## Auditor's Transmittal

The Honorable Roy Cooper, Governor
The General Assembly of North Carolina
The Honorable Dale R. Folwell, State Treasurer
Department of State Treasurer
We have completed a financial audit of the Retiree Health Benefit Fund schedule of employer allocations and the schedule of other postemployment benefits (OPEB) amounts by employer as of and for the year ended June 30, 2021, and our audit results are included in this report. You will note from the independent auditor's report that we determined that the schedule of employer allocations and the schedule of OPEB amounts by employer are presented fairly in all material respects.

The results of our tests disclosed no deficiencies in internal control over financial reporting that we consider to be material weaknesses in relation to our audit scope or any instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

North Carolina General Statutes require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

## Report on the Schedules

## Opinion

We have audited the accompanying schedule of employer allocations of the Retiree Health Benefit Fund as of and for the year ended June 30, 2021, and the related notes. We have also audited the total for all entities of the columns titled net other postemployment benefits (OPEB) liability, total deferred outflows of resources, total deferred inflows of resources, and total employer OPEB expense included in the accompanying schedule of OPEB amounts by employer of the Retiree Health Benefit Fund as of and for the year ended June 30, 2021, and the related notes (hereafter referred to as "the schedules").

In our opinion, the accompanying schedules present fairly, in all material respects, the employer allocations and net OPEB liability, total deferred outflows of resources, total deferred inflows of resources, and total employer OPEB expense for the total of all participating entities for the Retiree Health Benefit Fund as of and for the year ended June 30, 2021, in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards (GAGAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of the Department of State Treasurer (Department) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Responsibilities of Management for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibilities for the Audit of the Schedules

Our objectives are to obtain reasonable assurance about whether the schedules are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAGAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedules.

In performing an audit in accordance with GAAS and GAGAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedules, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the schedules.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedules.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matter

We have audited, in accordance with GAAS and GAGAS, the OPEB plans included in the State's Annual Comprehensive Financial Report as of and for the year ended June 30, 2021, and our report thereon, dated December 8, 2021, expressed an unmodified opinion on those financial statements.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 28, 2022 on our consideration of the Department's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Department's internal control over financial reporting and compliance.

## Restriction on Use

Our report is intended solely for the information and use of the Retiree Health Benefit Fund Management, the Retiree Health Benefit Fund employers, their auditors, and the North Carolina Office of the State Controller and is not intended to be and should not be used by anyone other than these specified parties.

Notes to the Schedules

## Note 1 - Plan Description

A. Plan Administration - The State of North Carolina administers the Retiree Health Benefit Fund (RHBF or Plan) as a pension and other employee benefit trust fund (OPEB). This Plan is a cost-sharing, multiple-employer defined benefit healthcare plan, exclusively for the benefit of former employees of the State, the University of North Carolina System, and community colleges. In addition, Local Education Agencies (LEAs), charter schools, and some select local governments also participate. RHBF has been established as a fund to provide health benefits to retired and disabled employees and their applicable beneficiaries. RHBF is established by North Carolina General Statute 135-7, Article 1. At June 30, 2021, the number of participating employers was 310.

By statute, RHBF is administered by the Board of Trustees of the Teachers' and State Employees' Retirement System, which consists of 13 members - eight appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer, the State Superintendent and, the Director of the Office of State Human Resources who serve as ex-officio members. RHBF is supported by a percent of payroll contribution from participating employing units. Each year the percentage is set in legislation, as are the maximum per retiree contributions from RHBF to the State Health Plan. The State Treasurer, with the approval of the State Health Plan Board of Trustees, then sets the employer contributions (subject to the legislative cap) and the premiums to be paid by retirees, as well as the health benefits to be provided through the State Health Plan.
B. Benefits Provided - Plan benefits received by retired employees and disabled employees from RHBF are other postemployment benefits. The healthcare benefits for retired and disabled employees who are not eligible for Medicare are the same as for active employees as described in Note 15 of the State of North Carolina's Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021. The Plan options change when former employees become eligible for Medicare. The benefits provided include medical and pharmacy coverage for employees and their dependents. Non-Medicare eligible members have two self-funded options administered by the State Health Plan while Medicare members have three options, including one self-funded option and two fully-insured Medicare Advantage/Prescription Drug Plan (MA-PDP) options. Self-funded medical and pharmacy claims costs are shared between the covered member and the State Health Plan. If the self-funded plan is elected by a Medicare eligible member, the coverage is secondary to Medicare. Fully-insured claims include cost sharing from covered members with the remaining balance paid by the fully-insured carrier.

Those former employees who are eligible to receive medical benefits from RHBF are long-term disability beneficiaries of the Disability Income Plan of North Carolina (DIPNC) and retirees of the Teachers' and State Employees' Retirement System (TSERS), the Consolidated Judicial

Retirement System (CJRS), the Legislative Retirement System (LRS), the University Employees' Optional Retirement Program (ORP), and a small number of local governments, with five or more years of contributory membership service in their retirement system prior to disability or retirement, with the following exceptions: for employees first hired on or after October 1, 2006, and members of the North Carolina General Assembly first taking office on or after February 1, 2007, future coverage as retired employees and retired members of the North Carolina General Assembly is subject to the requirement that the future retiree have 20 or more years of retirement service credit in order to receive coverage on a noncontributory basis. Employees first hired on or after October 1, 2006 and members of the North Carolina General Assembly first taking office on or after February 1, 2007 with 10 but less than 20 years of retirement service credit are eligible for coverage on a partially contributory basis. For such future retirees, the State will pay $50 \%$ of the State Health Plan's total noncontributory premium. Employees first hired on or after October 1, 2006 and members of the North Carolina General Assembly first taking office on or after February 1, 2007 with five but less than 10 years of retirement service credit are eligible for coverage on a fully contributory basis.

Section 35.21 (c) \& (d) of Session Law 2017-57 repeals retiree medical benefits for employees first hired on or after January 1, 2021. The legislation amends Article 3B of Chapter 135 of the North Carolina General Statutes to require that retirees must earn contributory retirement service in the Teachers' and State Employees' Retirement System (or in an allowed local system unit), the Consolidated Judicial Retirement System, or the Legislative Retirement System prior to January 1, 2021, and not withdraw that service, in order to be eligible for retiree medical benefits under the amended law. Consequently, members first hired on and after January 1, 2021 will not be eligible to receive retiree medical benefits.

The RHBF's benefit and contribution provisions are established by Chapter 135-7, Article 1, and Chapter 135, Article 3B of the North Carolina General Statutes and may be amended only by the North Carolina General Assembly. RHBF does not provide for automatic post-retirement benefit increases.
C. Contributions - By North Carolina General Statute, accumulated contributions from employers to RHBF and any earnings on those contributions shall be used to provide health benefits to retired and disabled employees and their applicable beneficiaries. By statute, contributions to RHBF are irrevocable. Also by law, RHBF assets are dedicated to providing benefits to retired and disabled employees and their applicable beneficiaries and are not subject to the claims of creditors of the employers making contributions to RHBF. However, RHBF assets may be used for reasonable expenses to administer the RHBF, including costs to conduct required actuarial valuations of state-supported retired employees' health benefits. Contribution rates to RHBF, which are intended to finance benefits and administrative expenses on a pay-as-you-go basis, are determined by the North Carolina General

Assembly in the Appropriations Bill. Additional contributions of \$475.2 and $\$ 187.0$ million were received in the fiscal years ended 2020 and 2021 from the Public Employee Health Benefit Fund (PEHBF) to the RHBF as passed by Session Law 2020-48 and codified into North Carolina General Statute 135-48.5.

For the fiscal year ended June 30, 2021, the State and the other employers contributed the legislatively mandated $6.68 \%$ of covered payroll. This amount, combined with investment income, funds the benefits received during the year. RHBF is reported as an employee benefit trust fund.

## Note 2 - Summary of Significant Accounting and Reporting Policies

A. Basis of Accounting - Employers participating in RHBF are required to report OPEB information in their financial statements for fiscal periods beginning on or after June 15, 2017 in accordance with Governmental Accounting Standards Board Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (GASB Statement No. 75). This Statement requires the liability of employers and non-employer contributing entities to employees for defined benefit OPEB (net OPEB liability) to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB Plan's fiduciary net position.

There are two schedules (one schedule of employer allocations as of and for the fiscal year ended June 30, 2021, and a schedule of OPEB amounts by employer as of and for the measurement year ended June 30, 2021, collectively the "OPEB schedules") for use by the employers in the RHBF. The underlying financial information used to prepare the OPEB schedules is based on RHBF's financial statements. The financial statements of this Plan are prepared using the accrual basis of accounting. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits are recognized when due and payable in accordance with the terms of the Plan. RHBF financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) that apply to governmental accounting for fiduciary funds.
B. Components of Net OPEB Liability Calculation - The components of the calculation of the net OPEB liability of the defined benefit cost-sharing plan for participating employers and the State of North Carolina as of June 30, 2021, calculated in accordance with GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, are shown in the following table (dollars in thousands):

| Total OPEB Liability | \$ | 33,500,219 |
| :---: | :---: | :---: |
| Plan Fiduciary Net Position |  | $(2,584,626)$ |
| Net OPEB Liability | \$ | 30,915,593 |
| Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability |  | 7.72\% |

The total OPEB liability is calculated by RHBF's actuary. The Plan's fiduciary net position is reported in the State of North Carolina's Annual Comprehensive Financial Report's financial statements. In addition, the net OPEB liability is disclosed in the notes to the financial statements.
C. Schedule of Employer Allocations - The schedule of employer allocations provides information used to allocate the net OPEB liability among each of the employers in the Plan. While GASB Statement No. 75 allows the employer's proportionate share of the collective OPEB amounts to be based on historical employer contributions, it encourages the use of the employer's projected long-term contribution effort to the OPEB Plan. Because contributions to the Plan are based on a percentage of salary, the Plan's actuary has supplied a schedule of each employer's present value of future salary as the basis for allocating each employer's proportional share of collective amounts. This present value of future salary is based on the Plan's actuarial assumptions and reflects the current demographics of each employer, along with the employer's expected long-term contribution effort to the Plan.
D. Schedule of OPEB Amounts by Employer - The schedule of OPEB amounts by employer provides the amount of net OPEB liability as well as deferred inflows and outflows and OPEB expense to be reported in the financial statements of each employer participant in the Plan. Amounts reported on the schedule of OPEB amounts by employer may not precisely agree with the percentages in the Schedule of Employer Allocations due to the number of decimal places used in allocating the collective OPEB amounts.

The proportional share of OPEB expense includes the amortization of the difference between expected and actual experience with regard to economic and demographic factors as well as any changes of assumptions, if applicable, which are amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEBs through the OPEB Plan. This period is six years. Differences between projected and actual investment earnings on Plan assets are amortized over five years. The remaining unamortized
balance is included in either deferred outflow of resources or in deferred inflow of resources as indicated.

## E. Deferred Outflows of Resources and Deferred Inflows of Resources

 The recognition period for amortizing the deferred outflow and deferred inflow of resources is set forth by GASB Statement No. 75, paragraph 86. Depending on the specific deferral the period is defined as either a fixed five year period or the average expected remaining service life (AERSL) of all employees that are provided OPEB through the OPEB Plan (active employees and inactive employees). The following table presents a summary of changes in the deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) for the measurement year ended June 30, 2021 (dollars in thousands):| Deferred Outflows of Resources | Year of Deferral | Amortization Period | Beginning of Year Balance |  | Additions |  | Deductions |  | End of Year Balance |  |

## Note 3 - Actuarial Methods and Assumptions

The total OPEB liability was determined by an actuarial valuation performed as of December 31, 2020. The total OPEB liability was calculated through the use of update procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2021. The update procedures incorporated the actuarial assumptions used in the valuation. The entry age normal cost method was utilized. Inflation is assumed to be $2.50 \%$ and salary increases range from $3.25 \%$ to $8.05 \%$ which includes a $3.25 \%$ inflation and productivity factor. The long-term expected rate of return on OPEB Plan investments is $6.5 \%$ which includes an inflation assumption and is net of OPEB Plan investment expense.

Actuarial valuations of the Plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The results of the valuations fluctuate from year to year as actual experience differs from assumptions. This includes demographic experiences (i.e. mortality and retirement) that differ from expected. This also includes financial experiences (i.e. member medical costs and contributions) that vary from expected trends. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

The following table represents the healthcare cost trend rates:

|  | Starting |  | Ending |  | Ending Date |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Medical (non Medicare Advantage) | $6.00 \%$ |  | $5.00 \%$ |  | 2026 |
| Prescription Drug | $9.50 \%$ |  | $5.00 \%$ |  | 2030 |
| Medicare Advantage | $5.00 \%$ |  | $5.00 \%$ |  | - |
| Administrative | $3.00 \%$ |  | $3.00 \%$ |  |  |

The Plan currently uses mortality tables that vary by age, gender, employee group (i.e. teacher, general employee, or law enforcement officer) and health status (i.e. disabled or not disabled). The current mortality rates are based on published tables and studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used for RHBF are consistent with those used to value the pension benefits of the TSERS where appropriate. These assumptions are based on the most recent pension valuations available. The discount rate used for RHBF reflects a pay-as-you-go approach.

The actuarial assumptions used in the December 31, 2020 valuations were generally based on the results of an actuarial experience study prepared as of December 31, 2019, as amended for updates to certain assumptions (such as the long-term investment return, medical claims, and medical trend rate assumptions) implemented based on annual reviews that have occurred since that experience study.

The discount rate used to measure the total OPEB liability for the Retiree Health Benefit Fund was $2.16 \%$. The projection of cash flow used to determine the discount rate assumed that contributions from employers would be made at the current statutorily determined contribution rate. Based on the above assumptions, the Plan's fiduciary net position was not projected to be available to make projected future benefit payments to current Plan members. As a result, a municipal bond rate of $2.16 \%$ was used as the discount rate used to measure the total OPEB liability. The $2.16 \%$ rate is based on the Bond Buyer 20-year General Obligation Index as of June 30, 2021.

## Note 4 - COLLECTIVE OPEB ExPENSE

The components of collective OPEB expense for the year ended June 30, 2021, to be recognized in 2022 are as follows (dollars in thousands):

| Service Cost | \$ |

# INDEPENDENT <br> AUDITOR's REPORT 

# Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other matters based on an Audit of Elements of Financial Statements Performed in Accordance With Government Auditing Standards 

The Honorable Dale R. Folwell, State Treasurer

Management of the Department of State Treasurer

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the accompanying schedule of employer allocations of the Retiree Health Benefit Fund as of and for the year ended June 30, 2021 and related notes. We have also audited the total for all entities of the columns titled net OPEB liability, total deferred outflows of resources, total deferred inflows of resources, and total employer OPEB expense included in the accompanying schedule of OPEB amounts by employer of the Retiree Health Benefit Fund as of and for the year ended June 30, 2021, and the related notes (hereafter referred to as "the schedules"), and have issued our report thereon dated March 28, 2022.

## Internal Control Over Financial Reporting

In planning and performing our audit of the schedules, we considered the Department of State Treasurer's (Department) internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the schedules, but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. Accordingly, we do not express an opinion on the effectiveness of the Department's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Department's schedules will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Department's schedules are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the schedules. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Department's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Department's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

State Auditor
