

How to Register for a NCID

Individual NCIDs are required to apply for Phase 1 of the NC VW Settlement Programs and will be required to submit and manage applications in the Division of Air Quality-Grant Management System (DAQ-GMS) beginning with Phase 2.

To use the different applications, applicants must create and maintain an Individual NCID (at no charge). This is a secure username and password the applicant will use to access their account. After creating your username and password, keep it in a secure place to refer to when submitting a Phase 1 application or to access the DAQ-GMS for Phase 2.

Note: A person may already have a business NCID for other NC portals, but she or he must use an individual NCID account when submitting applications in Phase 1 or accessing the DEQ-GMS to submit or manage applications for Phase 2. If you already have an individual or government NCID there is no need to create a new NCID.
