Sedimentation Rules Review

SCHEDULE FOR READOPTION of EROSION & SEDIMENT CONTROL RULES NCAC 04

Date	Required Task	Met
12/12/18	Complete revisions to draft rules based on the Office of Administrative Hearings (OAH) comments	
12/17/18	Send Draft Rules to Sediment Rules Work Group (16 member) and to three-member Sediment Commission subgroup.	
1/25/18	Complete preparation of Draft Regulatory Impact Analysis (RIA) and send to Office of State Budget & Management (OSBM)	
2/07/19	Sedimentation Control Commission Meeting	
2/28/19	Revise RIA as needed and achieve approval from OSBM	
2/15/19	Send draft rules and RIA to Sediment Control Commission	
5/29/19	Seek approval from SCC to send rules to public hearing	
6/01/19	Last day to file for NC Register	
7/01/19	Publish Notice of Text in NC Register.	
7/16/18	Public Hearing Held.	
8/30/19	End of Comment Period.	
9/09/19	Draft Hearing Officer Report sent to 3-member subgroup	
9/23/19	Hearing Officer Report finalized	
11/21/19	Present final rule recommendations at Sedimentation Control Commission meeting	

- Statutory deadline for Commission adoption: 11/30/19

Civil Penalty Remission Requests

Budget Bill – SL 2015-241 (House Bill 97)

Civil Penalty Remission Requests

- New to E&SC program
- Must be made within 60 days of receipt of the CPA
- Must stipulate to the facts (admit violations) on which the assessment was based and waive the right to appeal to OAH
- Remissions requests will be heard by the Sedimentation Control Commission for requests through a local program, and MAY be heard by the Commission for requests made through a DEQ regional office.

Civil Penalty Remission Requests

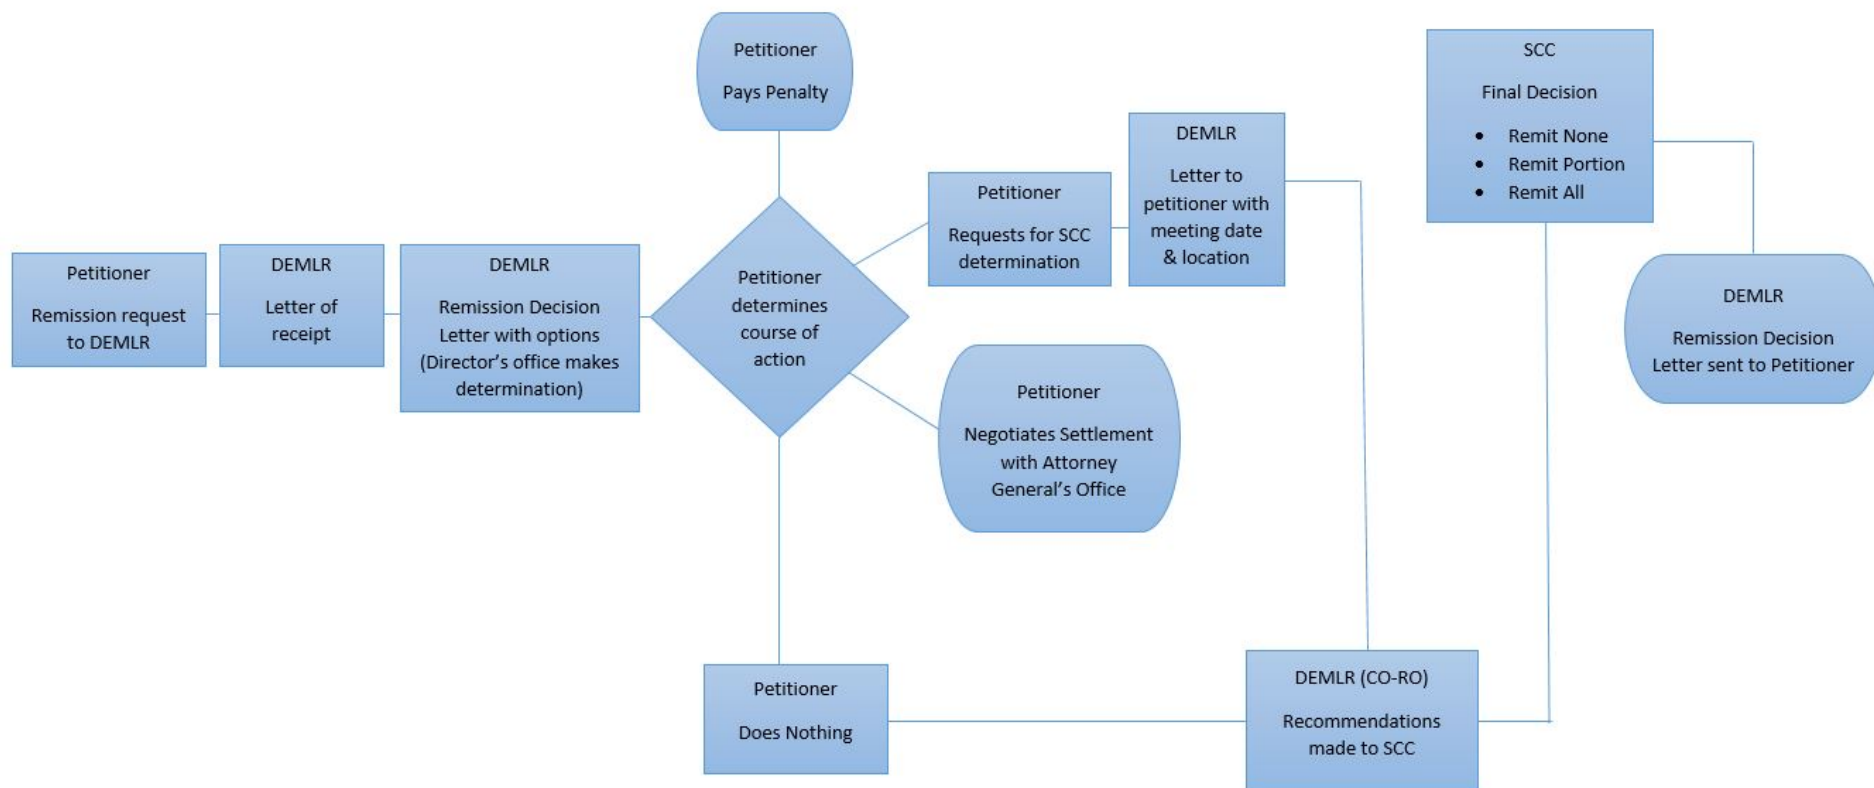

Factors/possible justifications which may be considered:

- Whether the CPA factors were wrongly applied
- Whether the violator promptly abated continuing environmental damage
- Whether the violation was inadvertent or accidental
- Whether the violator has received previous CPAs
- Whether payment of the CPA would cause significant financial hardship
- Assessed property tax valuation of the property on which the violation occurred

Re: Civil Penalty Assessment for Violations of the Sedimentation Pollution Control Act of 1973, N.C. General Statute 113A-50 et seq.
{COUNTY}
LQS {XX-XXXX}

Dear Sir or Madam:

Pursuant to North Carolina Administrative Code 15A 4A.0001 et seq. and the above-referenced Act, this letter is notice of a civil penalty assessed by the Department of Environmental Quality (DEQ), formerly Department of Environment and Natural Resources. The civil penalty assessment document is attached.

Within thirty (30) days from the date of receipt of this letter, you must do one of the following:

- (1) Pay the civil penalty assessment; or
- (2) File a written petition for a contested case hearing in the Office of Administrative Hearings (OAH).

Alternatively, if you choose to stipulate to the facts on which this assessment was based, but wish to request remission of the civil penalty, then within sixty (60) days from the date of receipt of this letter, you must do the following:

- (3) File a written request for a remission of the civil penalty.

Pursuant to N.C. General Statute 150B-22, informal settlement negotiations may be initiated at any time. To negotiate a settlement of this assessment, please contact John A. Payne, Assistant Attorney General, who may be reached by telephone at (919) 716-6600. Settlement offers do not extend the 30-day deadline for payment or filing of a contested case petition, nor the 60 days deadline for request for remission.

Additional information about your options is provided below.

PAYMENT

To pay the penalty, send your payment by check or money order made payable to the North Carolina Department of Environmental Quality (or **NCDEQ**) to John A. Payne, Assistant Attorney General, North Carolina Department of Justice, Environmental Division, 9001 Mail Service Center, Raleigh, North Carolina 27699-9001. The Attorney General's Office will represent **NCDEQ** in the resolution of this civil penalty assessment.

APPEAL

If you file a contested case petition, it must be in writing and in the form prescribed by N.C. General Statutes 150B-23. File the original petition and one copy with:

Office of Administrative Hearings
6714 Mail Service Center
Raleigh, North Carolina 27699-6714

Any questions about filing a petition may be directed to the Clerk of OAH by telephoning (919) 431-3000.

You must serve **DEQ** by mailing a copy of the petition to:

Mr. Bill Lane
Registered Agent and General Counsel
1601 Mail Service Center
Raleigh, North Carolina 27699-1601

REMISSION

A request for remission is limited to consideration of the six factors listed below and is not the proper procedure for contesting the accuracy of any of the statements contained in the assessment document.

Because a remission request forecloses the option of an administrative hearing, such a request will not proceed without a waiver of your right to an administrative hearing and a stipulation that there are no factual or legal issues in dispute.

You must execute and return to this office the attached "Waiver of Right to an Administrative Hearing and Stipulation of Facts" and the attached "Justification of Remission Request" which should provide additional information on the following factors which shall be considered in determining whether a civil penalty remission request will be approved:

- 1) One or more of the civil penalty assessment factors in G.S. 113A-64(a)(3) were wrongly applied to the detriment of the petitioner.

Instructions

Civil Penalty Remission Requests

Action req'd in
60 days

CERTIFIED MAIL

???Resp Person???

Page 3

???date???

- 2) The petitioner promptly abated continuing environmental damage resulting from the violation.
- 3) The violation was inadvertent or a result of an accident.
- 4) The petitioner had been assessed civil penalties for any previous violations.
- 5) Payment of the civil penalty will prevent payment for necessary remedial actions or would otherwise create a significant financial hardship.
- 6) The assessed property tax valuation of the petitioner's property upon which the violation occurred, excluding the value of any structures located on the property.

You have the burden of providing information concerning the financial impact of a civil penalty and the burden of showing any financial hardship.

If you file a request for remission of the civil penalties, you must submit the required information within 60 days of receipt of this notice. Submit this information to the attention of:

*If sending by First Class Mail via
the US Postal Service:*

Julie Coco, PE, State Sediment Engineer
DEMLR
1612 Mail Service Center
Raleigh, NC 27699-1612

*If sending via delivery service
(e.g. UPS, FedEx):*

Julie Coco, PE, State Sediment Engineer
DEMLR
512 N. Salisbury Street
Raleigh, NC 27604

Payment of this penalty will not foreclose further enforcement action against you for any new violation. If the violations which resulted in this penalty assessment are continuing in nature, **DEQ** reserves the right to assess additional civil penalties in the future, or take other enforcement action against you.

Please also be aware that because you have never previously been assessed a civil penalty for violations of the Sedimentation Pollution Control Act, should you abate continuing environmental damage resulting from these violations within 180 days of the date of the Notice of Violations (no later than {DATE}), then the maximum cumulative civil penalty assessed against you for these violations cannot exceed \$25,000.00.

Your attention to this matter is appreciated.

Sincerely,

{Name}
{Title}
DEMLR

cc: Julie Coco, State Sedimentation Engineer & John A. Payne, Assistant Attorney General

E-Permitting

Department of Environmental Quality + Department of Information Technology

DEQ + DIT

E-Permitting

~~AMARILLO SLIPS~~

**MS Dynamics 365
Customer Relationship
Management (CRM)
database model**

E-Permitting

Project database management and electronic permitting system

- Public Portal (login)
- Online application submittals
- Upload plans, narratives, deeds, calculations, etc.
- Online payments with instant confirmation
- View documents & permit status
- Track & report on plans, inspections & enforcement

The Sedimentation Pollution Control Program

To allow development within our State while preventing pollution by sedimentation

- Enforces Sedimentation Pollution Control Act of 1973
- Oversees local sedimentation programs
- Educational Outreach
- Covers all land disturbing activities except agriculture and mining (conditional forestry exemption)

~ 8,000 active projects
~ 2,400 new/year

The Sedimentation Pollution Control Program

"Open" Sediment Projects
(active/inactive projects that have not been completed/closed)

The Sedimentation Pollution Control Program

Disturbed Acres Per Year

The Sedimentation Pollution Control Program

- 28,024 disturbed acres in FY 2017-2018 statewide
- An increase of 4,861 disturbed acres from FY 2016-2017
- 7,974 open projects in FY 2017-2018 statewide
- An increase of 274 open projects from FY 2016-2017
- Average of 3.5 acres per project
- Steady increase since FY 14-15

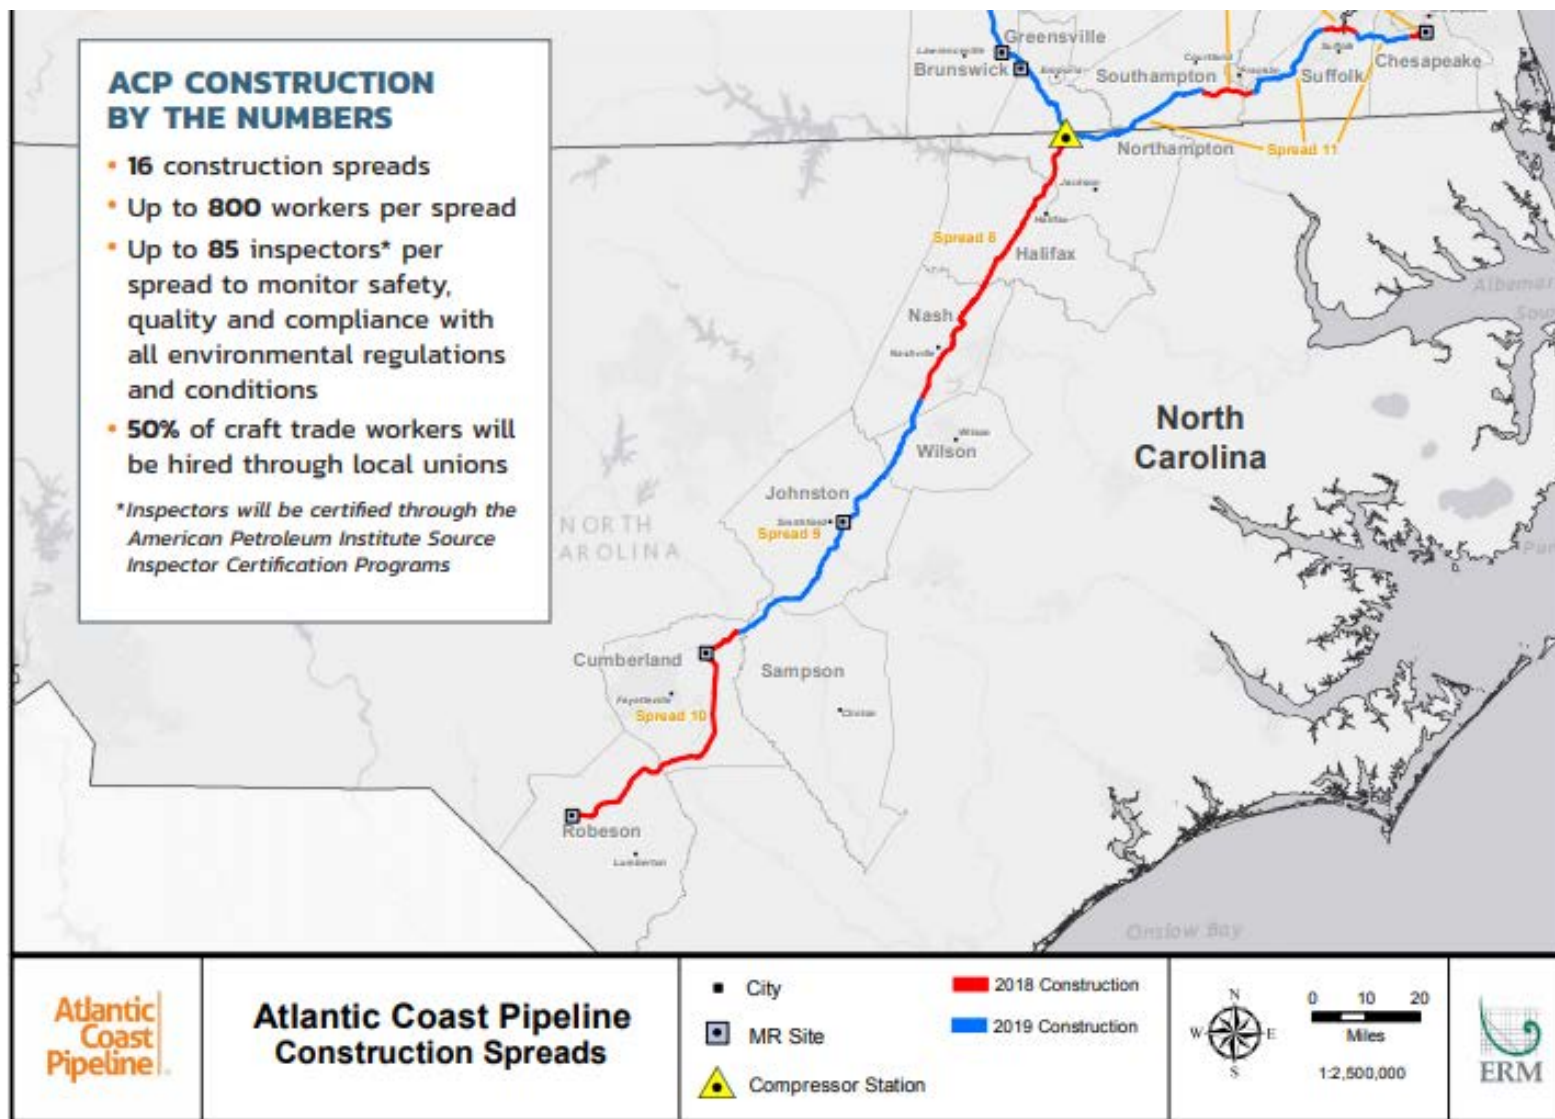

The Sedimentation Pollution Control Program

Natural Gas Pipelines

The Sedimentation Pollution Control Program

The Sedimentation Pollution Control Program

Typical Pipeline Construction Spread Major Activities

Presented is a compressed view of activities that normally are spread over a distance of several miles. The mayor typical construction activities of a major pipeline project are depicted in this sketch.

TYPICAL PIPELINE CONSTRUCTION

1. Routing and Environmental Services
2. Staking for construction
3. Temporary fencing and signage
4. Clearing
5. Grading and topsoiling
6. Restaking trench centerline
7. Trenching
8. Rock trenching & padding
9. Boring-conventional
10. Boring-horizontal directional grill (not shown)
11. Stringing (ahead of or behind the trenching)
12. Pipe set-up & bending
13. Setup, end preparation, & alignment (pipeplay)
14. Welding-rootbead & hot pass (pipe gang)
15. Welding-fill passes & cap (firing line)
16. NDE examination (X-ray or UT)
17. Field weld coating
18. Final coating inspection
19. Lowering-in
20. As-built survey
21. Backfilling
22. Tie-ins
23. Fabrication
24. Cleanup
25. Caliper pigging & hydrostatic testing
26. Dewatering, drying, final tie-ins (not shown)
27. Commissioning ins (not shown)
28. Final cleanup, restoration, & revegetation
29. Monitoring & maintenance (not shown)
