**Global-Ready School**

*Preparing Students for the World: Final Report of the State Board of Education’s Task Force on Global Education* (January 2013) provides a set of recommendations for ensuring that every student who graduates from our public schools is “prepared to be a globally engaged and productive citizen.” Recommendation 4.2 states: “Institute a Global-Ready designation for schools and districts that provides a process and incentives for K-12 world language opportunities for all students; pathways for teachers to achieve State Board of Education recognized badging and career ready-employer requirements, among others”.

**Global-Ready Designation**

The NC Global-Ready School Implementation Rubric is built around the North Carolina Department of Public Instruction’s (NCDPI) “Global-Ready School Attributes,” which describe characteristics of a high-quality Global-Ready School.

The rubric articulates a common language for Global-Ready School implementation strategies and establishes a continuum describing beginning-to-great global schools. The rubric can serve as a guide for schools or other organizations in the design and/or implementation of Global-Ready leading and learning efforts. The rubric may be used to reflect on characteristics of a school model and to plan action steps for the future.

NCDPI is using this rubric as the framework for the “NC Global-Ready School Designation” application. The rubric is available at: [https://files.nc.gov/dpi/documents/globaled/actions/rubric.pdf](https://files.nc.gov/dpi/documents/globaled/actions/rubric.pdf)

Application Guide and Directions

Requirements for Designation

1. Schools that have earned the “Prepared” or “Model” designations can seek the renewal designation at the same level. If schools want to advance the designation an initial application must be submitted.

Rubric Terms and Organizational Structure

Each Overarching Principle has a set of **Attributes**. Each Attribute is defined by **Key Elements**. Each Key Element is measured by **Levels of Achievement**. The Levels of Achievement indicators are as follows:

- **Early**: There is awareness for school-wide for global education. The school has a few systems and structures in place to support global education and needs to identify and integrate systematic support for these efforts. Limited practices showing little impact on students.

- **Developing**: The school occasionally implements systems and structures to support global readiness. The school recognizes the need for global connectivity and has some components of global connections. An opportunity exists for refining systems and structures. Inconsistent practices showing some positive impact on students.

- **Prepared**: The school effectively implements systems and structures (processes) to support global readiness. Many components of global education are embedded school-wide. Sound, well-embedded practices showing positive impact on students.

- **Model**: The school consistently implements systems and processes to support global readiness. The school is a leader for other schools to replicate or model. Global readiness is embedded in the school’s culture. Well-developed, cutting edge practice showing consistent, high-level student impact.

Please remember that the renewal application is only for schools seeking to maintain their current Prepared or Model designation level. Renewal applications will be evaluated under the initial designation model for the 10 Attribute Statements:

- **PREPARED**: Eight Attributes at the Prepared or Model level of achievement. Two Attributes may be at Developing level of achievement.

- **MODEL**: Eight Attributes must be at Model level of achievement. Two Attributes may be at Prepared level of achievement.

Applicants will complete a self-assessment for each Attribute rating. Narratives for reflection questions will be at the Overarching Principle level only for the renewal process. The major change for the renewal process is in Form B. This form is where the school responds to the questions reflecting the Overarching Principles. The three short narratives (approximately 500 words each) should provide the evaluator with a clear picture of how the school has maintained their status and commitment to global education. *Note: Evidences that schools provide may include: links to data, documents, video clips (less than 2 minutes), web pages, etc.* On Form B, the applicant should note the artifacts and have provided a link for each one.
Renewal Process

To renew the Global-Ready School (GRS) Designation, schools must complete the following forms:

- **Form: Letter of Intent to Apply**
  - Schools in North Carolina planning to apply for renewal recognition are required to fill out the following the intent to apply.
  - This is to ensure you receive information about the application, timeline, and resources which will provide assistance in this process.
  - To receive fillable GRS Renewal Application forms, please complete The Intent to Apply form (does not obligate the school to complete the application).

- **(Form A) GRS Application Cover**

- **(Form B) GRS Renewal Self-Assessment Form**, which includes the three Overarching Principles and the Ten Attributes of Global-Ready Schools. For each Attribute listed, please self-assess your current level of achievement, whether it is “Developing,” “Prepared” or “Model.” See page 4 to determine criteria for each renewal designation. For each overarching principle, complete a narrative (approximately 500 word) to address the summative question(s). Include links to evidence that support the renewal application narrative. Evidence that schools provide may include links to data, documents, video clips (less than 2 minutes), web pages, etc.

- **(Form C) GRS Signature Page**

Review Process

Each application will be reviewed to ensure it is complete (Forms A-C) and submitted according to the directions. Renewal application forms can be found on pages 6-10 of this document. Schools will be notified in May of their application status.

Tips for Completing the Renewal Application

- Designate a point person who will ensure the self-assessment form and questions related to each Overarching Principle are complete. Please remember that question responses should not exceed 500 words and should reflect the Overarching Principle.
- Include artifacts and/or videos as part of your responses to the Overarching Principle section. Be sure to provide links to artifacts that are accessible without password and/or account restrictions. Hard copies of artifacts will not be accepted.
- Establish a timeline for completing the renewal application, including the time for district level review and approval as determined by the superintendent.
- Remember the rubric is a roadmap; it is not intended to restrict a school’s ability to make adjustments in the process of achieving their goal.
- Complete Forms A, B, and C and submit all 3 forms.
