

Instructions for Charging Infrastructure Installation

EV Infrastructure Installation Requirements:

- All work eligible for reimbursement or as a cost share in your NC DEQ award agreement has been completed. Documentation should include the following photographs
 - Working EV Charger Screen(s).
 - EV Charger Serial Number(s)
 - Electrical Permit Sign-Off
 - On-site signage.
 - Wayfinding from the highway if already installed but not required. (DC Fast Projects only)
 - Overall Site photo. This should include the Charger and required parking spaces. All NC DEQ award agreement site work should be completed. The parking pads paved, curb and gutter, and trenching covered.

- Complete page 2 and return to NCDAQ.
