

## PUBLIC NOTICE

### **PUBLIC NOTICE ON PRELIMINARY DETERMINATION REGARDING APPROVAL OF AN APPLICATION SUBMITTED UNDER THE “REGULATIONS FOR THE PREVENTION OF SIGNIFICANT DETERIORATION OF AIR QUALITY”**

Daimler Trucks North America, LLC - Mt. Holly Plant has applied to the North Carolina Department of Environmental Quality, Division of Air Quality, Permitting Section for approval of a project involving an increase in truck production at their facility located at:

1800 North Main Street  
Mount Holly, North Carolina 28120  
Gaston County

The proposed facility is subject to review and processing under North Carolina Administrative Code (NCAC), Title 15A, Subchapter 02D .0530 - Prevention of Significant Deterioration. The facility is defined as a “major stationary source” for the discharge of significant quantities of VOCs.

The Daimler Trucks North America, LLC - Mt. Holly Plant application has been reviewed by the DAQ, Major New Source Review Branch in Raleigh, North Carolina to determine compliance with the requirements of the North Carolina Environmental Management Commission air pollution regulations.

A preliminary review, including analysis of the impact of the facility emissions on local air quality, has led to the Determination that the project can be approved, and the DAQ air permit issued, if certain permit conditions are met.

Gaston County is classified as an attainment area. Compliance with all ambient air quality standards and the PSD increments is projected.

A copy of the application submitted by Daimler Trucks North America, LLC - Mt. Holly Plant and other materials used by the DAQ in making this preliminary determination are available for public inspection during normal business hours at the following locations:
