#### **NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES**

- **A. Organization and Purpose** The Franklin Granville Vance Smart Start, Inc. (FGV Partnership) is a legally separate nonprofit organization incorporated on July 11, 1996. The FGV Partnership was established to develop and provide, through public and private means, early childhood education and developmental services for children and families. The FGV Partnership is tax-exempt as an organization described in Section 501(c)(3) of the Internal Revenue Code.
- **B.** Basis of Presentation The accompanying financial statements present all funds for which the FGV Partnership's Board of Directors is responsible. Pursuant to the provisions of Financial Accounting Standards Board's Accounting Standard for *Not-For-Profit Entities*, the accompanying financial statements present information according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As permitted by this Standard, temporarily restricted contributions received and expended in the same year are reported as unrestricted receipts rather than as temporarily restricted receipts.

Contributions that are temporarily restricted and not expended within the year received are reported as an increase in temporarily restricted net assets. When the restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Receipts, Expenditures, and Net Assets as net assets released from restrictions.

The FGV Partnership did not have any permanently restricted net assets at June 30, 2015.

**C. Basis of Accounting** - The accompanying financial statements were prepared on the modified cash basis of accounting. This basis differs from accounting principles generally accepted in the United States of America primarily because it recognizes long lived assets and other costs which benefit more than one period as expended in the year purchased; it recognizes revenue when received rather than when earned; and it recognizes expenditures when paid rather than when incurred.

However, unexpended advances to contractors that revert back to the State of North Carolina are recognized as a reduction to expenditures and an increase to net assets. In addition, amounts withheld from employee paychecks or other amounts received in an agency capacity are recorded as funds held for others. Additionally, Smart Start funds advanced to the Local Partnership that are unexpended and unearned at year end are recorded as funds Due to the State.

- **D.** Cash and Cash Equivalents This classification appears on the Statement of Receipts, Expenditures, and Net Assets Modified Cash Basis and includes all demand and savings accounts and certificates of deposit and other short-term investments with an original maturity of three months or less.
- **E. Refunds Due From Contractors** Refunds Due from Contractors represent the unexpended amount of advances to contractors at year-end that are to be refunded back to the State. As recoveries are collected, the advances are recorded as a reduction to the State awards balance.
- **F. Due to State** The funding provided by the State of North Carolina for the Smart Start Initiative is funded on a cost-reimbursement basis. The money is earned to the extent of allowable costs incurred. Any unexpended funds as of June 30 are required to be reverted to The North Carolina Partnership for Children, Inc. to be returned to the State of North Carolina.
- **G.** Funds Held For Others Funds Held for Others includes amounts received that are fiduciary in nature in which the FGV Partnership acts in an agency capacity. The FGV Partnership made all payroll-withholding disbursements prior to June 30<sup>th</sup>; however, the FGV Partnership is acting in an agency capacity for the FGV Child Care Provider Association, the Franklin County LICC, and the Franklin-Vance-Warren LICC and held \$155, \$57, and \$500 respectively.
- **H. Property and Equipment** Under the modified cash basis of accounting, purchases of property and equipment are reported as expenditures in the year incurred. However, FGV Partnership is required by contract regulation to track and maintain property and equipment items as presented in Schedule 4 of this report. The FGV Partnership has a policy to track purchases of property and equipment items with an individual cost of \$500 or more and an estimated useful life greater than one year. Such items are valued at their original purchase price, which may be different from their valuation as of June 30, 2015. Donated items are recorded on the property and equipment log at estimated fair market value at the date of donation.
- I. Compensated Absences As a result of the use of the modified cash basis of accounting, liabilities related to accrued compensated absences are not recorded in the financial statements. Expenditures related to compensated absences are recorded when paid. The amount of accrued compensated absences for accumulated, unpaid leave that would be due to employees upon termination is reported as a commitment in Note 9.

- J. Use of Estimates The preparation of financial statements in conformity with the modified cash basis of accounting used by the FGV Partnership requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as allocation of joint costs); accordingly, actual results could differ from those estimates. It is management's belief that these estimates are reasonable and fair.
- **K.** Qualifying Match and Contributions In-Kind FGV Partnership, in accordance with applicable Smart Start legislation, reports qualifying match provided at both the Partnership and the contractor level; the qualifying match is reported in supplemental Schedule 5. The match includes cash received and expended at the Partnership level, which is included in the modified cash basis financial statements. The qualifying match reported on Schedule 5 for cash provided at the contractor level and for in-kind goods and services at both the Partnership and contractor levels is not recorded in the modified cash basis financial statements. In-kind contributions could be donated equipment, supplies, office space, or services. FGV Partnership also benefits from donor volunteer hours which do not require specific expertise but which are nonetheless central to FGV Partnership's operations. See supplemental Schedule 5 for more information on contributions in-kind.

#### **NOTE 2 - DEPOSITS**

All funds of the FGV Partnership are deposited with a commercial bank and insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Deposits over insured amounts subjects the FGV Partnership to a concentration of credit risk. At June 30, 2015, the FGV Partnership did not have any bank deposits not insured by FDIC.

#### NOTE 3 - FUNDING FROM GRANT AWARDS AND CONTRACTS

**Smart Start Program** - The FGV Partnership's major source of revenue and support is from the State of North Carolina based on cost-reimbursement contracts with The North Carolina Partnership for Children, Inc. (NCPC) for the Smart Start program. A significant reduction in the level of funding from the State could have an adverse effect on the operations of the FGV Partnership and represents a concentration of credit risk as to the generation of revenue.

Associated with these contracts, the FGV Partnership is responsible for developing a comprehensive, collaborative, long-range plan of services to children and families for the service-delivery area. During the year, the North Carolina Department of Health and Human Services (DHHS) entered into contracts with and made payments to service providers selected by the FGV Partnership. These service provider contracts are not reflected on the accompanying financial statements. However, a summary of the service

provider contracts entered into by DHHS is presented on Schedule 2 accompanying the financial statements.

The FGV Partnership was awarded and has received \$1,366,391 under a current year Smart Start contract with NCPC. The unexpended balance of this contract is subject to reversion to the State. The FGV Partnership has refunded \$17,746 of this contract to the State based on financial status reports submitted to NCPC subsequent to June 30, 2015.

The FGV Partnership expects to receive continued funding through new Smart Start contracts with the State.

**NC Pre-K** - The FGV Partnership also received revenue and support from the State of North Carolina for the NC Pre-K program. The FGV Partnership was awarded \$578,880 and received and expended \$578,543 under a current year financial assistance contract.

The FGV Partnership expects to receive continued funding through new NC Pre-K contracts with the State.

The FGV Partnership expects to receive continued funding.

**Child Care Resource and Referral Program** – The FGV Partnership held a contract with the Child Care Services Association (CCSA) for the Child Care Resource and Referral Program (CCR&R).

The RttT-ELC grant is a federally funded initiative to reduce disparities in school readiness among children with high needs and their peers.

Calendar year 2015 marks the third year of the three year grant period. The FGV Partnership received \$91,359 and expended \$83,084 in the current year.

The FGV Partnership expects funding for the RttT-ELC grant to end December 31, 2015.

In addition, Schedule 2 identifies contracts entered into by DHHS with board member organizations for activities funded by the FGV Partnership's Smart Start allocation.

In planning and performing our audit of the financial statements, we considered Franklin Granville Vance Smart Start, Inc.'s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Franklin Granville Vance Smart Start, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Franklin Granville Vance Smart Start, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance.
