Trends - Our Metrics

We are looking at a combination of metrics over the last 14 days.

- COVID-like syndromic cases
- Cases
- Positive tests as a percentage of total tests
- Hospitalizations

We are also looking at our capacity for testing, tracing and personal protective equipment.
The percent of visits to the Emergency Department for COVID-like illness is increasing.
Trends
Trajectory of Cases from 8/15

From 8/15, new cases in North Carolina are increasing.
Trends
Trajectory % of Tests that are Positive
Percent positive for SARS-CoV-2 by date of report among ELR labs

The trajectory of positive tests as a percentage of total tests is slightly increasing.
Trends Trajectory of Hospitalizations

Hospitalizations are increasing.
