Creating a Collaborative School Culture:
The Arts Integration Team Process

A+ Schools Program’s 20th Anniversary Conference
August 3-5, 2015

If people work together in an open way with porous boundaries - that is, if they listen to each other and really talk to each other - then they are bound to trade ideas that are mutual to each other and be influenced by each other. That mutual influence and open system of working creates collaboration.

Richard Thomas
Arts Integration at ArtSpace

1) Intentional

2) Expected
