, the prorated share of funds allocated for that child will be adjusted. In order to initiate the transfer of funds, the LEA or charter school receiving the students must complete the appropriate transfer request forms by the 10th of the month following the month the child transferred. Children with Disabilities' transfer requests are sent to the School Allotments Section. For each Junior ROTC position paid from State funds, a locally paid position must be provided.

6) Teachers on Loan Additional positions may be allotted to LEAs which have teachers from their LEA selected to serve with the Department of Public Instruction. The teachers selected will work at designated LEAs throughout the State in support of major State Board of Education initiatives such as school assistance, teacher inductions, technology assessment/training, and student improvement. These additional teacher positions are allotted to the LEAs from which the teachers are employed since the reassigned teachers will remain on the LEA's payroll. 8) All newly certified teachers (local & state) who have never taught before, or taught less than 6 months, are eligible for up to three extra days of employment for orientation and classroom
preparation. This includes lateral entry teachers that are newly certified and have never taught before. If the teacher does not have zero years on his or her license due to non-teaching experience being credited, then the School Financial Reporting Section must approve the new teacher orientation funding. The teacher is to be paid appropriately for the teacher's certification level and years of service. Eligible Teachers must be paid from pay code object 125 for the additional days of employment. The state will pay up to 3 days of training per eligible teacher based on the teacher's daily rate of pay. The School Allotments Section will allot funds beginning in March based on the number of eligible teachers paid, not to exceed 3 days per teacher. Once the number of participants and additional days of service are identified, your regular classroom teacher position allotment will be increased. The three additional new teacher orientation days must be completed by April 30th. Any new teachers hired after this date should go through orientation with the new teachers for the next fiscal year.

PROGRAM REPORT CODE: 024
UNIFORM CHART OF ACCOUNTS CODE: XXXX-024-XXX
STATUTORY REFERENCE: SL 2017-57, Section 7.5

TYPE: Dollars
TERM: July 1 - June 30
PURPOSE: To address the capacity needs of local school administrative units to meet the needs of disadvantaged students.
ELIGIBILITY: All LEAs with an approved plan are eligible for funding.
FORMULA: Distribute resources based on a prescribed delivery option reduction of class size.

Step 1: Use the average statewide (K-12) teacher-to-student classroom teacher allotment for the Fundable Disadvantaged Population which is 1:21.

Step 2: The targeted allotment ratios for the Fundable Disadvantaged Population are:
- If low wealth % (per low wealth supplemental funding formula) is > 90%, one teacher per 19.9 students
- If low wealth % is >= 80% but <= 90%, one teacher per 19.4 students.
- If low wealth % is < 80%, one teacher per 19.1 students.
- If an LEA received DSSF funds in FY 2005-06, one teacher per 16 students. These 16 LEAs will not receive less funding than they received in FY 2006-07.

Step 3: Convert the teaching positions to dollars by using the state average teacher salary (including benefits).

SPECIAL PROVISION:
1) Funds received for Disadvantaged Student Supplemental funding shall be used, consistent with the policies and procedures adopted by the State Board of Education only to:
   a) Provide instructional positions or instructional support positions and/or professional development;

supplement, not supplant, local current expense funds. The State Board of Education shall  
not allocate funds under this section to a county found to have used these funds to supplant  
local, per-student current expense funds. The SBE shall make a finding that a county has  
used these funds to supplant local current expense funds in the prior year, or the year for  
which the most recent data are available, if:
   
a) The current expense appropriation per student of the county for the current year is less  
   than ninety-five percent (95%) of the average of the local current expense appropriations  
   per student for the three prior fiscal years; and
   
b) The county cannot show:
      
      i) that it has remedied the deficiency in funding or
      
      ii) that extraordinary circumstances caused the county to supplant local current expense  
         funds with funds allocated under this section.

3) **Pooling of Additional State Funding:** LEAs receiving funding should use, at a minimum,  
   increases in their categorical allotments (such as low wealth supplemental funding, small  
   county supplemental funding, at-risk, and improving student accountability funding) to pool  
   resources to supplement the Disadvantaged Student Supplemental Funding to address teacher  
   retention and student performance improvements.

4) If a local school administrative unit's wealth increases to a level that adversely affects the  
   unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior

LOW WEALTH COUNTIES SUPPLEMENTAL FUNDING (PRC 031)

PROGRAM REPORT CODE: 031
UNIFORM CHART OF ACCOUNTS CODE: XXX0-031-XXX
STATUTORY REFERENCE: SL 2017-57, Section 7.3

TYPE: Dollars
TERM: July 1 - June 30
PURPOSE: To provide supplemental funds in counties that do not have the ability to generate revenue to support public schools (per a legislated formula) at the state average level. The funding is to allow those counties to enhance the instructional program and student achievement.

ELIGIBILITY: Eligible LEAs are those located in counties in which the calculated county wealth (per the legislated formula) is less than 100% of the state average wealth.

FORMULA: All data used for this formula will be the most recent data as of May 15 of the preceding fiscal year of the allotment. The formula for this allotment is as follows:

1) Compare a county's ability to generate revenue (using three criteria) with the average ability to generate revenue of the other 99 counties in the state.
   a) Purpose: The overall wealth of a county is considered critical in determining if a county can generate the necessary revenue to support the LEA(s) located within the county. The formula attempts to project the county's ability to generate revenue as compared to other counties in North Carolina.
   b) Criteria:
      i) Anticipated Total County Revenue - This anticipated revenue is generated from the property value in the county plus the revenue a county actually receives from sources such as sales taxes and fines and forfeitures. The property value has been adjusted by a formula to take into consideration the year the property was last valued. This calculation is projected to be almost 95% of all the revenue available to a county for current expense.
      ii) Tax Base per Square Mile (Density) - This part of the formula compares the value of a county's property per square mile with the state average property value per square mile. This calculation attempts to recognize the "swamp land" (low to no value property) across the state and to compare the quantity of this property with all other counties.
iii) **Per Capita Income** – A three-year average of a county's per capita income is compared to the same average for the total state. The per capita income is a basic indicator of a county's residents' ability to pay taxes.

2) Determine if a county is eligible to receive funding.
   a) **Purpose:** The factors outlined in Step 1 are weighted to determine how a county compares to all other counties in the State.
   b) **Criteria:**
      i) 40% Anticipated Total County Revenue as a percentage of the State Average Anticipated State Revenue [see Step 1(b)(i)].
      ii) 10% Tax Base per Square Mile as a percentage of the State Average Tax Base per Square Mile [see Step 1(b)(ii)].
      iii) Combine the formula weights revenue/property as 50% of the calculation.
      iv) 50% A County's Average per Capita Income as a percentage of the State Average per Capita Income [see Step 1(b)(iii)].
   c) When the three percentages are totaled, the sum indicates the county's wealth as a percentage of the state's average wealth. If the total is less than 100%, a county is eligible to receive funding.

3) Determine if a county is meeting a minimum effort to generate revenue or fund public schools as compared to a state average effort.
   a) **Purpose:** Minimum effort is established to determine if a county is committing a comparable effort compared to other counties within the State. To receive total funding, a county must either tax their local property at the State average or contribute more local dollars to public schools than the State average local contribution.
   b) **Criteria:** A county is fundable at 100% of the calculated funding if at least one of the following conditions is met:
      i) The county's actual tax rate is adjusted by a formula to take into consideration the year the property was last valued. The revised tax rate is classified as the Effective Tax Rate. If the county's Effective Tax Rate is higher than the state Average Effective Tax Rate, the county is fundable at 100% of the funding as calculated in the formula.
      ii) If the county's appropriation per student is higher than what the county could provide given the county's ability to generate wealth and an average effort to fund public schools, then a county is eligible for 100% funding. To determine what a county could provide, the State average contribution is multiplied by the county's wealth percentage (total percentage in Step 2 above).
      iii) A county will be funded at a percentage of the calculated funding in the formula if the county is eligible for funding and does not meet the two criteria outlined above. A county's funding will be based on the percentage a county is contributing to public schools as compared to what the county could contribute based on the county's wealth and an average state effort.

4) **Calculation of what a County (LEA) will be funded.**
   a) **Purpose:** Once a county is determined to be Low Wealth, the next step is to calculate the amount of supplemental funds the county will receive.
b) Criteria:
   i) The difference between the county's Appropriation per student and State Average Local Appropriation (including supplemental taxes) per student is multiplied by the county's ADM for a total allotment per formula.
   ii) If the county does not meet the minimum effort as described in Step 3, their allotment is prorated based on the effort they are maintaining.
   iii) The total for all counties is prorated to the appropriated funds.

SPECIAL PROVISION:

1) Funds allotted for a Low Wealth Supplement must be expended only for:
   a) Instructional positions
   b) Substitutes
   c) Instructional support positions
   d) Teacher assistant positions
   e) Clerical positions
   f) Overtime pay
   g) Instructional equipment
   h) Instructional supplies and materials
   i) Staff development
   j) Fringe benefits
   k) Textbooks and digital resources
   l) Supplements for instructional personnel and instructional support personnel as defined in the UNIFORM CHART OF ACCOUNTS.

2) These funds are to supplement, not supplant, local funds. Funds will not be allocated to any LEA found to have used these funds to supplant local per student current expense funds.

3) A county is considered to have used these funds to supplant if the current expense appropriation per student of the county for the current year is less than 95% of the average of the local current expense appropriations per student for the three prior fiscal years.

4) The State Board of Education will consider requests from LEAs to waive the non-supplant requirement as outlined in the legislated low wealth and small county supplemental funding formula only under the following conditions:
   a) The county can show:
      i) that it has remedied the deficiency in funding, or
      ii) that extraordinary circumstances caused the county to supplant local expense funds with funds allocated under this section.
   b) Examples include:
      i) Closing/merging schools within an LEA.
      ii) Loss of federal Impact Aid funds.
      iii) Significant change in the demand for county resources due to state/federal unfunded mandates, natural disaster, or other emergency.

5) Per SL 2017-197, Section 2.19, for the 2017-2019 fiscal biennium, a county containing a base of the Armed Forces of the United States that has an average daily membership of more than 23,000 students shall receive whichever is the higher amount in each fiscal year as follows: either the same amount of supplemental funding the county received as a low-wealth
county in the 2012-2013 fiscal year, or the amount of supplemental funding the county is eligible to receive as a low-wealth county pursuant to the formula. This provision also exempts the county from the non-supplant requirement.

6) Funds may be transferred with no restrictions by submitting ABC Transfer Form in the Allotment System.

SCHOOL BUILDING ADMINISTRATION (PRC 005)

PROGRAM REPORT CODE: 005
UNIFORM CHART OF ACCOUNTS CODE: XXXX-005-XXX
STATUTORY REFERENCE: GS 115C, Article 19
SL 1993-769, Section 19.24
SL 2011-145, Section 7.14(a)

TYPE: Months of Employment (MOEs)
TERM: 10, 11, or 12 months, July 1 - June 30
PURPOSE: Provides funding for salaries including benefits for principals and assistant principals
ELIGIBILITY: Each LEA is entitled to months of employment. The months of employment allotted are based on the formulas listed below.
FORMULA: Principal and Assistant Principal Allotments are consolidated to allow more flexibility at the local level. The allotments are calculated separately and then combined into one allotment.

PRINCIPALS:

Each school with 100 or more pupils in final ADM and/or seven or more full-time equivalent state allotted/paid teachers and instructional support personnel, unrounded, (based on prior year 6th pay period) is entitled to twelve months of employment for a principal. In accordance with SL 2011-145, Section 7.14(a), a school that opens after July 1, 2011 with less than 100 students in final average daily membership is not entitled to 12 months of employment for a principal. Year-round schools, multi-track organizational patterns, and other sub-urbanization patterns developed within the existing framework of an established campus are not automatically entitled to additional months of employment. The total months are then multiplied by the LEA's average monthly salary (based on prior year 6th pay period salary adjusted for legislated increases and benefits).

If a school opens on or after November 1, a principal allotment will be prorated based on the date of the school opening, within available funds. New school openings will be verified based on current year 2nd month ADM. If the schools are not open, or if they do not qualify for a principal, their principal allotment will be reduced. If this ineligible school was allotted 4 additional principal months in the previous fiscal year for school planning, the 4 months will also be reduced from the current year's allotment.

ADM is based on the final ADM for the prior year as reported on the Principal Monthly Reports (PMR).
FTE information obtained from the 5th and 6th pay periods will be as reported. 202 adjustments shall not be considered.

ASSISTANT PRINCIPALS:

One month of employment per 98.53 allotted ADM rounded to the nearest whole month. The total months are then multiplied by the LEA's average monthly salary (based on prior year 6th pay period plus LI) plus benefits.

Fractions of months of employment are rounded up to the nearest month for small city LEAs with ADM less than 3,000 students.

SPECIAL PROVISION:

1) PRINCIPALS:
   a) If a school does not meet the conditions specified above, then a teaching position may be used as principal of that school. Teachers employed as principals of schools with less than seven but more than two teachers should be paid for ten months on the appropriate pay level for building principals as specified in the North Carolina Public School Personnel State Salary Schedule.
   b) In the event the closing or reorganization of schools in an LEA causes a reduction in the principal allotment, the allotment shall be held harmless the first and second fiscal years following the reduction of the principal allotment, provided that the reduction in the principal allotment continues in the second year.
   c) A teacher may be reassigned to fill in for a principal after the principal has been on sick leave for at least ten (10) days. The reassignment shall be allowed until the principal returns to work or exhausts sick leave.
   d) Funds may be transferred for any purpose, except where prohibited elsewhere in the ABC transfer policy, by submitting an ABC Transfer Form. The salary transferred will be based on the first step of the principal Base salary schedule. Converting certified position allotments to dollars for the purpose of hiring the same type position is not allowable.
   e) The State Board of Education must approve waivers for placement of Principals on the salary schedule for Low-Performing schools.
   f) An LEA may submit in writing to the School Allotments Section a request for up to four additional principal months of employment for new schools (which will qualify for a principal allotment). This request needs to include the following information: school opening date, number of months requested, estimated ADM, estimated state allotted/paid teacher and instructional support FTEs, and the effective date that the principal begins the performance of administrative duties for the new school. This policy only applies to additional regular education schools opening within the district. It does not apply to alternative schools or schools that are replacing existing schools within the LEA. The allotment could be prorated based on the date that the request is received. The allotment of additional principal months will depend on the availability of funds.
   g) Small Restructured High Schools – Schools restructuring into smaller learning communities shall receive a principal position per new site.
h) Approved STEM (Science, Technology, Engineering and Math) schools shall receive a principal per site.

2) ASSISTANT PRINCIPALS:
   a) These positions shall be used only for non-teaching activities.
   b) LEAs may employ assistant principals for 10, 11, or 12 months. LEAs cannot exceed allotted months of employment.
   c) Assistant principal months may be allotted within funds available to an LEA if the sub-organizational structure of a school within that LEA creates a distinct separate operating entity within an existing school such as an exceptional children wing of a school with integrated/shared programs. The allotments must be requested and appropriated on an annual basis. The LEA must show a need for funding not already included in the regular ADM assistant principal allotment or exceptional children programs. The identification of separate grade spans within a school does not qualify for additional funding under this provision.
   d) Funds may be transferred for any purpose, except where prohibited elsewhere in the transfer policy, by submitting an approved ABC Transfer Form. Funds related to Assistant Principal Months of employment shall be transferred based on the first step of the Assistant Principal Salary Schedule. Funds may be transferred out. Converting certified position allotments to dollars for the purpose of hiring the same type position is not allowable.
   e) Small Restructured High Schools –Schools within an existing school as approved will be reduced for Assistant Principal Months of Employment. (SL 2005-276, Section 7.52)

TYPE: Dollars
TERM: July 1 - June 30
PURPOSE: Provides funding for all transportation related expenses for "yellow bus" use for eligible school age (K-12) students for travel to and from school and between schools. Examples of these expenses are contract transportation, transportation personnel (other than Director, Supervisor, and Coordinator), bus drivers' salaries, benefits, fuel, and other costs as defined in the Uniform Chart of Accounts. This includes expenses for contract transportation when a local school district finds it impracticable to furnish transportation by yellow bus for eligible school age (K-12) students for travel to and from school and between schools.

ELIGIBILITY: Each LEA is entitled to funding.
FORMULA: 1) Allotted based on a "budget rating" funding formula using the following factors: pupils transported; total eligible operating expenditures (local and state funds); number of buses operated. 2) The initial allotment shall consist of a portion of the projected planning allotment. 3) The final allotment will be allotted within available funds by December 1. This adjustment is derived from establishing a final budget rating calculated annually from the three key factors outlined in #1 above plus any other legislative adjustments.

SPECIAL PROVISION:
1) Funds can be transferred into and out of this category by submitting an ABC Transfer Form. There is no change in carryover provisions as outlined in policy. Transfers will impact efficiency ratings.
2) These funds may not supplant other state, federal and local programs use of the "yellow bus" that serve the instructional purpose of the school, such as Pre-K, Smart Start, Head Start, Remediation Programs, Summer School, NC State Fair, Special Olympics, NC Symphony and other instructional field trips. When allotted state transportation funds are used to
provide transportation services for these programs, the responsible program must reimburse this fund.

3) Allotted funds cannot be used for the maintenance of local vehicles and machinery such as - activity buses, staff vehicles, school maintenance trucks and vehicles, etc. When state funds are used to pay for this kind of activity, those state funds must be reimbursed from local (or other non-state) sources.

4) State Board of Education Policy states, "In order to be eligible to receive any mid-year transportation allotment resulting from increased fuel prices, an LEA must have a reduced idling policy in place at the beginning of the school year. The local policy must, at a minimum, prohibit all unnecessary school bus idling on school grounds and prohibit the warming up of buses longer than 5 minutes. As always, any increase in allotments will be subject to the availability of funds."

5) The Excellent Public Schools Act provided additional funding for the addition of 5 days within the existing school calendar. [SL 2012-142, Section 7A.6(a)]

ESEA TITLE I – BASIC (PRC 050)

PROGRAM REPORT CODE: 050
UNIFORM CHART OF ACCOUNTS CODE: XXXX-050-XXX
CFDA #: 84.010A

TYPE: Dollars
TERM: Up to 27 months
PURPOSE: Provides funding to supplement and provide special help to educationally deprived children from low-income families.

ELIGIBILITY: Eligibility is as follows:
Each LEA/charter school is entitled to funding based on the sum of the children (formula children) in the following populations:

1) Number of children in poverty, ages five through seventeen, as identified in the most current census data.
2) Number of neglected children.
3) Number of children in foster homes.
Since there is no census poverty data available for charter schools, the following method for converting the charter school free lunch count to a poverty count has been authorized by the U.S. Department of Education.

1) A ratio is developed which defines the proportion of the total state free lunch count to the state total census poverty count.
2) The above ratio is then applied to the individual charter school free lunch count to establish a census poverty count for that charter school.

An LEA/charter school is eligible for "Basic" funding, if the number of formula children counted for allocation purposes is at least 10 and greater than two percent of the LEA's/charter school's total population, ages 5 to 17 years.

In addition to the allocation based on the formula children identified above, an LEA/charter school is entitled to funding based on the number of delinquent children.

Application must be approved prior to the LEA receiving the allotment.

FORMULA: Formula is as follows:

The U.S. Department of Education determines the allotment of funds to each LEA. Funds for Title I Basic grant-eligible charter schools are distributed as follows:

1) A ratio is developed which defines the proportion of formula children in all eligible charter schools to all formula children in the state.
2) The total state allocation is then reduced by the percentage determined in step 1.
3) The amount of the reduction is distributed to eligible charter schools on the basis of their individual proportion of formula children enrolled.
4) The allocation to each LEA/charter school is then reduced by the reserve for school improvement and state administration.

**HOLD HARMLESS:**

1) An LEA/charter school shall receive not less than 95% of the amount of funds received last year if the number of formula children is not less than 30% of the total number of children ages 5 to 17.
2) An LEA/charter school shall receive not less than 90% of the amount of funds received last year if the number of formula children is between 15% and 30% of the total number of children ages 5 to 17.
3) An LEA/charter school shall receive not less than 85% of the amount of funds received last year if the number of formula children is below 15% of the total number of children ages 5 to 17.

An LEA/charter school must meet the eligibility requirements in order for the hold harmless provisions to apply.

**SPECIAL PROVISION:**

1) Each grant can be awarded for a period of time beginning July 1st and ending September 30th of the following year. The Tydings Amendment can extend the grant period to 27 months by allowing unexpended funds as of September 30th to carry over for an additional 12 months. Funds are potentially available to LEAs/charter schools for 27 months, provided a timely budget is submitted each year. (Carryover funds are subject to applicable carryover percentage limitations.)
2) Program Administrators will notify the School Allotments Section of any LEA / charter school that does not have an approved application for funding by November 30th. After this notification, funds carried forward will be reduced from the LEA's / charter school's budget.
3) If an LEA/charter school receives an allocation greater than $50,000 (total of Title 1 Basic, Concentration, Education Finance Incentive and Targeted funds), the amount of funds available for carryover into the following year (after September 30th) is limited to 15% of the current year's allocation. Funds in excess of percentage limitations will revert and be reallocated to eligible LEAs/charter schools unless a waiver is received and approved.
4) An LEA may request in writing to the Section Chief for Federal Program Monitoring, Federal Program Monitoring and Support Division for a waiver of the carryover percentage be granted. A waiver may be granted once every three years if it is determined that the request is reasonable and necessary or if supplemental appropriations become available.
5) In fiscal year 2008-09, the administration cap was increased to 12% of the allotment. If the allowable administrative expenditures for the current fiscal year are less than the 12% administration cap, the difference can be carried over, on June 30, to the following fiscal year. Any administration carryover will be added to the administration cap in the following fiscal year.
6) An LEA/charter school may request in writing to the Section Chief of Federal Program Monitoring, that a waiver of the administrative and support percentage be granted. A waiver may be granted if it is determined that the request is reasonable and necessary due to extraordinary circumstances or fluctuations in funding.

7) Funds available due to no application, will be reallocated as follows:
   a) Eligibility Guidelines:
      i) The LEA/Charter must be eligible for and approved to receive Title I funds in the current year.
   b) Re-Allocation:
      i) Additional funds available will be allocated to LEAs/Charter schools approved to receive Title I funds for the current year based on a percent to total of their current year allocation.

8) Any un-allotted funds created from previous years will be used to cover allowable expenditures for current year projects until the previous year's funds have been used.

**FORMULA:** Funds will be distributed to LEAs/charter schools based on the weighted child count. The U.S. Department of Education determines the allotment of funds to each LEA. Funds are allotted as part of the Title I Basic Grant.

**HOLD HARMLESS:**

1) An LEA/charter school shall receive not less than 95% of the amount of funds received last year if the number of formula children is not less than 30% of the total number of children ages 5 to 17.

2) An LEA/charter school shall receive not less than 90% of the amount of funds received last year if the number of formula children is between 15% and 30% of the total number of children ages 5 to 17.

3) An LEA/charter school shall receive not less than 85% of the amount of funds received last year if the number of formula children is below 15% of the total number of children ages 5 to 17.

An LEA/charter school must meet the eligibility requirements in order for the hold harmless provisions to apply.

**SPECIAL PROVISION:**

1) Each grant can be awarded for a period of time beginning July 1st and ending September 30th of the following year. The Tydings Amendment can extend the grant period to 27 months by allowing unexpended funds as of September 30th to carryover for an additional 12 months. Funds are potentially available to LEAs/charter schools for 27 months, provided a
timely budget is submitted each year. (Carryover funds are subject to applicable carryover percentage limitations.)

2) Program Administrators will notify the School Allotments Section of any LEA / charter school that has not submitted an application for funding by November 30th. After this notification, funds carried forward will be reduced from the LEA's / charter school's budget.

3) If an LEA/charter school receives an allocation greater than $50,000 (total of Title 1 Basic, Concentration, Education Finance Incentive and Targeted funds), the amount of funds available for carryover into the following year (after September 30th) is limited to 15% of the current year's allocation. Funds in excess of percentage limitations will revert and be reallocated to eligible LEAs/charter schools unless a waiver is received and approved. An LEA/charter school reverting carryover funds is ineligible for reallocated funds.

4) An LEA may request in writing to the Section Chief for Federal Program Monitoring that a waiver of the carryover percentage be granted. A waiver may be granted once every three years if it is determined that the request is reasonable and necessary, or if supplemental appropriations become available.

5) In fiscal year 2008-09, the administration cap was increased to 12% of the allotment. If the allowable administrative expenditures for the current fiscal year are less than the 12% administration cap, the difference can be carried over, on June 30, to the following fiscal year. Any administration carryover will be added to the administration cap in the following fiscal year.

6) An LEA/charter school may request in writing to the Section Chief of Federal Program Monitoring that a waiver of the administrative and support percentage be granted. A waiver may be granted if it is determined that the request is reasonable and necessary due to extraordinary circumstances or fluctuations in funding.

7) Reallocation of current year funds: see special provision 7 of Title I Basic.

8) Any un-allotted funds created from previous years will be used to cover allowable expenditures for current year projects until the previous year's funds have been used.

**ESEA TITLE I - SCHOOL IMPROVEMENT – 1003(G) FUNDS (PRC 117)**

**PROGRAM REPORT CODE:** 117  
**UNIFORM CHART OF ACCOUNTS CODE:** XXXX-117-XXX  
**CFDA #:** 84.77A  
**PR/AWARD #:** S377A090034A

**TYPE:** Dollars  
**TERM:** Potentially up to 63 months  
**PURPOSE:**  
School Improvement Grants (SIGs), authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (ESEA), are grants to state educational agencies (SEAs) that SEAs use to make competitive subgrants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to substantially raise the achievement of students in their lowest-performing schools.

SIG funds under section 1003(g) of the ESEA are used to improve student achievement in title I schools identified for improvement, corrective action, or restructuring so as to enable those schools to make adequate yearly progress (AYP) and exit improvement status.

The Assistant Secretary for Elementary and Secondary Education adopts final requirements for the School Improvement Grants (SIG) program, authorized under section 1003(g) of title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA). These final requirements make changes to the current SIG program requirements and implement language in the Consolidated Appropriations Act, 2014, that allows local educational agencies (LEAs) to implement additional interventions, provides flexibility for rural LEAs, and extends the grant period from three to five years.

SIG funds must operate under the Final Requirements, published in the Federal Register in February 2015 through the period of availability of those funds.
ELIGIBILITY: To be eligible to receive these funds, an LEA/charter school must have one or more schools identified as priority. Grants will be made based on a competitive process. The actual recipients to be funded are selected on the basis of criteria specified in the School Improvement Grant Application and Federal regulations.

FORMULA: Total funding to LEAs/charter schools is subject to receipt of approved allocations from the U.S. Department of Education.

SPECIAL PROVISION:

1) Each grant is awarded for a period of time beginning July 1st and ending September 30th of the following year. The Tydings amendment extends the grant period to 63 months by allowing unexpended funds as of September 30th to carry over. Funds are potentially available to LEAs/charter schools for 63 months provided a budget is submitted each year and the LEA/Charter annual grant renewal application is approved. The LEA budget for each year may not exceed the number of schools it commits to serve multiplied by $2,000,000.

2) The SEA will determine whether to renew an LEA's SIG grant if one or more schools within the LEA are not meeting the goals identified for the interventions an LEA is implementing, student achievement outcomes, and/or leading indicators as described in the Assurances.
ESEA TITLE I - SCHOOL IMPROVEMENT – TARGETED SUPPORT AND IMPROVEMENT (TSI) (PRC TBD)

PROGRAM REPORT CODE: TBD
UNIFORM CHART OF ACCOUNTS CODE: XXXX-TBD-XXX
CFDA #: 84.010A

TYPE: Dollars
TERM: Encumber by 09/30/19, Liquidate by 12/31/19
PURPOSE:

To provide assistance for schools, which have been identified as schools in need of Targeted Support and Improvement (TSI) under the State's federally-approved plan for the Every Student Succeeds Act (ESSA). These funds will be available for use in the current school year to support planning activities to include necessary training and support of leadership team and school improvement team in the NC Star planning and measurement tool, a comprehensive needs assessment, and other specialized professional development specifically targeting the school’s results (subgroups) for being identified in the Targeted Support and Improvement category.

This is especially important since 1,530 schools of the total of 1,635 TSI schools were identified as a result of the performance of the school’s students with disabilities subgroup, followed by 237 schools identified based on the Black students subgroup and 228 schools identified based on the English learners subgroup. The remaining subgroups represented a much lower number of TSI schools.

LEAs with more than one TSI school may choose to combine 2018-19 TSI funding to develop a localized strategy that will impact multiple TSI Schools within the LEA. These funds would not be for use as salaries or benefits. These funds would be used for Targeted Support and Improvement Schools (TSI) only. Comprehensive Support and Improvement (CSI) schools already receive annual School Improvement funding and may use such funding in a like manner if they choose.
ELIGIBILITY: To be eligible to receive these funds, an LEA/Charter school must have one or more schools identified under the federally-approved definition for TSI schools. These are schools with at least one subgroup of students that scored at or below the lowest 5% of the state’s schools’ all-students group’s performance.

Applications must be approved prior to the LEA/Charter school receiving the allotment.

FORMULA: Funds will be allotted based on approval of an application for School Improvement (PRC-TBD) funds submitted by the LEA or charter school on behalf of schools participating as TSI schools.

Each TSI school will receive an equal proportion of the 2017-2018 State Aid portion reserved for School Improvement activities. This State Aid portion is the 3% set aside from the Title I-A funding available to LEAs and schools from the 2017-18 school year.

SPECIAL PROVISION:

1) Each grant is awarded for a period of time beginning July 1, 2018 and ending September 30, 2019.

2) Program Administrators will notify the School Allotment Section of any LEA/Charter school that has not submitted an application for funding by January 30, 2019. Funds unapplied for by January 30, 2019 will be redistributed equally among those LEAs with approved applications prior to January 30, 2019.

PROGRAM REPORT CODE: 060
UNIFORM CHART OF ACCOUNTS CODE: XXXX-060-XXX
CFDA #: 84.027A

TYPE: Dollars
TERM: Up to 27 months
PURPOSE: Provides funding to initiate, expand, and continue special education and related services to children with disabilities ages 3 through 21.

ELIGIBILITY: Each LEA/charter school/state operated program must establish their eligibility under section 613 of the IDEA. A plan must be submitted that provides assurances that the LEA/charter school/state-operated program meets each of the conditions in section 613(a) of the IDEA. Funds are available to provide services for eligible children with disabilities currently served and who subsequently enroll or are identified during the year, or to conduct child find activities if no children with disabilities are currently served by the LEA/charter school/state-operated program

Grant application with established eligibility must be approved prior to the LEA/charter school/state-operated program receiving the allotment.

FORMULA: Formula is as follows:

1) Base payments:
   a) Each LEA shall receive a base amount equal to a proportional share of 75% of the FY 1999-2000 IDEA Title VI-B grant. The LEA's portion is calculated based on the December 1998 child count.

2) Base payment adjustments for any fiscal year after the base year fiscal year are adjusted:
   a) If a new LEA or charter school is created, the LEA's base allocation shall be divided among the new LEA or charter school and affected LEA based on the relative numbers of children with disabilities ages 3 through 21 contained in the most current December 1st child count.
   b) If one or more LEAs are combined into a single new LEA, the base allocations of the merged LEAs shall be combined.
   c) If the LEA's geographic boundaries or administrative responsibility for providing services to children with disabilities ages 3 through 21 are changed, the base allocations of affected LEAs shall be redistributed among affected LEAs. The base will then be
based on the relative number of children with disabilities from ages 3 through 21 contained in the most current December 1st child count.

3) Funds remaining after distribution of the base shall be allocated as follows:
   a) Eighty-five percent (85%) of remaining funds shall be allotted to those agencies on the basis of ADM of children enrolled in public and private elementary and secondary schools within each agency's jurisdiction.
   b) Fifteen percent (15%) of remaining funds shall be allotted to those agencies in accordance with their relative numbers of children living in poverty, as determined by the December 1st free lunch count.

4) Set Aside and Risk Pool:
   a) If the actual amount set aside for State administration is over $850,000 and the State will use funds from its award to support a high-risk pool, the maximum amount the state may set aside is 10% of the grant award. North Carolina supports a Risk Pool and Out-of-District Placement Program. These funds may also be used for state level activities in the description of the Use of Funds under Part B of the Individuals with Disabilities Education Act – 20 U. S. C. 1411(e)(5); 34CFR, Section 300.171.

SPECIAL PROVISION:

1) Each project can be awarded funds for a period of time beginning July 1st and ending September 30th of the following fiscal year. The Tydings Amendment can extend the grant period to 27 months by allowing unexpended funds as of September 30th to carry over for an additional 12 months. Funds are potentially available to LEAs/charter schools/state operated programs for 27 months, provided a timely project application is submitted each year.

2) Each LEA/charter school/state operated program must maintain documentation that it has spent the same minimum amount (on the average) for the education of its children with disabilities as the LEA/charter school/state operated program has spent for all the children in the LEA/charter school/state operated program taken as a whole before any IDEA VI-B funds are used for the education of children with disabilities.

3) Program Administrators will notify the School Allotments Section of any LEA/charter school that does not have an approved budget by October 31st. After this notification, funds carried forward will be reduced from the LEA's/charter school's budget based on the results of a Hearing.

4) Any unallotted funds created from previous years will be used to cover allowable expenditures for current year projects until the previous year's funds have been used.

5) The Individuals with Disabilities Education Improvement Act (2004) IDEA requires LEAs/Charters determined to have significant disproportionality as described under 300.646(b) (2) to reserve the maximum amount of funds (15%) under section 613(f) of the Act to provide comprehensive coordinated early intervening services to serve children in the LEA/Charter, particularly, but not exclusively, children in those groups that are significantly disproportionate under 300.646(a) of the IDEA regulation. The IDEA also requires the LEA to review and, if appropriate, revise policies, practices, and procedures as describe under 300.646(b)(1) of the IDEA regulations.

6) Funds are transferred under two conditions: (1) LEAs with significant disproportionality will have 15% of their current year total IDEA allocation (PRC 049 and 060) transferred to
Program Report Code 070 – Coordinated Early Intervening Services – IDEA 2004. This fund transfer directive comes from the Exceptional Children Division annually of all LEAs with significant disproportionality. (2) LEAs may request permission for "permissive use" of up to and including 15% of their total IDEA 2004 allocation (PRC 049 and 060) for Coordinated Early Intervening Services from the Exceptional Children Division. The amounts approved by the Exceptional Children Division are subtracted from the LEAs PRC 060 current allotment by the School Business Services – School Allotments Section before funds are allocated.

7) During the first 60 school days, if a child with disabilities who was included in the prior fiscal year December 1 child counts leaves or returns to an LEA from a charter school or leaves or returns to a charter school from a charter school, the share of funds allocated for that child will be adjusted. In order to initiate the transfer of funds, the LEA or charter school receiving the child must enter and submit all children received in the NC DPI Child Count Transfer System by the 10th of the month after the child transferred.
IDEA VI B - CHILDREN WITH DISABILITIES – RISK POOL (PRC 114)

ELIGIBILITY: A reserve has been established for LEAs with "high needs" students with disabilities. The costs of the educational services must impact the resources of the LEA serving the student. The allocation is based on an approved budget submitted by the LEA. The LEA must address the following information before eligibility can be determined for funding:
1) Address the financial impact on the LEA.
2) Address number of children over the 12.75% cap, receipt of local funding, the receipt of low wealth funds.
3) Have other special funding applications been submitted for the student? Note that the child can receive funds from only one special funding source.
4) Ensure that the cost of the student is greater or equal to three times the average per pupil expenditure.

**TYPE:** Dollars  
**TERM:** Up to 27 months  
**PURPOSE:** CEIS is used to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade 3) who have not been identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment. IDEA federal regulations mandates 15% of an LEA, charter school, or state-operated program’s total annual IDEA allocation (PRC 049 and 060) is set-aside for any LEA, charter school or state-operated program with significant disproportionality based on race and ethnicity with respect to the identification of children with disabilities including particular impairment; the placement in particular educational settings of children; and the incidence, duration and types of disciplinary actions, including suspension and expulsions. These funds cannot be used for the special education and/or related services for children with disabilities. These funds are for students in kindergarten through grade twelve at risk of placement in special education. **This legislation also requires states to monitor the expenditure of CEIS funds. Services provided for non-disabled students for CEIS should be purchased through Program Report Code (PRC) 070.**

**ELIGIBILITY:** All LEAs, charter schools, state-operated programs mandated to use 15% of their total IDEA funds (PRC 049 and 060) and LEAs, charter schools and state-operated programs electing to use up to and including 15% of their total IDEA funds (PRC 049 and 060) permissively for CEIS are eligible.
FORMULA: The formula for mandated CEIS is 15% of the LEA, charter school or state-operated program's current year total IDEA allotment (PRC 049, 060) transferred to PRC 070. The formula for permissive CEIS is up to and including 15% of the LEA, charter school or state-operated program's current year total IDEA allotment (PRC 049 and 060) transferred to PRC 070.

SPECIAL PROVISION:

1) For non-mandatory CEIS LEAs, funds can be reverted (between July 1 and January 15 of the initial fiscal year of the allocation) from PRC 070 to PRC 060. Funds may only be expended according to the approved budget.

2) Expenditures for Coordinated Early Intervening Services should be from PRC 070.

3) Coordinated Early Intervening Service expenditures must be based on scientifically research based programs selected by the LEA, charter school or state-operated program for students in general education at risk of placement in special education. The 15% provided for these programs is federally mandated for any LEA, charter school or state-operated with significant disproportionality by disability, or race-ethnicity, but this does not prohibit other LEAs, charter schools or state-operated programs from using up to and including 15% of their total IDEA funds for Coordinated Early Intervening Services.

4) Funds are specific and all unused funds not encumbered by June 30th are carried over to next year. Although calculated on the total IDEA allocation (PRC 049 and 060), the 15% for Coordinated Early Intervening Services is taken from the initial PRC 060 allocation, thus reducing the initial allocation annually. The 15% for Coordinated Early Intervening Services cannot be based on carry-over funds from prior year initial allotments. Each project can be awarded funds for a period of time beginning July 1st and ending September 30th of the following year. The Tydings Amendment can extend the grant period to 27 months by allowing unexpended funds as of September 30th to carry over for an additional 12 months. Funds are potentially available to LEAs for 27 months, provided a timely project application is submitted each year. The 15% of total IDEA funds for Coordinated Early Intervening Services follows the same liquidation period. Federal regulations require 15% be set-aside annually for all mandated CEIS.

5) Expenditures under this PRC will be used to determine the percentage of funds expended on students in general education to prevent placement in special education.

6) Exceptional Children Division will, after review of necessary data, assign technical assistance to LEAs not following state and federal guidelines regarding the use of these federal funds.

7) Positions paid with these funds are subject to time and effort requirements.
