Eligible School Summary Report (ESSR) PowerSchool Data Webinar

Anita Harris

Federal Program Monitoring and Support
Who reports? All LEAs and Charter Schools, both those that receive Title I funds and those that do not receive Title I funds

What is collected? Total # Children enrolled at the school/ Total # low-income children/ Title I program (or non-Title I) that will operated during upcoming school year

Why is it collected? Reported to USED
How is ESSR data used?

• To determine Teacher Loan Forgiveness eligibility

• To determine Per Pupil Allocation in CCIP (Building Eligibility)

• Input source for Student Report Card
Teacher Loan Forgiveness

• “Low-income” schools are those schools with a poverty percentage of \textbf{at least 30\%}.
• Each year, the U.S. Department of Education (USED) publishes a list of low-income elementary and secondary schools.
• The list of schools for North Carolina is generated from the annual Eligible Schools Summary Report (ESSR).
Teacher Loan Forgiveness

• The North Carolina Department of Public Instruction does NOT make determinations as to teacher loan forgiveness funding. NCDPI can supply general program and eligibility questions

• All questions about loan reductions need to be made to the teacher’s loan holder.
Teacher Loan Forgiveness

- USED

- NCDPI
School should be ‘LEA Office’, Term should be the school year for which you’re collecting the data.

What is Community Eligibility Provision (CEP)?

- Section 104(a) of the Healthy, Hunger Free Kids Act of 2010 amended the National School Lunch Act to provide an alternative to household eligibility applications for free and reduced price meals in high poverty LEAs and schools.

- CEP allows eligible schools to provide breakfast and lunch to all students free of charge without the burden of collecting and processing school meal applications. Schools that have adopted CEP are reimbursed using a formula based on the percentage of enrolled students participating in other Federal assistance programs.

What are the requirements for participation in CEP?

• The LEA, school(s), or cluster of schools must have a minimum of 40% “identified students” based on enrollment; this is not the same as the percent of students eligible for free or reduced-price meals.

• LEA must agree to provide meals to all students at no cost

• LEA must cover costs not provided in federal meal reimbursement with NON-federal funds

• LEA must NOT use household applications in CEP schools
What is Direct Certification?

• Direct certification is the process under which LEAs certify children who are members of households receiving assistance under the Food Stamp program, Cash Assistance (formerly TANF) or FDPIR as eligible for free school meals, without further application, based on information provided by the State/local agency administering those programs.
Select Option Used to Determine Poverty Percentage

**Option 1:** Enter Only Direct Certification in All Schools (CEP and Non-CEP)

- # Low-Income Students = # Direct Certification

**Option 2:** Direct Certification in CEP Schools & Household Applications in Non-CEP Schools

- CEP = # Low Income Students = # Direct Certification
- Non-CEP = # Low Income = # Free and Reduced

**Option 3:** Direct Certification in All Schools regardless of being CEP or Not & Use 1.6 Multiplier in All Schools

- # Low Income Students = # Direct Certification
