#### **AUDITOR'S TRANSMITTAL**

The Honorable Michael F. Easley, Governor The General Assembly of North Carolina Board of Trustees, Central Piedmont Community College

This report presents the results of our financial statement audit of Central Piedmont Community College, a component unit of the State of North Carolina, for the year ended June 30, 2001. Our audit was made by authority of Article 5A of G.S. §147.

The accounts and operations of the College are an integral part of the State's reporting entity represented in the State's *Comprehensive Annual Financial Report* (CAFR) and the State's *Single Audit Report*. In those reports, the State Auditor expresses an opinion on the State's financial statements. In the *Single Audit Report*, the State Auditor also presents the audit results on the State's internal controls and on the State's compliance with laws, regulations, contracts, and grants applicable to the State's financial statements and to its federal financial assistance programs.

As part of the audit work necessary for the CAFR and the *Single Audit Report*, the accounts and operations of the College were subject to audit procedures as we considered necessary. In addition, we performed auditing procedures that we considered necessary for us to report on the accompanying financial statements and supplementary information that relate solely to Central Piedmont Community College. The audit procedures were conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States.

The purpose of this report is to present the results of our audit on the accompanying financial statements that relate solely to Central Piedmont Community College. A summary of our reporting objectives and audit results are:

**1. Objective** - Express an opinion on the accompanying financial statements and supplementary information that relate solely to Central Piedmont Community College.

**Results** - The accompanying financial statements present fairly, in all material respects, the amounts and disclosures made in accordance with accounting principles generally accepted in the United States of America. The accompanying supplementary information presents information that is fairly stated in all material respects in relation to the basic financial statements.

#### **AUDITOR'S TRANSMITTAL (CONCLUDED)**

- **2. Objective** Present instances of noncompliance, if any, with laws, regulations, contracts, or grants.
  - **Results** Our tests disclosed no instances of noncompliance which require disclosure herein under *Government Auditing Standards*.
- **3. Objective** Present significant deficiencies, if any, in internal control over financial reporting which could adversely affect the College's ability to record, process, summarize, and report financial data in the financial statements.

**Results** - The following significant deficiencies were detected in internal control over financial reporting:

#### **Findings**

- 1. Inadequate Bank Reconciliation Process
- 2. Inadequate Controls over Telephone and Internet Receipts

These matters are described in the Independent Auditor's Report on Compliance and on Internal Control over Financial Reporting and the Audit Findings and Recommendations section of this report.

North Carolina General Statutes require the State Auditor to make audit reports available to the public. Copies of audit reports issued by the Office of the State Auditor may be obtained through one of the options listed in the back of this report.

#### INDEPENDENT AUDITOR'S REPORT

Board of Trustees Central Piedmont Community College Charlotte, North Carolina

We have audited the accompanying Balance Sheet of Central Piedmont Community College, a component unit of the State of North Carolina, as of June 30, 2001, and the related Statement of Changes in Fund Equity and Statement of Current Funds Revenues, Expenditures, and Other Changes for the year then ended. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Central Piedmont Community College as of June 30, 2001, and the changes in fund equity and the current funds revenues, expenditures, and other changes for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 12A to the financial statements, the College changed its method of accounting for securities lending transactions allocated from the State Treasurer's Cash and Investment Pool during the year ended June 30, 2001. As discussed in Note 12B to the financial statements, the College implemented Governmental Accounting Standard Board, Statement #33, Accounting and Financial Reporting for Nonexchange Transactions, during the year ended June 30, 2001.

#### INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

In accordance with *Government Auditing Standards*, we have also issued our report dated June 6, 2002 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with the independent auditor's report in considering the results of our audit.

Schedule 1 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Ralph Campbell, Jr.

#### CENTRAL PIEDMONT COMMUNITY COLLEGE NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2001

#### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity - The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America, the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. Central Piedmont Community College is a component unit of the North Carolina Community College System which is a part of the primary government of the State of North Carolina and an integral part of the State's Comprehensive Annual Financial Report.

The accompanying financial statements present all funds for which the College's Board of Trustees is financially accountable. Related foundations and similar non-profit corporations for which the College is not financially accountable are not part of the accompanying financial statements. These entities are not included because they are separately incorporated and there are neither common directors nor other evidence of common control.

- **B.** Basis of Presentation The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America applicable to governmental colleges and universities as promulgated by the Governmental Accounting Standards Board (GASB). In accordance with GASB Statement #15 Governmental College and University Accounting and Financial Reporting Models, the College has elected to follow the fund accounting and reporting guidelines set forth by the American Institute of Certified Public Accountants in its Industry Audit Guide, Audits of Colleges and Universities.
- **C. Fund Structure** The accompanying financial statements are structured into three categories of funds: Current, Fiduciary, and Plant Funds.

The **Current Funds** are used to account for the revenues and expenditures resulting from operations, with the Unrestricted Funds and Restricted Fund shown separately. The Restricted Fund represents resources that are restricted to use by either an outside donor or grantor.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Current funds that are internally designated for specific purposes by the governing board or management having delegated authority are reported as Unrestricted Funds. The Unrestricted Proprietary Fund reflecting the operations of the bookstore, other auxiliary enterprises, internal service funds and student activity funds is shown separately from the Unrestricted General Fund.

The **Fiduciary Funds** are used to account for additions to and deductions from fund equity of the Loan Fund. In addition, the Fiduciary Funds are used to account for funds of students and organizations held by the College as custodian in the Agency Fund. The transactions of the Agency Fund increase and decrease assets and liabilities but do not effect fund equity. As a result, the Agency Fund is not reflected in the Statement of Changes in Fund Equity.

The **Plant Funds** are used to account for additions to and deductions from fund equity of the Unexpended Plant Fund and the Investment in Plant Fund.

D. Basis of Accounting - The financial statements of the College have been prepared on the accrual basis except that, in accordance with accounting practices customarily followed by public educational institutions, no provision is made for depreciation of physical plant assets, interest on loans to students is recorded when collected, and revenue from tuition and student fees for summer sessions is reported totally within the fiscal year in which the session is primarily conducted. Otherwise, revenues are recorded when earned and expenditures are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the College receives value without directly giving equal value in exchange, include grants, state and county appropriations, and private donations. On an accrual basis, revenues from these transactions are recognized in the fiscal year in which all eligibility requirements (resource provider conditions) have been satisfied, if measurable and probable of collection.

The Statement of Current Funds Revenues, Expenditures, and Other Changes is a statement of financial activities of current funds related to the current reporting period. It does not purport to present the results of operations or the net income or loss for the period as would a statement of income or a statement of revenues and expenses.

**E.** Cash and Cash Equivalents - In addition to cash on deposit with private bank accounts, petty cash, and undeposited receipts, this classification includes and short-term investments with the State Treasurer's Cash and Investment Pool (a governmental external investment pool).

- **F.** Receivables and Allowance for Doubtful Accounts Accounts receivable in the Unrestricted General Fund is shown in the accompanying financial statements net of allowance for doubtful accounts of \$82,316.14. In addition, notes receivable in the Loan Fund is shown net of the allowance for doubtful accounts of \$35,770.44. The accounts receivable for other funds are shown at book value with no provision for doubtful accounts considered necessary.
- **G.** Inventories Inventories held by the College are priced at the lower of cost or market value using the first-in, first-out method. The inventories for the Unrestricted General Fund consist of expendable supplies, postage and fuel oil held for consumption. Inventories for the Unrestricted Proprietary Fund consist of textbooks and other merchandise for resale.
- H. Fixed Assets and Depreciation Fixed Assets are stated at cost at date of acquisition or fair market value at date of donation in the case of gifts. The College capitalizes fixed assets that have a value or cost in excess of \$5,000 at the date of acquisition and an expected useful life of one or more years. Depreciation is not recorded.

To the extent that current funds are used to finance plant assets, the amounts provided are accounted for as expenditures, in the case of normal replacement of furniture and movable equipment, and transfers of a non-mandatory nature for all other cases.

Fixed assets, such as roads, parking lots, decks, sidewalks, and other non-building structures and improvements are capitalized as infrastructure.

I. Vacation and Sick Leave - The College's policy is to record the cost of vacation leave when earned. The policy provides for a maximum accumulation of unused vacation leave of 30 days which can be carried forward each September 30th or for which an employee can be paid upon termination of employment. Also, any accumulated vacation leave in excess of 30 days at year-end is converted to sick leave. Under this policy, the accumulated vacation leave for each employee at June 30th equals the leave carried forward at the previous September 30th plus the leave earned, less the leave taken between October 1st and June 30th.

The College has the policy of recording the cost of sick leave when taken and paid rather than when the leave is earned. The policy provides for unlimited accumulation of sick leave, but the employee cannot be compensated for any unused sick leave upon termination of employment.

**J. Revenue Recognition** - Current Funds revenues, as reflected on Exhibit C, include all exchange and non-exchange transactions earned and

in which all eligibility requirements (resource provider conditions) have been satisfied, if measurable and probable of collection.

Tuition remission and waivers are recorded as "Tuition and Fees" revenue and as "Student Financial Aid" expenditures on the accompanying financial statements.

K. County Appropriations - County Appropriations are provided to the College primarily to fund its plant operation and maintenance function (county current fund) and to fund construction projects, motor vehicles and maintenance equipment (county plant fund). Unexpended encumbered county current funds and county plant funds do not revert and are available for future use by the College. Unexpended unencumbered county current funds do revert to the county.

#### NOTE 2 - DEPOSITS

All funds of the College are deposited in board-designated official depositories and are required to be collateralized in accordance with G.S. § 115D-58.7. Official depositories may be established with any bank or savings and loan association whose principal office is located in North Carolina or with the State Treasurer's Cash and Investment Pool. Also, the College may establish time deposit accounts, money market accounts, and certificates of deposit. At year-end, cash on hand was \$24,075.00. The carrying amount of cash on deposit was \$5,718,875.01 and the bank balance was \$7,039,767.60.

The North Carolina Administrative Code (20 NCAC 7) requires all depositories to collateralize public deposits in excess of federal depository insurance coverage by using one of two methods, dedicated or pooled. Under the dedicated method, a separate escrow account is established by each depository in the name of each local governmental unit and the responsibility of monitoring collateralization rests with the local unit. Under the pooling method, each depository establishes an escrow account in the name of the State Treasurer to secure all of its public deposits. This method shifts the monitoring responsibility from the local unit to the State Treasurer.

Cash on deposit at year end consisted of the following:

	Balance	Balance
Cash on Deposit with State Treasurer Cash on Deposit with Private	\$ 2,565,163.07	\$ 2,553,240.73
Financial Institutions	3,153,711.94	4,486,526.87
	\$ 5,718,875.01	\$ 7,039,767.60

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The cash on deposit with the State Treasurer is pooled with state agencies and similar institutions in short-term investments with the State Treasurer's Cash and Investment Pool. These moneys are invested in accordance with G.S. § 147-69.1(c) and 147-69.2, and as required by law are "readily convertible into cash." All investments of the fund are held either by the Department of State Treasurer or its agent in the State's name. The fund's uninvested cash is either covered by federal depository insurance or, pursuant to 20 NCAC 7, is collateralized under either the dedicated or pooling method.

The financial statements and disclosures for the State Treasurer's Cash and Investment Pool are included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <a href="http://www.osc.state.nc.us/">http://www.osc.state.nc.us/</a> and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

Of the cash on deposit with private financial institutions at June 30, 2001, \$100,000.00 of the bank balance was covered by federal depository insurance and \$4,386,526.87 was covered by collateral held by an authorized escrow agent in the name of the State Treasurer (pooling method).

#### NOTE 3 - INTER-FUND RECEIVABLES AND PAYABLES

Inter-fund borrowings of a temporary nature have occurred where one bank account is maintained for more than one fund. Because the fund making the temporary loan has not been determined by the College, these inter-fund borrowings are not reported as an asset of the fund making the advance or as a liability of the fund receiving the advance.

#### NOTE 4 - CHANGES IN FIXED ASSETS

A summary of changes in the fixed assets is presented as follows:

		Balance July 1, 2000		Additions		Deletions		Balance June 30, 2001
		,	_					
Land	\$	10,611,656.54	\$	87,123.68	\$	0.00	\$	10,698,780.22
Buildings		65,620,060.72		17,983,523.42				83,603,584.14
Infrastructure		1,233,444.74		163,180.40				1,396,625.14
Furniture, Machinery and Equipment		9,996,736.94		1,707,715.93		970,712.32		10,733,740.55
Artwork, Artifacts and Literature		3,867,758.52		120,041.00		28,614.50		3,959,185.02
Construction in Progress		19,907,361.11		15,781,923.23	6	5,322,543.41		29,366,740.93
Total Fixed Assets	\$	111.237.018.57	\$	35.843.507.66	\$ 1	7.321.870.23	<u> </u>	139,758,656.00
Total Fixed Assets	ф	111,237,016.37	φ	33,643,307.00	φ.	7,321,670.23	φ	137,736,030.00

#### NOTE 5 - OPERATING LEASES

Future minimum lease payments under non-cancelable operating leases consist of the following at June 30, 2001:

Fiscal Year	Amount
2002	\$ 1,090,211.00
2003	886,133.00
2004	824,538.00
2005	571,614.00
2006	33,595.00
Total Minimum Lease Payments	\$ 3,406,091.00

Rental expense for all operating leases during the year was \$1,218,628.01.

#### NOTE 6 - COMMITMENTS AND CONTINGENCIES

- **A.** Commitments The College has established an encumbrance system to track its outstanding commitments on construction projects and other purchases. Outstanding commitments on construction contracts were \$7,316,833.84.
- Community College General Obligation Bonds The 1999-2000 Session of the General Assembly of North Carolina authorized the issuance of six hundred million dollars of general obligation bonds of the State, as subsequently approved by a vote of qualified voters of the State, to provide funds for capital improvements for the North Carolina Community College System. The funds authorized are to be used solely to construct new buildings and to renovate and modernize existing buildings on the North Carolina Community College System campuses. The bond legislation specifies the amount of bond funding for each College campus as well as the intended amount for new construction and repair and replacement. The legislation further provides that the State Board of Community Colleges shall be responsible for the approval of projects in accordance with provisions of the legislation. The bonds are authorized to be issued over a six-year period beginning in 2001 at a level not to exceed amounts provided in the legislation. Using a cash flow financing approach, The Community College System's Office (CCSO), establishes annual amounts not to exceed for each approved project. The amounts not to exceed are subject to change due to actual cash availability and needs during the year. Subsequent to the bond sales and the availability of bond proceeds, CCSO notifies the Office of State Budget and Management (OSBM) of the amount not to exceed for the total of the

approved projects. Within this amount, based on an official request of cash needs from the State Board of Community Colleges, OSBM authorizes allotments. These allotments are then recorded to specific community college allotment accounts by the CCSO. The College records the allotments as revenue on the accompanying financial statements. In addition, amounts not allotted but accrued as expended at year-end are recorded as revenue. The College's remaining authorization \$63,094,752.00 is contingent on future bond sales and CCSO allotment approval. Because of uncertainty and time restrictions the remaining authorization is not recorded as an asset or revenue on the accompanying financial statements.

C. CPCC County Construction Bonds - In 1995, 1997 and 1999 the voters of Mecklenburg County approved the sale of bonds for capital improvements of various entities supported by the County. Central Piedmont was a recipient of a portion of these bond sales. The funds authorized for Central Piedmont are to be used to construct new buildings, to renovate and modernize existing buildings at any of its six campuses and related administrative costs. Based on an official request of cash needs from CPCC, Mecklenburg County authorizes allotments. The College records the allotments as revenue on the accompanying financial statements. In addition, amounts not allotted but accrued as expended at year-end are recorded as revenue. The College's remaining authorization of \$85,301,382.27 is contingent on future bond sales and Mecklenburg County allotment approval. Because of uncertainty and time restrictions the remaining authorization is not recorded as an asset or revenue on the accompanying financial statements.

#### NOTE 7 - RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled via a combination of methods, including participation in various state-administered risk pools, purchase of commercial insurance, and self-retention of certain risks.

Tort claims of up to \$500,000 are self-insured under the authority of the State Tort Claims Act. In addition, the State provides excess liability coverage up to \$11,000,000 for public officers and employees via contract with a private insurance company. The premium, based on a composite rate, is paid by the North Carolina Community College System Office to the State's Agent of Record.

#### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Fire and other property losses are covered by contracts with private insurance companies. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

State-owned vehicles used for instructional purposes are covered by liability insurance handled by the State Department of Insurance. Liability insurance for other college-owned vehicles are covered by contracts with private insurance companies.

The College is protected for losses from employee dishonesty and computer fraud for employees paid in whole or in part from State funds. The blanket honesty bond is with a private insurance company and is handled by the North Carolina Department of Insurance with coverage of \$5,000,000 per occurrence and a \$50,000 deductible. Losses from County and Institutional Fund paid employees are covered by private insurance with a deductible of \$1,000 and limits of \$100,000 for employee dishonesty coverage, \$12,000 for forgery or alteration coverage, and \$5,000 for theft, disappearance and destruction outside or inside coverage.

Employees and retirees are provided health care coverage by the Comprehensive Major Medical Plan, a component unit of the State. The Plan is funded by employer and employee contributions and is administered by a third party contractor. Health care coverage is optionally available through contractual agreements with several HMO plans.

The State Board of Community Colleges makes the necessary arrangements to carry out the provisions of the Workers' Compensation Act which are applicable to employees whose wages are paid in whole or in part from State funds. The College purchases workers' compensation insurance for employees whose salaries or wages are paid by the board entirely from County or Institutional Funds.

Term life insurance of \$25,000 to \$50,000 is provided to eligible workers. The death benefit program is administered by the State Treasurer's Office and funded via employer contributions.

Additional details on the state-administered risk management programs are disclosed in the State's *Comprehensive Annual Financial Report*, issued by the Office of the State Controller.

#### NOTE 8 - DEFICIT FUND BALANCE

The deficit fund balance in the Current Unrestricted General Fund is attributable to the College adjusting its cash basis records to the accrual basis of accounting as required by accounting principles generally accepted in the United States of America (GAAP). In accordance with GAAP, receivables were not recognized for liabilities associated with future period appropriations or certifications.

As required by G.S. 115D-31 and 115D-32, the State Board of Community Colleges and the associated local tax-levying authority(s) are responsible for supporting the financial needs of the College. This support is authorized on a cash basis through an annual appropriation or certification process for a specified fiscal year period. While GAAP prohibits the College from recording receivables from future period authorizations, the College will continue to receive, as provided by law, sufficient support for its financial needs.

#### NOTE 9 - PENSION PLANS

**A. Retirement Plans** - Each permanent full-time employee, as a condition of employment, is a member of the Teachers' and State Employees' Retirement System. The Teachers' and State Employees' Retirement System (System) is a multiple-employer cost sharing defined benefit pension plan administered by the North Carolina State Treasurer.

After five years of creditable service, members of the Teachers' and State Employees' Retirement System qualify for a vested deferred benefit. **Employees** who retire on or after age 65 and complete 5 years of membership service (age 55 and 5 years of creditable service for law enforcement officers), reach age 60 with 25 years of membership service, or complete 30 years of creditable service receive a retirement allowance of 1.81% of an average final compensation (based on the 4 consecutive years that produce the highest average) multiplied by the number of years of creditable service. Employees may retire with reduced benefits if they reach age 50 with 20 years of creditable service or reach age 60 with 5 years of creditable service (age 50 with 15 years creditable service for law enforcement officers).

Benefit and contribution provisions for the Teachers' and State Employees' Retirement System are established by North Carolina General Statute 135-5 and 135-8 and may be amended only by the North Carolina General Assembly. Employer and member contribution rates are set each year by the North Carolina General Assembly based on annual actuarial valuations. For the year ended June 30, 2001, these rates were set at

5.33% of covered payroll for employers and 6% of covered payroll for members.

For the year ended June 30, 2001, the College had a total payroll of \$42,990,243.50 of which \$33,343,387.56 was covered under the Teachers' and State Employees' Retirement System. Total employee and employer contributions for pension benefits for the year were \$2,000,603.25 and \$1,777,202.55, respectively. The College made one hundred percent of its annual required contributions for the years ended June 30, 2001, 2000, and 1999, which were \$1,777,202.55, \$2,530,180.91, and \$2,089,510.00, respectively.

In accordance with constitutional provisions requiring a balanced budget for the State of North Carolina, the Governor issued an executive order requiring the employers' share of retirement contributions for the months February 2001 through June 2001 be transferred to a reserve account rather than paid to the Teachers' and State Employees' Retirement System. A portion of those funds was ultimately used by the State of North Carolina for general fund purposes and not released to the retirement system. The total amount of employer contributions paid by the College has been recognized as pension costs in the financial statements. The contributions which were not released to the Teachers' and State Employees' Retirement System are considered immaterial to the College's financial statements taken as a whole. The College has no liability for pension costs beyond the contributions already made.

The Teachers' and State Employees' Retirement System's financial information is included in the State of North Carolina's *Comprehensive Annual Financial Report*. An electronic version of this report is available by accessing the North Carolina Office of the State Controller's Internet home page <a href="http://www.osc.state.nc.us/">http://www.osc.state.nc.us/</a> and clicking on "Financial Reports", or by calling the State Controller's Financial Reporting Section at (919) 981-5454.

B. Deferred Compensation and Supplemental Retirement Income Plans IRC Section 401(k) Plan - All members of the Teachers' and State Employees' Retirement System are eligible to enroll in the Supplemental Retirement Income Plan, a defined contribution plan, created under Internal Revenue Code Section 401(k). All costs of administering the plan are the responsibility of the plan participants. The voluntary contributions by employees amounted to \$424,079.82 for the year ended June 30, 2001.

IRC Section 403(b) and 403(b)(7) Plans - All College employees can participate in tax sheltered annuity plans created under Internal Revenue

Code Sections 403(b) and 403(b)(7). The employee's eligible contributions, made through salary reduction agreements, are exempt from federal and state income taxes until the annuity is received or the contributions are withdrawn. These plans are exclusively for employees of colleges and certain charitable and other non-profit institutions. All costs of administering and funding these plans are the responsibility of the Plan participants. No costs are incurred by the College. The voluntary contributions by employees amounted to \$812,698.56 for the year ended June 30, 2001.

#### NOTE 10 - OTHER POSTEMPLOYMENT BENEFITS

- Health Care for Long-Term Disability Beneficiaries and Retirees -The College participates in state administered programs which provide postemployment health insurance to eligible former employees. Eligible former employees include long-term disability beneficiaries of the Disability Income Plan of North Carolina, and retirees of the Teachers' and State Employees' Retirement System. These benefits were established by Chapter 135, Article 3, Part 3, of the General Statutes and may be amended only by the North Carolina General Assembly. Funding for the health care benefit for long-term disability beneficiaries and retirees is financed on a pay-as-you-go basis. The College contributed 1.28% of the covered payroll under the Teachers' and State Employees' Retirement System for these health care benefits. For the fiscal year ended June 30, 2001, the College's total contribution to the Plan was \$426,795.36. The College assumes no liability for retiree health care benefits provided by the programs other than its required contribution. Additional detailed information about these programs can be located in the State of North Carolina's Comprehensive Annual Financial Report.
- **B.** Long-Term Disability The College participates in the Disability Income Plan of North Carolina (DIPNC). Established by Chapter 135, Article 6, of the General Statutes, DIPNC provides short-term and long-term disability benefits to eligible members of the Teachers' and State Employees' Retirement System. Long-term disability income benefits are advance funded on an actuarially determined basis using the one-year term cost method. The College contributes .52% of covered payroll under the Teachers' and State Employees' Retirement System to the DIPNC. For the fiscal year ended June 30, 2001, the College's total contribution to the DIPNC was \$173,385.62. The College assumes no liability for long-term disability benefits under the plan other than its contribution. Additional detailed information about the DIPNC is disclosed in the State of North Carolina's Comprehensive Annual Financial Report.

#### NOTE 11 - CENTRAL PIEDMONT COMMUNITY COLLEGE FOUNDATION

The Central Piedmont Community College Foundation is a separately incorporated non-profit foundation associated with the College. organization serves as the primary fundraising arm of the College through which individuals, corporations and other organizations support College programs by providing scholarships, fellowships, faculty salary supplements, and unrestricted funds to specific departments and the College's overall academic environment. The College's financial statements do not include the assets, liabilities, net assets or operational transactions of the Foundation, except for the distributions made and benefits provided by the Foundation. The distributions received and/or benefits provided approximated \$599,982.00 for the year ended June 30, 2001. Also during 2000-2001, Central Piedmont Community College leased property for the Bookstore operation and parking lot from the Foundation. The college made \$37,004.10 in lease payments prior to exercising its option to purchase this property on August 1, 2000. The purchase price was \$1,872,000.00 with buyers' expenses of \$110,923.60 for a total purchase price of \$1,982,923.60.

#### Note 12 - Accounting Changes

- A. Securities Lending Transactions The College deposits certain funds with the State Treasurer's Cash and Investment Pool, which participates in securities lending activities. In prior years it was the State's policy to allocate the risk associated with these transactions to each component unit. For the year ending June 30, 2001, the State changed its policy, as a result of discussion with the GASB technical staff, to report the associated risk as part of the State of North Carolina's fiduciary funds rather than to allocate the risk to component units. The effect of this change removes from the College issued financial statements the assets and liabilities associated with the State Treasurer's security lending program. This change does not affect the College's beginning fund equities
- B. Governmental Accounting Standard Board, Statement #33, Accounting and Financial Reporting for Nonexchange Transactions Effective July 1, 2000, the College implemented the new accounting and reporting standards required in GASB #33. This standard provides accounting rules over non-exchange transactions and changes the College's standards for the recognition of revenues and the reporting of funds received but not earned in the College's financial statements. In prior years, the College reported funds received but not expended in its financial statements as an addition to fund equity. Based on this new standard, revenues are recognized when earned and when the resource

#### NOTES TO THE FINANCIAL STATEMENTS (CONCLUDED)

provider's conditions have been satisfied. Amounts received not meeting the recognition requirements are now reported as deferred revenue. In addition, the new standard requires promises to give (pledges) that are expected to be collected and available for expenditure, and that are verifiable and measurable, be recorded as a receivable and revenue, upon satisfying the resource provider's conditions. Prior to this year, pledges were not recorded as a receivable unless there was a legally enforceable right. The effect of implementing this standard decreased the beginning unexpended plant fund balances by \$100,988,558.32.

#### NOTE 13 - PRIOR PERIOD ADJUSTMENT

As of July 1, 2000, the fund equity of the unexpended plant fund as previously reported was restated by \$100,988,558.32 as a result of the accounting change for GASB Statement #33.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Central Piedmont Community College Charlotte, North Carolina

We have audited the financial statements of Central Piedmont Community College, a component unit of the State of North Carolina, as of and for the year ended June 30, 2001, and have issued our report thereon dated June 6, 2002.

As discussed in Note 12A to the financial statements, the College changed its method of accounting for securities lending transactions allocated from the State Treasurer's Cash and Investment Pool during the year ended June 30, 2001. As discussed in Note 12B to the financial statements, the College implemented Governmental Accounting Standard Board, Statement #33, Accounting and Financial Reporting for Nonexchange Transactions, during the year ended June 30, 2001.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

#### **Compliance**

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests, which are reported in the Audit Findings and Recommendations section of this report, disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONCLUDED)

#### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the College's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the College's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. The reportable conditions noted as a result of our audit are described in the Audit Findings and Recommendations section of this report:

#### **Findings**

- 1. Inadequate Bank Reconciliation Process
- 2. Inadequate Controls over Telephone and Internet Receipts

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above is a material weakness.

This report is intended solely for the information and use of the Board of Trustees and the State Board of Community Colleges, management and staff of the College, the Governor, the State Controller, the General Assembly, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

Ralph Campbell, Jr.

apph Campbell, J.

State Auditor

June 6, 2002

#### **AUDIT FINDINGS AND RECOMMENDATIONS**

Current Year Findings and Recommendations - The following findings and recommendations were identified during the current audit and represent significant deficiencies in internal control or noncompliance with laws, regulations, contracts, or grants.

#### 1. INADEQUATE BANK RECONCILIATION PROCESS

Bank reconciliations were not adequately completed during our audit period. Outstanding amounts that could not be explained were recorded as reconciling items. The review process was not sufficient to detect and correct errors in the bank reconciliation process. This condition increases the risk of unrecorded transactions and transactions recorded in error.

*Recommendation:* The College should strengthen internal control to ensure that the bank reconciliations are complete and adequately reviewed.

College's Response: The College concurs that the internal controls will be strengthened to ensure that the bank reconciliations are complete and adequately reviewed. Steps have already been taken to develop processes to ensure a complete understanding related to all bank reconciliations through a collaborative effort among the different departments within the Financial Services unit. These efforts will provide adequate controls over the bank reconciliation process.

#### 2. INADEQUATE CONTROLS OVER TELEPHONE AND INTERNET RECEIPTS

Duties related to telephone and Internet receipts were not adequately segregated. One employee in the Business Office had the sole responsibility for system administration, processing, and reconciling of the telephone and Internet receipts. This employee also had access rights to make adjustments to the system. Segregation of duties is a basic internal control that doesn't allow one individual to initiate, process, and record transactions without the review and approval of another individual.

In addition, revenues recorded in the system that processes credit card transactions for telephone and Internet receipts were not adequately reconciled to the accounting system. Review of the existing reconciliation was not sufficient to detect weaknesses in the process.

These conditions increase the risk of unauthorized or unrecorded transactions as well as transactions recorded in error.

*Recommendation:* Subsequent to fiscal year end the College implemented procedures to correct these concerns. No further action is necessary.
