SECTION .1300 – DEVELOPMENT LINE PROCEDURES

15A NCAC 07J.1301 REQUESTING THE DEVELOPMENT LINE
(a) Any local government, group of local governments involved in a regional beach fill project, or qualified owner’s association with territorial jurisdiction over an area that is subject to ocean hazard area setbacks pursuant to 15A NCAC 07H.0305 may petition the Coastal Resources Commission for a development line for the purpose of siting oceanfront development in accordance with the provisions of this Section. A “qualified owner’s association” is an owner’s association, as defined in G.S. 47F-1-103(3), that has authority to approve the locations of structures on lots within the territorial jurisdiction of the association and has jurisdiction over at least one mile of ocean shoreline.

(b) A development line request shall apply to the entire large-scale project area as defined in 15A NCAC 07H.0305(a)(7) and, at the petitioner’s request, may be extended to include the entire oceanfront jurisdiction or legal boundary of the petitioner.

(c) In determining where to position a requested development line, the petitioner shall use an adjacent neighbor sight-line approach, resulting in an average line of structures. In areas where the seaward edge of existing development is not linear, the petitioner may determine an average line of construction on a case-by-case basis. In no case shall a development line be established seaward of the most seaward structure within the petitioner’s oceanfront jurisdiction.

(d) An existing structure that is oceanward of an approved development line may remain in place until damaged greater than 50 percent in accordance with Rule .0210 of this Subchapter. At that time it may only be replaced landward of the development line and shall meet the applicable ocean hazard setback requirements as defined in 15A NCAC 07H.0306(a).

(e) A request for a development line or amendment shall be made in writing by the petitioner and submitted to the CRC by sending the written request to the Director of the Division of Coastal Management. A complete request shall include the following:

(1) A detailed survey of the development line using on-ground observation and survey or aerial imagery along the oceanfront jurisdiction or legal boundary, including:
   (A) The development line, static vegetation line, mean high water line, and any other information necessary for a review of the petitioner’s proposed development line, such as a pre-nourishment project mean high water line, local ordinances, or easements; and
   (B) Surveyed development line spatial data in a geographic information systems (GIS) format referencing North Carolina State Plane North American Datum 83 US Survey Foot, to include Federal Geographic Data Committee (FGDC) compliant metadata;

(2) All local regulations associated with the development line;
(3) A record of local adoption of the development line by the petitioner; and
(4) Documentation of incorporation of a development line into local ordinances or rules and regulations of an owner’s association.

(f) Once a development line is approved by the Coastal Resources Commission, only the petitioner may request a change or reestablishment of the position of the development line.

(g) A development line request shall be submitted to the Director of the Division of Coastal Management, 400 Commerce Avenue, Morehead City, NC 28557. Written acknowledgement of the receipt of a completed development line request, including notification of the date of the meeting at which the request will be considered by the Coastal Resources Commission, shall be provided to the petitioner by the Division of Coastal Management.

(h) The Coastal Resources Commission shall consider a development line request no later than the second scheduled meeting following the date of receipt of a complete request by the Division of Coastal Management, unless the petitioner and the Division of Coastal Management agree upon a later date.

15A NCAC 07J.1302 PROCEDURES FOR APPROVING THE DEVELOPMENT LINE
(a) At the meeting that the development line request is considered by the Coastal Resources Commission, the following shall occur:

(1) A representative for the petitioner shall orally present the request described in Rule .1301 of this Section. The Chairman of the Coastal Resources Commission may limit the time allowed for oral presentations based upon the number of speakers wishing to present.

(2) Additional persons may provide written or oral comments relevant to the development line request. The Chairman of the Coastal Resources Commission may limit the time allowed for oral comments based upon the number of speakers wishing to speak.

(b) The Coastal Resources Commission shall approve a development line request if the request contains the information required and meets the standards set forth in Rule .1301 of this Section.

(c) The final decision of the Coastal Resources Commission shall be made at the meeting at which the matter is heard or in no case later than the next scheduled meeting. The final decision shall be transmitted to the petitioner by registered mail within 10 business days following the meeting at which the decision is reached.
(d) The decision to authorize or deny a development line is a final agency decision and is subject to judicial review in accordance with G.S. 113A-123.
