## **AUDITOR'S TRANSMITTAL**

---

The Honorable Roy Cooper, Governor  
The General Assembly of North Carolina  
Dr. Johnson O. Akinleye, Chancellor  
North Carolina Central University

As part of our audit of the State of North Carolina's compliance with the types of requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of its major federal programs, we have completed certain audit procedures at North Carolina Central University (University) for the year ended June 30, 2022.

We conducted our audit of federal compliance in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our audit objective was to express an opinion on the State of North Carolina's compliance for each of its major federal programs. However, the audit results described below are in relation to our audit scope at the University and not to the State of North Carolina as a whole. The State Auditor expresses an opinion on the State of North Carolina's compliance with requirements applicable to its major federal programs in the State's *Single Audit Report*.

Our federal compliance audit scope at North Carolina Central University included the Student Financial Assistance Cluster.

Our audit was performed by authority of Chapter 147, Article 5A of the North Carolina General Statutes.

### Compliance

The results of our audit procedures at North Carolina Central University disclosed no instances of noncompliance that are required to be reported in accordance with the Uniform Guidance.

### Internal Control Over Compliance

In planning and performing our audit of federal compliance, we considered North Carolina Central University's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion

on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of This Transmittal

The purpose of this transmittal is solely to describe the scope of our testing of internal control over compliance and testing of compliance and the results of that testing at the University based on the requirements of the Uniform Guidance. Accordingly, this transmittal is not suitable for any other purpose.

North Carolina General Statutes require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this transmittal.

Beth A. Wood, CPA  
State Auditor

Raleigh, North Carolina
