A schedule is a numerical indicator preceding the pay level assignment, which designates the specific salary schedule from which the employee is paid.

Assistant principals are designated as Schedule 0.

VI. Salary Adjustments

A. ADDITIONAL YEARS OF SERVICE

Retroactive salary adjustments for receiving additional years of service not previously credited to an educator’s certificate will be granted effective July 1 of the current school year. An adjustment may be granted back to a maximum of July of the previous school year if it is determined that the salary adjustment is the result of Licensure failing to process experience credit that is complete and correctly submitted at the time of the application. In such cases, as determined by the Licensure Section of DPI and approved by the CFO of DPI, the adjustment can be granted only back to July 1st of the previous school year. Otherwise retroactive salary adjustment not credited to an educator’s certificate will be granted effective July 1 of the current fiscal year.

B. WHEN LEA FAILS TO SUBMIT COMPLETE INFORMATION

If it is determined that a retroactive salary adjustment is the result of a LEA failing to submit payroll data that is:

- complete or
- required,

the LEA becomes financially responsible for any salary adjustment due.

VII. Funding Responsibilities

STATE/LOCAL RESPONSIBILITIES

The state’s responsibility for a position paid from state funds ceases at the end of the last workday of actual employment.

The only salary benefit from state funds beyond that day shall be payment of:

- accumulated annual leave not to exceed 30 days, and
- the State’s portion of any longevity pay due to the employee.

When an LEA releases an employee from employment, the LEA shall assume full responsibility for any additional pay that is negotiated between the LEA and the employee.

Note: The Licensure Section cannot guarantee processing of any License requests, for current year salary adjustments, after April 15th. If a License request is submitted after April 15th and is not processed in the current fiscal year, local dollars must be used for any resulting salary audit exception.
VIII. Other

A. MILITARY LEAVE

Employees called to active military duty shall be paid the difference of military basic pay and state salary, when military pay is less than state salary. Differential pay shall be paid from the same source of funds as the regular salary. For state paid employees, the differential pay should be coded to PRC 021. This policy is retroactive to July 1, 2002. See Benefits and Employee Policy Manual.

B. JOB SHARING

Effective, January 1, 2004 all employees of local education agencies are eligible for job sharing. Participation in job sharing is optional, not mandatory based on approval by the local education agency. See Benefits and Employee Policy Manual Section 17 for more details.

2. **Budget code**

Principal Fellows are to be coded to 5420-066-117. **Principal Fellows are 10-month employees, not eligible for installment pay.**

3. **Additional Principal Fellows Information – 1st and 2nd Year**

The following information describes the status of an individual during each year of the Principal Fellows Program (PFP) as related to personnel and finance issues.
Year 1 Principal Fellows:
1) Are on a leave of absence without pay from his / her LEA during both years of the fellowship.
2) Receive $30,000.00 of a scholarship/loan during the first year. The NC State Education Assistance Authority issues the funds at the beginning of the fall and spring semester to the financial aid departments of the Fellows’ university. Tuition and fees are taken out, and the balance is made available through the financial aid offices for living expenses. (SL 2006-66 SB1741, Section 9.16.(b), G.S. 116-74.42.(c1)
3) Does not earn annual, personal, sick, or holiday leave or longevity during either year of the fellowship.
4) Participants do not qualify for unemployment benefits during either year of the fellowship.
5) Retirement account is on hold during the two-year fellowship, although they may choose to contribute while in the program or buy back the Fellowship years after returning to service.
6) Teaching license is on hold – no experience is earned for the first year of the Fellowship. The Fellow is responsible for keeping the license active / current while on the leave of absence.
7) Individual health insurance premium for both years is paid by the LEA granting the leave of absence; however, the Fellow pays additional costs for a family plan or co-pays.
8) May participate in any local benefits both years of the fellowship, e.g. life insurance, dental insurance, as allowed by the LEA.

Year 2 Principal Fellows:
1) Are on a leave of absence without pay from his / her LEA during both years of the fellowship.
2) Receive 60% of a current beginning assistant principal monthly salary multiplied by 10, plus $4,100. This amount is divided in half and dispersed from the NC State Education Assistance Authority twice per year to each Fellow’s campus financial aid office at the beginning of each semester (fall and spring). Tuition and fees are subtracted from the amount. The balance can be accessed by Fellows for remaining expenses. (SL 2006-66 SB1741, Section 9.16.(b), G.S. 116-74.42.(c1)
Separate and in addition to the scholarship loan, second year Fellows receive a stipend through the NC Department of Public Instruction in the amount of 40% of a current beginning assistant principal monthly salary multiplied by 10. The money will be allotted from the NC Department of Public Instruction to each Fellow’s internship school system during the internship year’s first or second allotment. School finance officers will be informed via the Finance Officer’s Weekly Newsletter the correct PRC for the Fellow. Each Fellow will then receive a monthly check from the internship school system of the amount less all applicable taxes. Federal, State, and FICA taxes are deducted from the stipend. No other benefits are paid from the stipend.
3) Does not earn annual, personal, sick, or holiday leave or longevity during either year of the fellowship.

4) Participants do not qualify for unemployment benefits during either year of the fellowship.

5) Retirement account is on hold during the two-year fellowship, although they may choose to contribute while in the program or buy back the Fellowship years after returning to service.

6) One year of experience is earned on the teaching license for completion of the internship – the year is added at the request of the NC Principal Fellows Program to the Licensure Section at NCDPI upon completion of requirements as agreed upon by the Principal Fellows Program and the NCDPI.

7) Individual health insurance premium for both years is paid by the LEA granting the leave of absence; however, the Fellow pays additional costs for a family plan or co-pays.

8) May participate in any local benefits both years of the fellowship, e.g. life insurance, dental insurance, as allowed by the leave of absence granting LEA.

See also Allotment Policy Manual for other details on PRC 066.
SECTION D
TEACHER AND STUDENT SERVICES

I. All Teacher and Student Services Personnel

A. DAILY RATE OF PAY

The following employees have their daily rate of pay based on 21.5 days regardless of the number of week days in the month of service:

- all teachers,
- all student services personnel, and
- all employees in split position where one of the positions is based on a 21.5 day pay period daily rate.

EXAMPLE: An employee serves 50% of the day as a teacher (21.5 days basis) and 50% of the day as an assistant principal (actual number of days in month basis). This employee’s daily rate is calculated on 21.5 days per month.

NOTE: The term “daily rate of pay” for the purpose of General Statute 115C-12(8) or for any other law or policy governing pay or benefits (i.e. Annual Leave Payout) based on the teacher salary schedule shall not exceed one twenty-second (1/22) of a teacher’s monthly rate of pay.

B. SALARY SCHEDULE PLACEMENT

S.L. 2018-5 Section 8.1

1. Teachers, school counselors, school social workers, and media coordinators

Those employed with the Public Schools of North Carolina are assigned a salary on the appropriate classroom teacher salary schedule according to the class level of their license, experience level, and area of assignment. (See Salary Schedules)

Beginning with the 2014-2015 fiscal year, in lieu of providing annual longevity payments to teachers paid on the teacher salary schedule, the amounts of those longevity payments are included in the monthly amounts under the teacher salary schedule.

A teacher compensated in accordance with this salary schedule shall receive an amount equal to the greater of the following:

1. The applicable amount on the salary schedule for the applicable school year.
2. For teachers who were eligible for longevity for the 2013-2014 school year, the sum of the following:
   a. The teacher’s salary based on the 2013-14 legislated salary schedules
      (S.L. 2013-360, Sec. 35.11.)
b. The longevity that the teacher would have received under the
longevity system in effect for the 2013-2014 school year (S.L. 2013-
360, Sec. 35.11), based on the teacher's current years of service.
c. The annual bonus provided in 2014-15 (S.L. 2014-100, Sec. 9.1(e)).

NOTE: The above provision typically applies to teachers, school
counselors, school social workers, and media coordinators paid at the
top of their scale.

(3) For teachers who were not eligible for longevity for the 2013-2014 school
year, the sum of the teacher's salary and annual bonus in 2014-15 (S.L. 2014-
100, Sec. 9.1).

For more information on determining teacher salaries, see the Hold Harmless
document located at:

NOTE: Only the following teachers and instructional support personnel shall be paid
on the "M" salary schedule, or receive a salary supplement for academic
preparation at the six-year degree level or at the doctoral degree level for the
2014-2015 school year and subsequent school years:

(1) Certified school nurses and instructional support personnel in positions for
which a master's degree is required for licensure.

(2) Teachers and instructional support personnel who were paid on that salary
schedule or received that salary supplement prior to the 2014-2015 school year.

(3) Teachers and instructional support personnel who (i) complete a degree at the
master's, six-year, or doctoral degree level for which they completed at least one
course prior to August 1, 2013, and (ii) would have qualified for the salary
supplement pursuant to State Board of Education policy TCP-A-006, as it was
in effect on June 30, 2013.

Please note: Teachers who obtain their masters in administration, but are
currently assuming the role of a classroom teacher must also meet one of the
above three (3) criteria in order to be paid on the masters, six-year, or
doctoral degree level.

EXCEPTION: YEARS OF EXPERIENCE

If the employee has multiple teaching areas, with different years of experience,
the employee shall be paid according to the years of experience in the area of
assignment. Please contact Salary Analyst to certify the years applicable. (See also
page D-12 for Career Technical Teachers)
**EXCEPTION: HIGHEST LICENSE LEVEL**

If an individual in a teaching or student services position holds at least one license area beyond the required license level and completes at least one course prior to August 1, 2013, then that individual’s salary is certified at his or her highest education level of licensure, even if the area of assignment is not the area with the highest-class level.

* For those approved for master’s pay thru Form G, see page D-8 for Non-Educational Master’s Degree and application for ‘M’ Supplemental Salary-Form G Approval.

If neither (1), (2), nor (3) in the “NOTE” above are met, the individual will be paid according to the license in the area of assignment.

Certification for audiologists, speech-language pathologists, and school psychologists follows procedures in Section D IV.

2. **Audiologists, school psychologists, and speech-language pathologists**

The first step of the salary schedule for (i) school psychologists, (ii) school speech pathologists who are licensed as speech pathologists at the master's degree level or higher, and (iii) school audiologists who are licensed as audiologists at the master's degree level or higher shall be equivalent to Step 6 of the "A" salary schedule. These employees shall receive a salary supplement each month of ten percent (10%) of their monthly salary, and are eligible to receive salary supplements equivalent to those of teachers for academic preparation at the six-year degree level or the doctoral degree level.

The twenty-sixth step of the salary schedule for (i) school psychologists, (ii) school speech pathologists who are licensed as speech pathologists at the master's degree level or higher, and (iii) school audiologists who are licensed as audiologists at the master's degree level or higher shall be seven and one-half percent (7.5%) higher than the salary received by these same employees on the twenty-fifth step of the salary schedule.

3. **School Nurses**

For the salary basis of school nurses, see Section D V.
C. ADVANCED DEGREE SUPPLEMENT

Session Law 2014-100, Section 8.3.(a)

Only the following teachers and instructional support personnel shall be paid on the “M” salary schedule or receive a salary supplement for academic preparation at the six-year degree level or at the doctoral degree level for the 2014-2015 school year and subsequent school years:

(1) Certified School Nurses and instructional support personnel in positions for which a master’s degree is required for licensure.

(2) Teachers and instructional support personnel who were paid on that salary schedule or received that salary supplement prior to the 2014-2015 school year.

(3) Teachers and instructional support personnel who (i) complete a degree at the master’s, six-year, or doctoral degree level for which they completed at least one course prior to August 1, 2013, and (ii) would have qualified for the salary supplement pursuant to the State Board of Education policy TCP-A-006, as it was in effect on June 30, 2013.

If an individual in a teaching or student services personnel position is eligible to be paid on an advanced or doctoral license s/he will receive an additional monthly supplement, of:

- $126 per month for an advanced license and
- $253 per month for a doctorate license.

NOTE 1: The college/university makes the distinction if the degree qualifies as advanced. Typically, an advanced degree is a 6th year degree, 30 hours beyond the masters.

Effective Date for Salary Purposes

For salary purposes, ALL degrees above the bachelor’s level that are earned:

- prior to April 1 of the current school year will become effective in the same pay period as the license effective date.

EXAMPLE: The license area effective date of a doctorate degree is 11/15 (as shown on the Employment Inquiry screen). For salary purposes, this doctorate degree will be effective for the entire month of November. All November paychecks, retroactive to 11/1, should reflect the pay increase. If the LEA pay period is from 10/15 – 11/15, the pay increase should only apply beginning 11/1 and not 10/15 as the degree was earned during the calendar month of November and not October.
D. VETERAN TEACHER BONUS

S.L. 2017-57 SB 257 Section 8.8A

Any teacher with at least 25 years of teaching experience, who did not receive an increase in State-funded salary pursuant to the 2018-2019 Teacher monthly Salary Schedule, and is employed in a LEA on October 1, 2018, shall be paid a one-time annual bonus of $385 by October 31, 2018. This bonus is not subject to retirement.

Coding: PRC 045 - Veteran Teacher Retention Bonus

E. HIGHLY QUALIFIED NC TEACHING GRADUATE

Teaching Assignment

1. Low performing school

A highly qualified graduate, whose initial teaching assignment is in a low performing school shall receive a monthly supplement of the equivalent of the difference in the State funded salary of the graduate and the State funded salary of a teacher on the “A” Schedule with 3 years of experience.
The graduate is eligible to receive the calculated supplement for up to 3 years of employment, if they remain teaching in that school, or teach in another low performing school or a low performing district.

If the graduate has a break in service, he/she is no longer eligible for the supplement.

For 2017-18, the low performing schools shall be those schools designated by the State Board of Education as low performing based on the 2015-16 or 2016-17 Accountability results.

2. Licensed and Teaching in a STEM or Exceptional Childrens (EC)

The graduate is eligible to receive this supplement for up to 2 years of employment, if they are licensed and teaching in a STEM or EC area, without a break in service.

3. A highly qualified graduate, who does not qualify for supplements under E1 or E2 shall receive a monthly supplement of the equivalent of the difference in the State-funded salary of the graduate and the State-funded salary of a teacher on the “A” Schedule with 1 year of experience.

The graduate is eligible to receive this supplement for up to 1 year of employment without a break in service.

Coding:  PRC 028 - Bonus for Highly Qualified NC Teaching Grad

F. EXTENDED DAY AND EXTRA PAY

Any work that a teacher does in the confines of the school day, which is established by the local board of education, does not constitute extended day and therefore makes this time ineligible for extra duty pay.
State funds may **not** be used to pay certified instructional personnel for a planning period that is outside of the regular instructional day. Therefore, if a school decides to require a teacher to teach an additional class and to schedule their planning period after the regular instructional day, no State funds may be used to provide additional compensation.

**Extended Day Pay Computation**

The computation of payment for extended day duties for all employees is based on a standard number of hours worked per month. The number of hours in a work month can be obtained by using the following formula:

**Formula:** Hours per day x days in week = hours per week x weeks in year = hours per year ÷ months in year = hours per month (Hours refer to work hours.)

<table>
<thead>
<tr>
<th>Table:</th>
<th>Hours Per Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>8.0 X 5 = 40.0</td>
<td>X 52 = 2,080 ÷ 12 = 173.33</td>
</tr>
<tr>
<td>7.5 X 5 = 37.5</td>
<td>X 52 = 1,950 ÷ 12 = 162.50</td>
</tr>
<tr>
<td>7.0 X 5 = 35.0</td>
<td>X 52 = 1,820 ÷ 12 = 151.66</td>
</tr>
<tr>
<td>6.5 X 5 = 32.5</td>
<td>X 52 = 1,690 ÷ 12 = 140.83</td>
</tr>
<tr>
<td>6.0 X 5 = 30.0</td>
<td>X 52 = 1,560 ÷ 12 = 130.00</td>
</tr>
</tbody>
</table>

Divide the hours of extended-day time worked by the appropriate hours per month from the table; multiply this result by the employee’s monthly salary to determine the extended-day payment.

**Example:** An employee works in a local education agency that considers 7.5 hours a regular workday. Forty (40) hours of extended-day time was worked in November. The regular monthly salary is $2,500.

Extended-Day Payment = 40 ÷ 162.50 = 24.62% X $2,500 = $615.50

**G. PROVISIONAL LICENSES: FAILING TO MEET REQUIREMENTS**

When an educator fails to meet the educational requirements for maintaining a provisional license, the license will be classified as expired.

Removal of the provisional area to reinstate the initial license may result in:
- **ineligibility to serve in the specific capacity and/or**
- **reduction to a lower pay level.**
II. Teachers

A. TEACHER BUDGET CODES AND THE ATTACHMENT A

All budget codes are listed in the Chart of Accounts and the Attachment A document. Teachers’ certified salary is coded to one of the following object codes:

121 – Classroom Teacher
123 – JRROTC
124 – International Faculty Exchange
127 – Master Teacher

Attachment A provides a list of the licensure requirements for each budget code. If a particular budget code is not in the Attachment A document, the salary for the employee will not certify. Be sure the budget code is listed specifically in the Attachment A document. Requests for codes to be added should be directed to the School Reporting Section.

This document can be found at "attachment A". If an individual does not have the required educator license required for the budget code, the salary system will create an audit exception.

129 - Held Harmless Salary – include the dollar amounts above the 2017-2018 salary when calculating based on 2013-2014 salary plus longevity. 129 object code is not in Attachment A.

B. NON-EDUCATIONAL MASTER’S DEGREE AND APPLICATION FOR ‘M’ SUPPLEMENTAL SALARY – FORM G APPROVAL

Effective July 1, 1993, the Licensure Section began authorizing salary payments on the class ‘M’ teacher license for teachers who hold a master’s degree in a non-teaching area, and the degree is directly relevant to the teacher’s area of assignment. Effective November 3, 2005, the Licensure Section began authorizing salary payments on the class ‘S’ teacher license for teachers who hold an advanced degree and is directly relevant to the teacher’s area of assignment.

Effective July 1, 2003, a list of individuals by LEA who are currently on the "M" salary schedule can be viewed on the website (http://licsalweb.dpi.state.nc.us). It is the LEA’s responsibility to review the web page and send the list to Licensure for any additions or deletions. For new employees who hold a master’s or advanced degree in a non-teaching education area, a Form G - Request for Authorization of Graduate Salary must be submitted. For a current employee whose area of assignment changes and the teacher is no longer eligible for ‘M’ level salary, please notify Salary. This information must be submitted early in the new school year for proper placement on the “M”, “S” or “D” salary schedule.

NOTE: The Form G list available on the LicSal website is managed by Licensure; Salary Administration does not monitor or update this list.
A new Form G must be submitted for each school number assignment. Therefore, the “M”, “S”, or “D” salary is only valid for the school on the Form G. It is the LEA’s responsibility to be sure that the Form G is on file for each school number.

Licensure cannot guarantee processing of any Licensure requests, including for current year salary adjustments, after April 15th. If a License request is submitted after April 15th and is not processed in the current fiscal year, your LEA is responsible for any resulting salary audit exception.

NOTE: Authorized users can view the list from the Licensure and Salary Info Center (http://licsalweb.dpi.state.nc.us) or the Non-Public Professional Experience Info Center.

C. NBPTS CERTIFICATION

1. Eligibility for NBPTS Pay

Teachers who meet the following criteria are paid based on National Board for Professional Teaching Standards (NBPTS) certification and on the highest-license level outlined in Section D, I, C of this manual.

The teacher holds a valid certification from the National Board for Professional Teaching Standards (NBPTS), and

1. The teacher spends at least seventy percent (70%) of his or her work time:
   a. in classroom instruction. Most of the remaining 30% of time should be spent in areas such as mentoring teachers, doing demonstration lessons, writing curricula, developing and leading staff development programs,
   OR
   b. media coordinators, school counselors, career development coordinators, and instructional coaches at Title I schools, if the employee works 70% of their time in these specific areas. Only Instructional Coaches are required to be at Title I schools to qualify for NBPTS.

NOTE: If an employee is employed in an area other than classroom instruction (e.g., library/media or school counselor), their license must be clear of any deficiencies to be eligible for the 12% pay differential. Therefore, a classroom teacher cannot be paid the NBPTS differential, if they are working in media, and their media license has deficiencies (e.g., Provisional).

PLEASE NOTE: The 12% differential is calculated based on the employee’s salary on the bachelor’s salary schedule only.

Other Instructional support personnel are not eligible to be paid the National Board for Professional Teaching Standards (NBPTS) Pay Differential.
NOTE: The Role of the Instructional Coach

The Instructional Coach is a peer-support role which involves direct interaction with teachers for the purpose of improving instructional practice. Instructional Coaches may be district or building-based professionals.

The primary duties of an Instructional Coach are to:

- Provide job-embedded modeling and support to help colleagues implement effective instructional strategies, understand content standards or other program practices, and recognize how various components of the curriculum link together

- Facilitate professional learning opportunities to help educators master of the North Carolina Professional Teaching Standards, often by demonstrating a lesson, co-teaching, or observing and giving feedback

Please submit a separate form, for each school location employed, to the following link for the salary analysts to certify NBPTS pay for instructional coaches: https://files.nc.gov/dpi/documents/fbs/finance/instrcoachform.pdf

NOTE: The Instructional Coach MUST be at a Title I school in order to be eligible for NBPTS.

It is the responsibility of the LEA central office to ensure that the teachers receiving NBPTS pay meet the above criteria. DPI may request documentation and a letter from the central office, substantiating the criteria for NBPTS pay. In the event that DPI concludes that a teacher is not appropriately paid, the LEA will be required to refund the State for the entire amount of the exception.

2. Salary schedules

NBPTS certified personnel serving as teachers who meet the criteria above are paid from the NBPTS certified salary schedules.

3. Budget codes

The same budget codes are used for NBPTS certified teachers as used for non-NBPTS teachers.

4. Pay Indicator

Individuals with salaries certified on the NBPTS salary schedule will have an ‘N’ in the seventh digit of the pay level.
EXAMPLE: Mary Smith is a teacher with NBPTS certification, ‘M’ license, and ten years of experience. Her pay level will be assigned by DPI as M 10 N.

5. Effective Dates

For pay purposes, the effective date is July 1 of the school year that NBPTS certification is earned. NBPTS certificates will expire according to the expiration date listed on the NBPTS certificate.

EXAMPLE: Mary Smith is notified in November of 2007 that she has become NBPTS certified. She will be paid from the NBPTS salary schedule effective July 1, 2007. Her certificate will expire in November of 2017 and will need to be renewed as of this date in order to continue to receive payment for NBPTS in the 2017 school year after the November expiration date.

6. NBPTS candidate funding

Beginning in 2010-2011, assessment fees will no longer be funded by the state. Candidates may receive a loan through the State Education Assistance Authority for the NBPTS assessment fee. Eligibility for receiving a loan and the three days (3) days of paid leave is based on the candidate:

1. Having completed three full years of teaching in a North Carolina public school; and
2. Having (i) not previously received State funds for participating in any certification area in the NBPTS program, (ii) repaid any State funds previously received for the NBPTS certification process, or (iii) received a waiver of repayment from the State Board of Education.

The candidate will have three years to pay the assessment fee back to the State Education Assistance Authority. The candidate will receive up to three (3) days of paid leave, to be scheduled and approved by the candidate’s supervisor, to participate in the NBPTS program. This leave should be coded as leave with pay.

It is the responsibility of the LEA to determine funding eligibility of NBPTS candidates.

7. Substitute Code

The substitute used for the NBPTS candidate’s leave should be paid under PRC 011 and coded to either object code 163, 164, or 166, consistent with how the teacher is normally coded.

8. Additional information

For further information on National Board Certification, contact the North Carolina Program Coordinator for National Board Certification or visit the website at www.ncpublicschools.org/nationalboardcertification/ or www.nbpts.org.
D. CAREER TECHNICAL TEACHERS

Years of Experience

When a classroom teacher is re-assigned to:

- a career technical teaching position and
- has more years of experience (due to creditable work experience) in the career technical license area than in the academic area

placement on the salary schedule shall be in accordance with work experience granted in the career technical license area.

If the teacher then returns to a regular classroom teaching position, he/she will be paid in accordance with the years of experience in the academic area. Please contact Salary Analyst to certify the years applicable.

Effective July 1, 1999, local education agencies can pay career technical teachers holding a limited license from PRC 001. Please contact the salary analysts to certify their salaries in PRC 001.

E. ROTC INSTRUCTORS

The contracts between the military and LEAs for the Junior ROTC programs require that ROTC instructors are compensated at their military, active duty pay level. ROTC instructors should be coded to 5110-001-123.

1. Military contract formula

The formula for determining the salary is as follows:

1. Active Duty Pay - Military Retirement = Difference to be compensated.
2. Difference to be compensated =
   - 50% paid from
     - LEA local funds or
     - State funding from identified state allotted teaching positions (based on license and years of experience), and 50% paid by the military.

If the total compensation based on the military contract formula is less than what an individual would earn on the state salary schedule (based on the license rating), the local school system MUST add funds to compensate the instructor at the state salary level.
Coding and Calculations:

MIP – $6,500.00 (sample only)

Certified Salary for A10 = $4,055.00 (FY2018 sample only)

State Fund with Object code 123:

Net Gross Amount: $3,250.00 ($6,500.00 x 50%)

Local Fund with Object code 123:

Local Fund with Object code 187:

Net Gross Amount: $2,445.00 (($6,500.00 - $4,055.00)

2. Use of a state-allotted position for a ROTC instructor

State regulations permit:

- identification of a state-allotted teaching position up to 50% of the MIP dollar amount (no additional positions are provided and no career technical funds can be used) and

- use of that position to pay a Junior ROTC instructor provided the LEA employs another teaching position using local funds to replace the use of the state-allotted position. For example: the position in local funds must match the percentage employed in the state funded position.

3. Experience

The Licensure Section will award up to 10 years of educator experience for military service (based on a minimum of 20 years of retirement from the military). This military experience credit may not be transferable to other teaching licenses (e.g. Assistant Principal, math etc). Check with the Licensure Section.

Credit will be given for teaching experience in the public schools on a year-for-year basis.

NOTE: Questions and answers on active military leave can be found online at www.ncpublicschools.org/fbs/finance/legislation/salarypersonnel/military. Or

F. BRASS TO CLASS ACT

Session Law 2013-268. The Corporal Pruitt Rainey Brass To Class Act: The State Board of Education shall establish rules for awarding credit for salary purposes to principals, assistant principals, and teachers who served in the Armed Forces of the United States and who have retired or who have received an Honorable Discharge. The following rules will apply to military veterans initially employed by local school administrative units in the 2014-2015 school year and beyond.

NORTH CAROLINA STATE BOARD OF EDUCATION, Policy Manual, Policy ID Number LICN-006, POLICIES RELATED TO EXPERIENCE/DEGREE CREDIT FOR SALARY PURPOSES

6.35 Non-teaching Experience Credit for Military Experience in Leadership Roles

Consistent with TCP-A-006.20, at the recommendation of an employing NC LEA, the Department shall award non-teaching experience credit for military experience for leadership roles performed while on active military duty. This applies to military veterans initially employed by an NC LEA starting July 1, 2014. With respect to non-teaching military work experience that is not directly related to the area of licensure or work assignment, one full year of experience credit shall be awarded for every two years of full-time leadership duties while on active military duty in the Armed Forces of the United States, regardless of academic degree held while in instructional or leadership roles.

“Non-teaching Experience Credit for Military Experience in Leadership Roles” shall be defined as professional work experience in one or more of the official United States military branches while on active military duty that is clearly a leadership role and is verifiable on government issued service documents. Military service for which this credit is awarded must be characterized as honorable. Experience credit for “Leadership Roles” is limited to verifiable experience in a military leadership position with primary responsibility over a team of other military service members following successful completion of a sanctioned military leadership course. Members eligible for this non-teaching work experience credit are: commissioned officers, warrant officers, and non-commissioned officers. Junior enlisted members that have not completed formal military leadership training are excluded from eligibility for this credit.

Non-Teaching work experience that is directly related to an individual’s area of licensure and work assignment shall be credited as set forth in Section 6.20.

Military experience credit may only be awarded once for each role period (i.e. no overlapping credit award).

This provision does not apply to JROTC Instructors covered under TCP-A-6.30.

G. DRIVER TRAINING TEACHERS
Driver Training Instructors shall be paid within the salary range of the pay grade for their job classification, based on a 40-hour workweek. If the established workweek is less than 40 hours, the hourly rate of pay must be based on a 40 hour workweek. Driver Training Instructors shall be paid based on the following pay grades:

**Pay grade 66**
DMV certified instructors without a NC educator license

**Pay grade 68**
DMV certified instructors with a NC educator license but no license area 096 - Safety and Driver Education

**Pay grade 70**
NC educator license with subject area 096 - Safety and Driver Education

If an individual was employed as a driver training instructor prior to July 1, 2014 and was paid higher than the maximum allowable of the irrespective pay grade, the Local Education Agencies may continue to pay at the higher rate, but it is not required.

Driver training teachers who only hold DMV certificates, not a driver training educator license, must be coded to 5110-012-148.

**H. MENTORS**

The State Board of Education has adopted a policy (LICN-004) requiring each initially licensed teacher to be assigned a qualified, well-trained mentor as soon as possible after employment. Mentors are assigned to assist initially licensed teachers during their first 3 years of employment in a North Carolina public school system. This policy was developed in response to the requirements of the Excellent Schools Act of 1997.

**Compensation**

Mentor teachers are assigned to provide support and assistance to beginning teachers. No funding was provided by the North Carolina General Assembly since the 2011 - 2012 fiscal year for the purpose of mentoring. Each local school administrative unit determines the amount of compensation paid to school based teachers serving as mentors.

To qualify for mentor pay, a mentor must be:

1. assigned to a newly licensed teacher who has less than 6 months of teaching experience, or
2. assigned to a teacher in their second year of teaching and who qualified for a paid mentor during the previous year, or
3. assigned to a first year instructional staff member who has not previously been a teacher, or
4. assigned to a teacher in their second year who has one year or less of teaching experience out of state, in a private school, or in a charter school.

State-funding should not be used to provide mentors for superintendents, associate superintendents, or assistant superintendents; principals, assistant principals or central office staff; or teachers with classroom teaching experience other than that identified above.

**NOTE:** Mentor stipends are to be coded to 5xxx-xxx-193. Full-time mentor salary should be coded to 5xxx-xxx-134.

I. NEW TEACHER ORIENTATION

Individuals are eligible for new teacher orientation if they:

- have never taught before, (including out of county, state or country) or
- have taught less than 6 months, or
- are lateral entry teachers with only non-teaching work experience on their license (See below for lateral entry staff development requirements); or
- are workforce development (vocational) teachers with only non-teaching work experience on their license; or
- are employed with an emergency permit to practice; or
- ROTC instructors with zero years of teaching experience (only non-teaching experience),

and

- in prior years, have never participated in the new teacher orientation program.

If the teacher does not have zero years on his or her license due to additional experience being credited, the Licensure Section must verify if the experience is teaching or non-teaching.

Eligible new teachers may be paid up to a maximum of three (3) days from State or Federal funds.

New teacher orientation should be paid at the teachers certified rate.

**Local Education Agencies must contact the Salary Analysts at DPI to manually approve and certify New Teacher Orientation for teachers with more than zero years’ experience on their license.**

**NOTE:** Student Services Personnel do not qualify for this orientation.

For an eligible teacher to be paid for this orientation, the orientation must take place outside of the normal instructional calendar. No additional payment will be allowed if the orientation takes place on a workday or a regular instructional day.
J. LATERAL ENTRY TEACHERS

No Child Left Behind legislation requires all lateral entry teachers to complete 10 days of staff development BEFORE they enter the classroom. This staff development must be coded to object 196, workshop participant, and funded out of allowable dollar allotments. The lateral entry teacher should be paid a minimum of an A-00 salary. If the teacher does not have any teaching experience and is eligible for new teacher orientation, the final three days of staff development may be coded to object 125 new teacher orientation. These three days may be paid at the certified rate.

No experience credit will be given for these staff development days.

K. RETIRED TEACHERS SUBJECT TO THE SALARY EARNINGS CAP

Retired teachers may be hired subject to a salary earnings cap. As of November 1, 2005, they are subject to the same six (6) month break in service. During the six (6) month break, the employee shall not work in any capacity in an organization participating in the Teachers’ and State Employees’ Retirement System, including part-time, temporary, substitute, part-time tutor or contractor service.

For additional information, please see the Benefits and Employment Policy Manual, Section 16.1. and or Guidance on Return-to-Work Laws for Members of the Teachers’ and State Employees’ Retirement System (TSERS) in NC Department of State Treasurer.

Retired teachers subject to the cap are coded the same way as a regular employee (e.g., 121).

NOTE: The Retirement System adjusts the earnings cap due to inflation in January of each year. Retiree is subject to the earnings restrictions below. Retiree can earn whichever is greater:

- 50% of your gross pre-retirement salary (excluding termination payments) or
- $33,560 (2019 amount)

Salary Assignment

A local board of education may pay a retired teacher hired under this provision no more than the employee would have received on the teacher salary schedule, excluding longevity, had the employee not retired.
NOTE: A local board of education may pay a retired teacher hired under these provisions less than his or her certified rating. Please notify the Salary Analysts to manually certify this negotiated rate.

L. INTERNATIONAL FACULTY EXCHANGE TEACHERS

State Board policy allows LEAs to convert teaching positions to dollars to cover the contract cost for International Faculty Exchange Teachers.

For the 2018-2019 school year, the conversion to dollars shall be $67,301 (average teacher salary, with benefits). The dollars from this conversion will be allotted to PRC 020 International Faculty Exchange.

The Appropriations Bill, SL 2016-94 Section 8.16, modified the allowable uses for the conversion dollars to costs associated with supporting IFE teachers within the local education agency:

- salaries (commensurate with their experience levels) and State approved bonuses
- costs associated with:
  - programming and related activities
  - background checks
  - medical coverage
  - Other program administration services following federal regulations

To request the conversion, the LEA must submit the International Faculty Exchange Position Conversion to Dollar Allotment Request form.

Please return your form to Helga Fasciano, Special Assistant for Global Education, for review and approval. Signed forms may be sent one of two ways: emailed to helga.fasciano@dpi.nc.gov or faxed to 919-807-3826

Questions regarding international faculty exchange programs or this conversion process may be directed to Ms. Fasciano at helga.fasciano@dpi.nc.gov or phone, 919-807-3864.

M. SUMMER SCHOOL

Summer school teachers are paid per their teaching license rating on the teacher salary schedule.

1. Lead Teacher Positions/Summer School

Teachers, who are assigned to work as the lead teacher (budget code xxxx-069-135) for summer school programs, will receive a salary increase of four percent
(4%) above their base certified salary (i.e., $4000 during regular school year, $4160 for summer assignment only).

Lead teachers are not eligible for NBPTS differential.

This special salary assignment is applicable for the summer school program only.

2. Teacher reassigned to site supervisor

Teachers reassigned to work as a site supervisor (object code 113) during the summer school period shall be assigned to a School Administrator I-VII category by the local board of education.

Salary determination will be made by the local board of education within the salary range that corresponds to the School Administrator I-VII assignment.

N. DPI CONSULTANT

Teachers assigned to work with DPI on a statewide or regional instructional basis (e.g., state teacher of the year, PBL regional coordinator, Recruiters, Educators on Loan, etc.) during the school year are to be paid at the same monthly rate as they would earn in the position they held before being named a teacher-on-loan plus 6% above their certified salary for the length of their assignment at DPI.

It is common practice for LEAs to continue to pay these individuals their local supplements. Local Supplements may not be paid from State funds.

If a state Teacher of the Year returns to the classroom in an instructional role, they will continue to receive their normal salary plus 6%. The teacher will also have the option of eleven or twelve months of employment. The additional one or two months may include work on local, regional, and state initiatives; working with beginning teachers; serving on local, regional and state committees; developing and delivering professional development; or other functions as assigned by the employing LEA. The teacher will be responsible for signing a waiver form if he/she opts out of the twelve (12) months of employment.

NOTE: Regional consultants, Closing the Gap consultants, and previous teacher-on-loan do not qualify for this 6% increment.

Coding

The allotment for the DPI consultant is in PRC 096 Special Position Allotment. Individuals should be coded to school number “860”.

The allotment for previous Teacher of the Year is in PRC 001. Individuals should be coded to the school number in which they are assigned. Please notify the Salary Analysts to manually certify the additional 6% increment.
Effective date

For salary purposes, the consultant position is effective with the first day of the consulting contract.

O. INTERIM TEACHERS

An interim teacher may be employed when a vacancy in a teaching position exists by separation of employment. An interim teacher may not be employed to replace a permanent employee who is using paid leave.

1. Pay Basis

An interim teacher will be paid at his or her certified salary rating if:

- the interim employee is licensed in the area of assignment and
- service in the interim position is more than 10 teaching days, and
- is coded with an object code of 121.

An LEA may want to see if it is an advantage to the LEA or the individual to request a provisional license if the interim is certified but working out-of-field. The provisional license request may allow the individual to be paid with state funds and receive experience credit. However, the interim employee may be paid at the substitute rate if he or she requests to be paid at the substitute rate.

An interim teacher must be paid at the substitute rate if:

- the interim employee is not licensed in the area of assignment or
- service in the interim position is 10 teaching days or less,
- is coded with an object code of 122.

Interim teachers coded to 122 (non-certified) do not earn experience credit.

EXCEPTION: Retirees re-employed as classroom teachers must be coded to object code 121 as outlined in Section D and K above.

2. Budget code

Certified interim teachers are paid from the budget code from which the regular teacher (XXXX-XXX-121) being replaced was paid. Therefore, all interim teachers must be paid from the program report code from which the regular teacher being replaced was paid.

3. "Permanent" status

The interim teacher will be afforded all benefits due a permanent employee, if the period of interim employment will be at least six full consecutive monthly pay periods. (Benefits and Employment Policy Manual 1.1.2 (b) and 12.1.3.)
III. Substitute Teachers

A person is considered a substitute when filling in for a teacher who is on paid leave, not filling an interim position.

A. PAY BASIS

Current pay rates are indexed to the A-00 teacher rates.

<table>
<thead>
<tr>
<th>Substitute</th>
<th>Minimum Dollar Amount</th>
<th>Maximum Daily Rate</th>
<th>% of A-00 Teacher Rate (calc. on 22 days)</th>
</tr>
</thead>
<tbody>
<tr>

<td>159</td>
<td>65%</td>
</tr>
<tr>
<td>Unlicensed</td>
<td>$80</td>
<td>159</td>
<td>50%</td>
</tr>
</tbody>
</table>

Licensed

For licensed substitutes working either part-time or full-time, the pay rate is at least 65% of the A-00 teacher calculated on a 22 day month (not 21.5). The maximum pay rate allowable is the licensed daily rate of pay calculated on a 22 day month.

A licensed substitute must hold a current North Carolina license.

Unlicensed

For unlicensed substitutes working either part-time or full-time, the pay rate is at least 50% of the A-00 teacher rate calculated on a 22 day month (not 21.5). The maximum pay rate allowable is the daily rate of licensed substitutes pay calculated on a 22 day month.

NOTE: Under no circumstances can an unlicensed substitute earn more than a licensed substitute; however, the pay rate can be the same for both.

B. FULL-TIME SUBSTITUTES

A full-time substitute must work at least 30 hours per week and is expected to be employed at least six consecutive months. Full-time substitutes earn the same benefits as other employees and are paid as a substitute.

Full-time substitutes must be coded with an object code of 164.

C. NON-FULL-TIME SUBSTITUTES
Substitute teachers who are not classified as full-time can only be paid for the actual number of days worked. This payment does not include the option of pay for weekends, pay for holidays, etc.

**D. TEACHER ASSISTANTS AS A SUBSTITUTE**

When a teacher assistant is assigned to serve as a substitute teacher, the daily rate paid shall be the same as the daily rate for an entry-level teacher with an ‘A’ license (A-00) (calculated on 21.5 days).

An absence code (Reason Code 37) is to be charged to the regular teacher assistant assignment (object code 142) for each day or half-day, the teacher assistant serves as a substitute. The PRC for the payment of the teacher assistant’s substitute pay is the same PRC from which the teacher assistant is normally paid, except for substitute payment for staff development activities.

**E. FUNDING SOURCE**

1. **Instructional Personnel**

   Unless otherwise required, a substitute for a regular teacher is paid from the same source of funds from which the regular teacher is paid. If the teacher is paid from more than one fund, the substitute will be paid at the same percentage from each fund as the teacher for the appropriate number of days.

   **Example:** A teacher is 50% state and 50% local and is absent one day. The substitute will be paid for one day at 50% state and 50% local; NOT ½ day at 100% state and ½ day at 100% local.

   **Exceptions:**

   - **Substitute Pay for Staff Development:**
     The PRC used for the substitute’s payment due to staff development activities is the same PRC used for the teacher’s staff development payment. Substitute payments for staff development activities are **not** charged to object 312 (Workshop Expenses), but to one of the approved substitute pay object codes.

   - **Substitute Pay for Child Involvement Leave:**
     Substitutes employed for teachers taking Child Involvement Leave shall be paid from Local funds **only**.

2. **Principal Replacement**

   A substitute employed to replace the teacher who fills in for a principal shall be paid from the same source of funds as that of the principal’s salary (local, state, or federal). An assistant principal filling in for a principal does not constitute a substitute. Additional pay is not applicable to the assistant principal due to the terms in the contract of regular duties associated with the position of assistant principal.
3. Exceptional Children Requirements

When non-instructional temporary replacement personnel are required in the Exceptional Children Program, the replacement person shall be paid from the same source of funds as the employee being replaced. If a teacher assistant is absent and a temporary replacement teacher assistant is required by law to be placed in that absent position, the temporary replacement teacher assistant is paid based on the non-certified salary schedule, which includes teacher assistant. The same source of funds as the absent teacher assistant should be used.

C. SPEECH-LANGUAGE PATHOLOGISTS LICENSED BELOW THE MASTER’S DEGREE LEVEL

Speech-language pathologists licensed below the master’s degree level in area 88082 are to be compensated on the teacher salary schedule according to the number of years on their license and their highest level of education. (See Salary Schedules).

D. PROVISIONALLY LICENSED SCHOOL PSYCHOLOGISTS

School psychologists who are provisionally licensed and have not completed the sixth year education requirement will be compensated on the master’s degree ‘M’ teacher salary schedule.
V. Other Certified Personnel

A. OVERVIEW

Other certified personnel are employed in positions with job classifications requiring professional certification as prescribed by the State Board of Education. These positions do not require a professional license issued by the Licensure Section and are not required:

- to complete an approved education program or
- to achieve a specified minimum score on the National Teacher’s Examination/Praxis Examination.

B. SCHOOL NURSE

Effective July 1, 2002, school nurses employed in the public schools prior to July 1, 1998, shall not be required to be nationally certified to continue employment. Therefore, all school nurses employed since July 1, 1998, are required to be certified by either:

- the American Nurses Credentialing Center (ANCC) or
- the National Board for Certification of School Nurses (NBCSN)

1. Prerequisites for national certification:

2. Salary basis

Nationally certified school nurses who are employed in the public schools as nurses shall be paid on the classroom teacher’s ‘M’ salary schedule according to their years of experience. The Licensure Section does not currently license school nurses. LEAs will assign years of experience for their nationally certified school nurses using the formula Licensure uses to determine non-teaching experience for workforce development health occupations. Contact the Licensure section if you have any question on the rules for assigning non-teaching experience.

Non-nationally certified school nurses should be paid within the non-certified nurse salary range.

3. Budget code

Budget code 5840-xxx-131 should be used to code the nationally certified school nurses.

Budget code 5840-xxx-146 should be used to code the non-certified school nurses.

4. Daily rate of pay

Nationally certified school nurses are paid based on 21.5 days regardless of the number of weekdays in the month of service.

Non-certified school nurses whose term of employment is exactly 10 months (215 days) will be paid based on 21.5 days in a month. Those non-certified school nurses whose term of employment is not exactly 10 months (215 days) will be paid based on the actual number of workdays in a month (20, 21, 22, or 23).

5. Employing non-certified school nurses

LEAs may employ, if necessary, non-certified nurses. However, they must be hired with the stipulation that they become nationally certified within three years of their hire date.

Rule: Until national certification is attained, their salary shall be assigned according to the non-certified nurse ranges.
SECTION E
NON-CERTIFIED PERSONNEL

I. Salary Determinations

A. DAILY RATE OF PAY

Effective July 1, 2005, school-based non-certified employees whose term of employment is exactly 10 months (215 days) will be paid based on 21.5 days in a month.

School-based non-certified employees whose term of employment is not exactly 10 months (215 days), and all central office non-certified employees will be paid based on the actual number of weekdays in a month.

EXCEPTION: All teacher assistants will be paid based on 21.5 days in a month.

B. NON-EXEMPT HOURLY RATE OF PAY

Compute the hourly rate of pay for non-exempt employees using the following calculations:

<table>
<thead>
<tr>
<th>Step</th>

<tbody>
<tr>
<td>1</td>
<td>Monthly Salary x 12 = Annual Salary</td>

C. SALARY BASIS

Session Law 2018-5 Senate Bill 99

SECTION 8.6.(a) For the 2018-2019 fiscal year, the annual salary for noncertified public school employees whose salaries are supported from State funds shall be increased as follows:

(1) For permanent, full-time employees on a 12-month contract, two percent (2%).

(2) For the following employees, by a prorated and equitable amount based on the amount specified in subdivision (1) of this subsection:

   a. Permanent, full-time employees on a contract for fewer than 12 months.
   b. Permanent, part-time employees.
   c. Temporary and permanent hourly employees.
SECTION 8.6.(b) Of the funds appropriated in this act for salary increases for noncertified personnel in the 2018-2019 fiscal year, in lieu of the salary increases provided in subsection (a) of this section, the sum of four million three hundred eighty-seven thousand six hundred fifty dollars ($4,387,650) shall be allocated to local boards of education to increase the average rates of pay for all school bus drivers in the local school administrative unit on an equitable basis.

Non-certified personnel must be paid within the salary range for their job classification, based on a 40-hour workweek. If the established workweek is less than 40 hours, the hourly rate of pay must be based on a 40 hour workweek.

EXAMPLE: According to the Non-Certified Salary ranges in the salary schedule, the minimum allowed salary for a pay grade 55 employee is: $2040.09. This is based on the employee working 40 hours. If the employee works less than 40 hours, the individual has to be paid the same hourly rate as if they worked 40 hours, although they will not earn the $2040.09. If the employee worked 30 hours a week, the monthly salary would be $1,530.10. (52/12 x $353.10)

<table>
<thead>
<tr>
<th>Step</th>
<th>Calculation</th>
<th>Example</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Monthly Salary x 12 = Annual Salary</td>
<td>$2040.09 x 12 = $24,481.08</td>
</tr>
<tr>
<td>2</td>
<td>Annual Salary ÷ 52 = Weekly Salary</td>
<td>$24,481.08 ÷ 52 = $470.79</td>
</tr>
<tr>
<td>3</td>
<td>Weekly Salary ÷ 40 = Hourly Rate</td>
<td>$470.79 ÷ 40 = $11.77</td>
</tr>
</tbody>
</table>

The individual that worked the full 40 hours would earn $470.79 per week. An individual that worked 30 hours would only earn $353.10. Both are being paid the same hourly rate and would meet the minimum monthly salary requirements for a pay grade 55 employee.

EXCEPTION: Nationally certified school nurses are to be paid on the classroom teacher’s ‘M’ salary schedule. See Section D V.B.

D. AVERAGE SALARY/STATE ALLOTMENT COMPLIANCE

By the end of the third pay period each fiscal year, state law (G.S. 115C-12(16)(b)) requires that local boards of education place the following state-allotted positions:

- office support personnel (object codes 151),
- teacher assistants (object code 142), and
- custodial personnel (object code 173)
on the salary schedule adopted by the State Board of Education so that the average salary paid for each personnel classification is at least 98% of the state-allotted amounts. In placing these employees on the salary schedule, local boards shall consider each employee’s:

- education,
- training, and
- experience (including other local school administrative units).

**E. WORKWEEK**

Salaries for all classifications of non-certified personnel (excluding teacher assistants) are based on a 40-hour workweek. The monthly salary for standard workweeks of less than 40 hours must be prorated accordingly.
II. Source of Funds

A. STATE FUNDED NON-CERTIFIED EMPLOYEES

Each local board of education shall:

1. Examine the duties and responsibilities of all non-certified personnel in its employment whose salaries are paid from state funds (in whole or in part),
2. Classify non-certified personnel according to class specification in Class Specifications for Non-Certified Public School Employees, and
3. Pay these employees in accordance with the state salary ranges for non-certified personnel.

Class Specifications for Non-Certified Personnel can be found at https://www.dpi.nc.gov/districts-schools/districts-schools-support/district-human-capital

or contact DPI District Human Resources for assistance.

B. LOCAL OR FEDERAL FUNDS FOR NON-CERTIFIED EMPLOYEES

The local board of education shall have full authority to establish the salary of its locally or federally paid employees. Local boards are not bound by rules and regulations established for employees paid from state funds if they have adopted a local salary schedule that recognizes a difference in salaries based on variations in:

- duties,
- training,
- experience,
- professional fitness, and
- continued service in the same school.

If a local salary schedule is not adopted, the state salary schedule shall be in force.

C. PRORATING OF TIME - MULTIPLE POSITIONS - NO OVERTIME

Teachers and Other Personnel Who also Drive a Bus

If a teacher or other employee also drives a school bus during the hours designated as their standard workday, the standard workday of that individual must be adjusted to reflect actual work time and their salary adjusted accordingly. The bus driving time must be coded to and paid from the transportation allotment. The rate of pay for bus driver duty is based on the bus driver salary range. For example, if a teacher’s regular work hours begin at 7:30, but the teacher drives a bus from 7:30 till 8:00, the teacher would be prorated 93.33% employed as teacher and 6.67% employed as Bus Driver (no overtime applicable).
III. Overtime Pay Policy and Definitions

A. OVERTIME POLICY

As of April 15, 1986, overtime compensation must be provided to employees determined to be non-exempt on the basis of U.S. Department of Labor Regulations (Code of Federal Regulations, Chapter 29, Part 541) and other U.S. Department of Labor publications.

B. TYPES OF OVERTIME COMPENSATION

Public schools may provide this compensation in either of two forms:

- overtime pay at the rate of one and one-half times the regular rate of pay for all hours in excess of 40 hours in a workweek, or
- compensatory time off at a rate of one and one-half hours for each hour worked in excess of 40 hours in a regular workweek provided the employee is notified and is in agreement that compensatory time will be given before the work is performed.

C. WHO DECIDES HOW TO COMPENSATE?

The decision to provide either overtime pay or compensatory time off rests with the local board of education. The local board of education may establish policies on:

- the number of hours allowed to be accumulated up to a maximum of 240 hours and
- the timeframe in which these hours shall be taken (e.g., compensatory time off must be taken before annual vacation leave is used).

If compensatory time off is used, the following guidelines must be followed:

1. The employer and the employee must arrive at an understanding or agreement on the use of compensatory time before any work is performed.
2. Compensatory time must be given at the premium rate of not less than one and one-half hours for each hour of employment for which overtime compensation is required.
3. Employees may not accrue more than 240 hours of compensatory time (160 actual hours) for hours worked.
4. An employee who accrues the maximum amount of compensatory time (240 hours) must receive cash payments for any additional hours of overtime work.
5. If the employee is paid for the accrued compensation time off (i.e. cashed out), cash payments must be paid at the regular rate earned by the employee at the time the employee worked the overtime or receives such payment.
6. Upon termination of employment, an employee must be paid for unused compensatory time at a rate of compensation not less than (a) the average regular rate received by the employee during the last 3 years of employment, or (b) the final regular rate received by the employee, whichever is higher.
7. An employee who requests the use of compensatory time must be permitted to use such time within a reasonable period, if the use of compensatory time does not unduly disrupt the operations of the unit. Any unused compensatory time must be paid for at the time of separation from employment.

D. DETERMINING FLSA STATUS

The determination of exempt status for employees depends on:

- the duties of the position
- the employee’s actual work.
- the salary level and
- the salary basis/method of payment.

Generally, employees occupying positions requiring an educator’s license and others occupying professional or managerial positions without licensure requirements are exempt from the FLSA and are not subject to the overtime provision.

E. EXEMPTIONS FROM OVERTIME PAY

FLSA exemption determinations must be made at the local level.

Under the FLSA, the following groups of employees are exempt from the overtime pay provision:

1. Elected public officials, their immediate advisors, and appointees
2. Employees that meet exemption requirements for executive, administrative, professional and highly compensated occupations, and high-income computer employees, which are defined as follows:
   a. Executive employees - must earn a salary of $455 or more a week, and meet the following conditions:
      i. Primary duty (main, major or most important duty; generally, 50% or more of time) - must manage an enterprise, department, or subdivision thereof;
      ii. Supervision - must customarily and regularly direct the work of two or more employees;
      iii. Authority - must be able to hire and fire or suggest changes in status of other employees, and their input is given particular weight.
   b. Administrative employees - must earn a salary or fee of $455 or more per week, except for academic administrative personnel, who must earn at least the entrance salary for teachers in the school or educational institution by which employed; and meet the following conditions:
      i. Primary duty (main, major or most important duty; generally, 50% or more of time) - must perform office or non-manual work relating to management policies, or general business operations, or perform functions in the administration of a school or educational institution in work directly related to academic instruction;
ii. Other duties - must regularly and directly assist an executive or administrative employee, or must work under general supervision along specialized or technical lines that require special training, experience, or knowledge, or must execute specialized assignments under only general supervision;

iii. Discretion - must customarily and regularly exercise discretion and independent judgment with respect to matters of significance.

c. Professional employees - must earn a salary or fee of $455 or more per week, except this requirement does not apply to teachers employed by schools or other educational institutions, or to qualified computer employees who may be paid on an hourly basis of at least $27.63 per hour. In addition, the following conditions must be met:

i. Primary duty (main, major, or most important duty; generally 50% or more of time) - must perform work requiring advanced knowledge in a field of science or learning acquired by specialized study; or must perform original and creative work in a recognized artistic endeavor, which depends primarily on the invention, imagination, or talent of the employee; or must teach; or must perform work requiring theoretical and practical application of specialized knowledge in computer systems analysis, programming design, or software engineering;

ii. Other duties - learned professionals must perform work that is predominantly intellectual and varied in nature and involves output, which cannot be measured on the basis of standardized units of time;

iii. Discretion - must consistently exercise discretion and judgment.

F. SPECIAL PROVISIONS - PUBLIC EMPLOYEES

One of the most important factors used to determine whether an employee qualifies for the overtime exemption is that the employee must be paid on a “salary basis.” One test used by the US Department of Labor to determine “salary basis” payment is whether an employee’s pay is subject to reduction for time away from work of less than one day. This test has been recognized as an important factor in determining the line between exempt and non-exempt employees. However, this test does not work well in the public sector. Statute or public policy requires public employers to use pay systems that require all employees to use accrued leave or incur a reduction in pay for absences from work. Thus, under the above test, all public employees, including managers who otherwise would clearly be exempt from the overtime requirements, could be considered non-exempt. As a result, the US Department of Labor has adopted regulations to eliminate this anomaly. Under this rule, an otherwise exempt public-sector employee who is paid according to a pay system that reduces earnings for time away from work of less than one day will not be disqualified from exemption because of such a pay system. Furthermore, the exemption will not be lost because of budget-required furloughs that are not regular and recurring, except in the workweek in which such a deduction occurs.
IV. Calculating Overtime Pay/Hours

A. STATE DOES NOT ALLOT OVERTIME FUNDS

The state does not provide additional funds to pay overtime. If overtime occurs and money is not available in the state allotment from which the employee is paid, it must be paid from local fund sources.

B. STANDARD WORKWEEK

All monthly salaries shown in the non-certified section of the state salary schedule are based on a standard workweek of 40 hours.

Workweek:

The workweek is a fixed and regularly recurring period of 168 hours (seven consecutive 24-hour periods).

An employee who is subject to the requirements of FLSA is entitled to overtime at time and one-half for all hours worked over 40 in a workweek. Holidays and paid leave do not count toward the 40-hour requirement.

Employee’s regular workweek:

For a non-exempt employee, the employee’s regular workweek is the period of time (hours) for which the salary is intended to provide compensation.

EXCEPTION: The standard workweek for teacher assistants is established by the local board of education.

1. Regular workweek less than 40 hours?

If an employee’s regular workweek is less than 40 hours, the employee is not entitled to overtime pay until hours worked exceed 40. However, the employee may be entitled to straight-time pay for hours worked up to 40, unless it is clear that the salary covers a 40-hour workweek.

Hours worked do not include any pay for:

- holiday,
- vacation, or
- sick leave.

If the regular workweek includes any pay for:

- holiday,
- vacation, or
- sick leave,

the employee must work in excess of 40 hours, excluding paid leave days to receive overtime pay.
2. Hours worked

Hours worked includes all the time that an employee is required to be on duty, on the employer’s premises or at another prescribed workplace, and all times during which the employee is permitted to work for the employer. It also includes any work, which the employee performs on or away from the premises, if the employer knows or has reason to believe that the work is being performed. If an employee’s regular workweek is less than 40 hours, the employee is not entitled to overtime pay until hours worked exceed 40. However, the employee may be entitled to straight-time pay for hours worked up to 40, unless it is clear that the salary covers a 40-hour workweek.

3. Volunteer work

An employee cannot volunteer to perform work that involves duties, which are normally associated with the employee’s regular work. Volunteers may be paid expenses, reasonable benefits, a nominal fee, or any combination of these for their services without losing their volunteer status. The value of any benefit or nominal fee received by an employee for volunteer work would be reported on the employee’s annual W-2 form.

4. Occasional or sporadic work

The FLSA provides that State and local government employees can work “occasionally or sporadically” at another job for the same public agency, without requiring the employer to combine the hours from both jobs in determining the overtime liability. However, to use this exemption, the employee must work at the other job solely at his/her option, and the other job must be on a part-time basis and must be infrequent, irregular or occurring in scattered instances. In addition, the employee’s other job must be in a different capacity from his/her regular job.

C. SALARY

An employee’s salary includes:

- the amount of compensation to which the employee is entitled during the year from the salary schedule;
- the amount of longevity pay, if any, to which the employee is entitled during the year; and
- the amount of local supplement, if applicable, to which the employee is entitled during the school year,
- non-discretionary bonuses (i.e. the employer contract agrees or makes a promise to pay it).

<tr>

<td>Weekly salary + overtime pay = total gross wages due</td>
</tr>
</tbody>
</table>

E. CALCULATION WHEN EMPLOYED IN MORE THAN ONE POSITION

When a non-certified person is employed:
- in two or more positions having different rates of pay and
- the total hours worked in the workweek exceeds 40.

If agreed upon by both the employer and the employee, up to 240 hours may be granted as compensatory time off instead of overtime pay. Hours of compensatory time shall accrue at a rate of time and a half. Overtime compensation, in the form of overtime pay or compensatory time shall be provided after 40 hours of work and cannot be waived by agreement between the employer and employee.

**Prorate overtime to budget codes for each position**

Allocation of overtime pay at time and one-half must be prorated to the overtime budget codes for each position’s respective allotment.

**a. Non-exempt Employee and a Non-exempt Position:** If a non-exempt employee works in more than one capacity (i.e., teacher assistant/bus driver), all compensation would be paid from the sources of funds that incurred the expense. For example, if the teacher assistant/bus driver worked 45 hours in a given week, the first 40 hours would be distributed and paid at straight time according to the work normally performed. The appropriate number of hours would be paid for teacher assistant duties from the teacher assistant allotment, and the appropriate number of hours would be paid for bus driver duties from the transportation allotment. **Payment for the five (5) hours of overtime must be prorated between the same budget codes as the salary payments.**
Use the respective percentages calculated by comparing the number of hours in the teacher assistant position to the total hours and the number of hours in the bus driver position to the total hours to prorate the overtime payment. The overtime payment would be charged to the appropriate overtime expenditure code in each allotment.

b. **Non-exempt Employee and an Exempt Position:** When a non-exempt employee works in more than one capacity and the second position is typically held by an exempt employee (i.e., teacher assistant/athletic coach), those hours worked as a coach are categorized as non-exempt hours. Where the employee who coaches beyond the regular full-time duties performed in a position which is non-exempt under the Fair Labor Standards Act, the employee remains non-exempt in the coaching position. This is true even though a full-time coach could be classified as exempt. **Part-time duties of non-exempt employees do not change their classification; the full-time duties control in fixing the status of non-exempt employees.**

c. **Exempt Employee and a Non-exempt Position:** If an exempt employee works in more than one capacity, and the second position is typically held by a non-exempt employee (i.e., teacher/bus driver), the amount of time worked per week in the non-exempt position **must** not be the employee’s primary duty. Therefore, if the employee’s regular workweek in a combination job is 40 hours, then they may work only eight hours per week in a non-exempt position without changing their classification to non-exempt, and **none** of the time worked would be subject to overtime. However, if the employee worked more than eight hours in a non-exempt position, then the employee’s classification would change to non-exempt and **all** of the time worked would be used to qualify for overtime.

d. **Exempt Employee and Non-Exempt Summer Employment:** When a 10-month employee (i.e., teacher) works as a painter or in some similar class of work during the summer months, that employee is to receive time and a half compensation for hours over 40 per week during those summer months. This answer is based upon the implicit assumptions that (1) the employee is employed by the same employer during the summers as during the school term, and (2) that the employee does not perform his/her regular full-time teaching duties during the summer months. Work as a painter is non-exempt under the Fair Labor Standards Act, and the requirements pertaining to overtime (i.e., hours over 40 hours per week) apply to that employee.

F. **OVERTIME CALCULATION: MULTIPLE POSITIONS WITH DIFFERENT PAY RATES:**

1. Determine the total number of hours worked during the workweek in each position.
2. Determine the employee’s hourly rate of pay for each position.
3. Multiply the number of hours worked during the workweek in each position by the appropriate hourly rate of pay.
4. Total the results for all positions to determine the total regular wages.
5. Divide the result in #4 above by the total number of hours worked during the workweek in all positions to determine a weighted hourly rate of pay for the employee.
6. Multiply the weighted hourly rate by .5 and then multiply the result by the number of hours worked in the workweek in excess of 40 to determine the overtime premium.
7. Add the result in #6 to the result in #4. This is the employee’s total gross compensation due.
8. Total gross compensation, consisting of salary and overtime pay, must be prorated among the positions worked, with overtime pay recorded to the appropriate overtime code.

**EXAMPLE:**

1. & 2. Teacher Assistant 30 hrs @ $11.89  
   Bus Driver 15 hrs @ $11.43  
   Total Hours Worked 45 hrs

**Total Gross Compensation would be computed as follows:**

3. Teacher Assistant 30.0 hrs x $11.89 = $356.70  
   Bus Driver 15.0 hrs x $11.43 = $171.45

4. Regular Wages  
   $528.15

5. $528.15 ÷ 45 hrs = $11.74 weighted hourly rate

6. $11.74 x .5 = $5.87 = ½ time rate
7. $5.87 x 5 = $29.35 overtime premium
8. $528.15 + $29.35 = $557.50 Total Gross Compensation

9. **Proration of Overtime Pay:**

   Teacher Assistant Overtime Pay:
   30 ÷ 45 = .6667 x 5 hrs x $11.74 x 1.5 = $58.70

   Bus Driver Overtime Pay:
   15 ÷ 45 = .3333 x 5 hrs x $11.74 x 1.5 = $29.35

   $58.70 Coded to Teacher Assistant Overtime Pay  
   $29.35 Coded to Bus Driver Overtime Pay  
   $88.05 Total Overtime Pay

   Total Gross Compensation = $557.50  
   Total Overtime Pay = - $88.05  
   Total Straight Time Pay = $469.45
Proration of Salary Payment:
Teacher Assistant $469.45 x .6667 = $312.98
Bus Driver $469.45 x .3333 = $156.47
Total Straight Time Pay $469.45

G. FUNDING SOURCE

Whether an employee is funded from multiple state sources, multiple federal sources, multiple local sources, or a combination of any of these sources, the appropriate wage for hours worked (both for straight time and overtime) must be paid from the funding sources appropriate for the duties being performed.

Overtime compensation is an expense that is paid from available funds in the appropriate allotment. No additional allotments are made to cover these expenses. Therefore, if overtime occurs and funds are not available in the appropriate allotment, the overtime must be paid from local funds. This is true regardless of the funding sources for employees subject to the Fair Labor Standards Act. Overtime pay must be charged to object code 199. The regular salary object code (i.e., 142, 171) is not used for the payment of overtime.

H. DUE DATE OF OVERTIME PAYMENT

Overtime compensation earned in a particular workweek must be paid to the employee on the regular payday for the period in which such is done. If this is not possible due to cut off times necessary for preparing payrolls, then payment must be made no later than the next regular payday.

I. RECORD KEEPING

Under FLSA, all covered employers must meet certain record keeping regulations. These records must be kept for each non-exempt employee. The following is a listing of the basic records that an employer must maintain:

1. Every LEA shall maintain and preserve payroll or other records containing the following information and data:
   a. Employee’s full name and social security number.
   b. Home address, including zip code.
   c. Date of birth, if under 19.
   d. Sex and occupation.
e. Time of day and day of week on which the employee’s workweek begins (can be stated in LEA policy).

f. Hours worked each day.

g. Regular hourly rate of pay in any workweek in which overtime premium is due; basis on which wages are paid (e.g., $6/hour, $220/week, $1300/month); the amount and nature of payments which are excludable from the regular rate of pay. (Basis of which employee’s wages are paid)

h. Total daily and weekly hours of work.

i. Total daily or weekly straight time earnings.

j. Total overtime earnings for the workweek.

k. All additions to or deductions from wages.

l. Total wages paid each pay period.

m. Date of payment and the pay period covered by payment.

2. The basic record keeping requirements for employees subject to the compensatory time provisions are:

   a. All of the applicable information above,
   b. The number of hours of compensatory time earned each workweek, or other work period, by each employee at the rate of one and one-half for each overtime hour worked,
   c. The number of hours of such compensatory time used each workweek, or other work period, by each employee,
   d. The number of hours of compensatory time paid in cash, the total amount paid, and the date of such payment, and
   e. Any collective bargaining agreement or written understanding or agreement with respect to earning and using compensatory time. If such agreement or understanding is not in writing, a record of its existence must be kept.

3. The basic record keeping requirements for executive, administrative, and professional employees are:

   a. All of the information required above in (1.) except for items (f) through (k).
   b. Necessary information to permit calculation for each pay period of the employee’s total remuneration for employment, including fringe benefits (e.g., $2000 per month plus hospitalization, insurance plan A, benefit package B, and two weeks paid vacation).

Records of the required payroll information must be preserved for three (3) years. Records on which wage computations are based should be retained for two (2) years; i.e., time cards, wage rate tables, time schedules, and records of additions to or deductions from wages.

An employer that fails to maintain adequate records could face serious consequences if subjected to enforcement proceedings or a lawsuit seeking to collect back wages and unpaid overtime.
J. ENFORCEMENT

Investigators for the local Wage and Hour Division of the US Department of Labor enforce the provisions of the FLSA. The wage-hour investigators have the authority to conduct investigations and gather data on wages, hours, and other employment conditions or practices, in order to determine compliance with the FLSA. If violations are found, the wage-hour investigators have the authority to recommend changes in employment practices in order to bring an employer into compliance with the FLSA. Employers who willfully violate the FLSA may be prosecuted criminally. The violator may be fined criminal penalties up to $10,000, and a second conviction may result in imprisonment. Employers who willfully or repeatedly violate the overtime pay provisions are subject to civil monetary penalties of up to $1,100 per violation. Finally, the FLSA prohibits the shipment of goods in interstate commerce, which were produced in violation of the overtime pay provisions.

K. COMMON VIOLATIONS

The 10 most common violations made by employers are as follows:

1. **Misclassification of employees as exempt from the overtime requirements of the FLSA.**
   In many cases, an employee has been erroneously classified as exempt and should have been receiving overtime.

2. **Not properly compensating employees for meal and break periods.**
   Generally, an employee must be paid for meal periods unless:
   a. the period is at least 30 minutes long,
   b. the employee is completely relieved of duties, and
   c. the employee can leave the work post, although he/she can be required to stay on the premises of the unit.
   If an employee is required to perform work during this time, it must be counted as hours worked even if the period is labeled as a meal period and the employee eats during this time. Rest periods and coffee breaks of 20 minutes or less are generally required to be counted as hours worked.

3. **Not compensating employees for “on call” time.**
   If an employee is required to sit by the phone and be available for a phone call and come to work immediately, that time is compensatory.

4. **Not paying employees for time in training and other educational sessions.**
   Payment is required when attendance is mandatory, and the training session is designed to enhance the skills needed by an employee to perform a current job assignment. Teacher assistant training to meet the employment criteria under “No Child Left Behind” legislation is exempt from this requirement.

5. **Not paying employees for compensatory travel time.**

6. **Not properly administering a compensatory time off policy that substitutes time off for overtime.**

7. **Not compensating employees for unauthorized overtime.**
   If management is aware that an employee is working before or after normal hours, during break times, or at home, the hours worked must be compensated and included as overtime if the employee has worked more than 40 hours in a week.
8. **Failing to include** certain non-discretionary bonus payments or overtime into weekly payments for overtime calculation.
9. **Not paying employees for all time that is recorded on time cards.**
10. **Not maintaining accurate records or in cases of dual recordkeeping, having inconsistent records.**

M. **SAMPLE QUESTIONS - OVERTIME PAY**

1. When a teacher assistant (or any non-exempt employee) is also employed beyond their regular workweek as an athletic coach, are those hours worked as a coach in the exempt or non-exempt category?

   **Answer** - Non-exempt: When an employee coaches beyond the regular duties performed in a full-time position which is non-exempt under the FLSA, the employee remains non-exempt in the coaching position. This is true even though a full-time coach could be classified as an exempt position. Part-time duties in this instance do not change the status as the full-time primary duties predominate in fixing the character of the position.

2. When a teacher, who is exempt from FLSA by the law during the regular ten month term, also works as a painter or in some such class of work during the summer months, is that employee to receive time and a half compensation for hours over forty per week during those months?

   **Answer** - Yes, this answer is based upon the implicit assumptions that (1) the employee is employed by the same employer during the summer as during the school term, and (2) that the employee does not perform his/her regular full-time teaching duties during the summer months. Work as a painter is non-exempt under the FLSA, and the requirements pertaining to overtime (i.e., hours over 40 hours per week) applies to that employee.

3. When a school secretary volunteers to serve as an athletic coach for a small fee, are those hours worked as a coach eligible for overtime compensation?

   **Answer** - No, according to the Fair Labor Standards Act, employees who volunteer their time outside their normal services and who receive only expenses, reasonable benefits, or a nominal fee are exempt from coverage under the FLSA. When utilizing school employees who volunteer their time to coach, always take care to see that their services are totally voluntary, are not similar to their normal duties, and are rewarded with a nominal fee, expense reimbursement, or on some other basis that is clearly not a salary.
4. When a maintenance or any other non-exempt employee is employed beyond their regular workweek to perform work at the school (cleanup, opening and closing of school, etc.) for an outside agency, how is the employee paid?

**Answer** - If the employee is required to perform work for the outside agency, anytime worked over 40 hours is payable at time and a half. The employee is still considered an employee of the school system when conducting this type of work for the outside agencies and is paid accordingly. The school system should pay the employee the applicable rate (including overtime, if appropriate) and have the outside agency reimburse the school system, if the outside agency is required to pay for this service by the school system. Payment for this type of activity must be paid from local funds. Note, however, that an employee could choose to volunteer to assist an outside agency, and such work would not have to be compensated as long as the outside agency is considered an independent entity from the school district.

5. What is the workweek for a non-exempt employee?

**Answer** - The workweek is established by the local Board of Education for teacher assistants. For all other non-certified employees the salary manual provides for a 40 (forty) hour workweek.

II. Installment Pay

NOTE:
The installment payment method may be granted only if the employee requests
installment pay on or before the first day of the school year.

*If an employee on installment pay has a break in service during the school year (i.e., on
Worker’s Compensation, short-term disability, leave of absence, etc.), they are no longer
on payroll status for 10 months and are therefore, no longer eligible for installment pay.
The LEA must adjust the employee to non-installment status.

A. ACADEMIC TEACHERS

According to Public School Law, G. S. 115C-302.1(b), State-allotted teachers shall be
paid for a term of 10 months. Each local board of education shall establish a set date on
which monthly salary payments to State-allotted teachers shall be made. This set pay date
day may differ from the end of the month of service. Any individual teacher who is not
employed in a year-round school may be paid in 12 monthly installments if the teacher so
requests on or before the first day of the school year. Such request shall be filed in the
local school administrative unit, which employs the teacher. The payment of the annual
salary in 12 installments instead of 10 shall not increase or decrease the teacher’s annual
salary nor in any other way alter the contract made between the teacher and the local
school administrative unit. Teachers employed for a period of less than 10 months shall
not receive their salaries in 12 installments. Employees hired for more than 10 months
cannot be paid on installments.

Principals, Superintendents and Directors are not eligible for installment pay.
Only 10 month Assistant Principals are eligible for installment pay.

B. SCHOOL EMPLOYEES PAID ON AN HOURLY BASIS

According to Public School Law, G. S. 115C-316, “Salary payments to employees other than those covered in G.S. 115C-272(b)(1), 115C-285(a)(1) and (2), 115C-302.1(b) and 115C-316(a)(1) shall be made at a time determined by each local board of education. Expenditures for the salary of these employees from State funds shall be within allocations made by the State Board of Education and in accordance with rules and regulations approved by the State Board of Education concerning allocations of State funds: Provided that school employees employed for a term of 10 calendar months in year-round schools shall be paid in 12 equal installments: Provided further, that any individual school employee employed for a term of 10 calendar months who is not employed in a year-round school may be paid in 12 monthly installments, if the employee so requests on or before the first day of the school year. Such request shall be filed in the administrative unit, which employs the employee. The payment of the annual salary in 12 installments instead of 10 shall not increase or decrease said annual salary nor in any other way alter the contract between the employee and the said administrative unit.”

C. INSTALLMENT PAY INDICATORS

Beginning with the 1998-1999 school year, installment indicators were given new descriptions. They only indicate when the last 2 installment payments are made to an employee. The type of school calendar does not affect the installment indicator. The table below details the valid numeric characters and the new interpretations.

<table>
<thead>
<tr>
<th>Numeric Indicator</th>
<th>11th and 12th Installment Months</th>
</tr>
</thead>
<tbody>
<tr>
<td>0</td>
<td>Not applicable. Employee is paid on a 10-month schedule.</td>
</tr>
<tr>
<td>1</td>
<td>July and August</td>
</tr>
<tr>
<td>2</td>
<td>May and June</td>
</tr>
<tr>
<td>3</td>
<td>June and July</td>
</tr>
</tbody>
</table>

Please note that indicator numbers 4 and 5 are invalid installment indicators. If the installment indicators are improperly reported, position resources will be overused and could result in allotment overdrafts. Therefore, it is imperative that these indicators be correct.

If you have any questions, please contact the School Reporting Section for help.

NOTE: 11-month employees cannot be on installment payments.

If installment pay indicators are changed prior to the payment of the 11th and 12th installments, it will not be necessary to change data for salary payments already submitted.

D. BUS DRIVERS
It is permissible to pay bus drivers employed in full or part-time permanent positions in equal monthly installments (i.e., ten equal checks instead of ten checks of varying amounts.) If a driver is paid an hourly wage, it must be annualized, and then divided by the months of employment. The formula is as follows:

**Formula:** \( \text{Number of Days of employment} \times \text{daily rate} = \text{annual salary} \div \text{months employed} = \text{monthly rate}. \)

**Example:** 200 days = length of employment (180 driver days, 10 holidays, 10 vacation days); and 10 months of employment.

- \$65 = \text{daily rate} (\$13.00 \text{ per hour} \times 5 \text{ hours per day})
- \$200 \times \$65 = \$13,000 \text{ annual salary}
- \$13,000 \div 10 = \$1,300 \text{ monthly rate}

Adjustments for payments of unearned holiday and annual leave must be made if employee resigns during the school year.

**NOTE:** The payment of a bus driver “bonus” (unless specifically legislated) is ineligible from state funds. If and when legislated, bonus pay must be paid from the regular bonus program report code, PRC 45 - Compensation Bonus, not the transportation program report code, PRC 56 - Transportation of Pupils. Under no circumstances can bus drivers be paid above the state salary schedule from state funds.

Note: If using absence code 10, please contact the Salary Administration section and inform them on how this absence is being recorded (whether using a standard deduction or daily rate).

Other Absence Code 12 - Leave Adjustment is no longer needed since the absence deduction is no longer based on the type of substitute but has been standardized at $50.00.

For a full discussion of employee leave policy; see the Benefits and Employment Policy Manual.

C. ABSENCE WITH DEDUCTIONS

The LEA will make deductions from public school employees’ salaries in the following cases:

1. Leave with Deduction: Absences not covered under the rules of Leave with Pay require a deduction of $50.00 from the regular teacher’s salary. The superintendent must approve these absences. These absences include:
   a. Extended Sick Leave
   b. Personal Leave (See Note 1)
   c. Other Absence with Deduction includes leave for professional obligations. Permanent public school employees who have professional responsibilities, or who need to attend professional meetings, may be absent with pay minus a salary deduction of $50.00. This deduction is mandatory whether or not a substitute is employed. Such absences are allowed only with the approval of the local superintendent and will be allowed for a period not exceeding three successive days for in-state meetings or five successive days for out-of-state meetings. Absences for this purpose may not exceed ten days for the school year. The limitation shall not apply to a person who is a local or district president or president-elect, state or national officer of a professional education association, or a person selected as the National Teacher of the Year. The Office of the State Superintendent shall upon request determine the eligibility of the professional education association.

(Note 1) $50 Personal Leave deduction shall be refunded if no substitute is hired for the teacher.

2. Day’s Pay Deduction: Monthly Salary divided by days in the pay period.

3. Leave of Absence without Pay:
   a. Family Medical Leave: If the employee does not elect to use earned leave or the employer does not wish to require use of earned leave. (Reference Section 4, in the Benefits and Employment Policy Manual.)
   b. Military leave without pay for certain periods of active duty or attendance at service schools beyond annual eligible days. (See Section 10, in the Benefits and Employment Policy Manual.)
IV. Personal Use of Vehicles

The value of fringe benefits that you provide to your employees is taxable and must be included in their income as compensation, unless law specifically excludes the benefits, or the employee pays fair market value for them. Some of the benefits you may provide to your employees that must be reported in their income include their personal use of an employer-provided vehicle.

The total value of the fringe benefit is determined by the employer and included on the W-2 of the employee. The employer reports the taxable fringe benefits in the “wages, tips, and other compensation” box and, if applicable, in the “social security wages” and “Medicare wages” boxes on Form W-2. The total value of the fringe benefits should also be shown on Form W-2.

The reporting and withholding on personal use of employer-provided vehicles must be handled through **local funds**. To submit this information on your state payroll records is incorrect and results in a salary discrepancy and an expense to the state for the matching social security on an ineligible charge. If you have previously handled your personal use of employer-provided vehicles through state funds, a refund for the salary plus social security matching (and retirement, if applicable) is due immediately. All future reporting must be handled through **local funds**. For additional information, please refer to IRS **Publication 17 - Your Federal Income Tax**, **Publication 505** - Tax Withholding and Estimated Tax, or **Publication 535 - Business Expenses**.
