

Agenda Item: 13-01 Request for Approval of Typographic Corrections to 15A NCAC 02H .1005, and Approval to Proceed to the RRC.

Explanation:

DWQ Staff will present proposed typographic corrections to 15A NCAC 2H .1005. This rule was amended July 2012 per S.L. 2008-211. Two sentences from SL 2008-211, Sect. 2(b)(1)b.5. were mistakenly omitted in the amended rule 02H .1005(e). These must be added into 02H .1005(e) to stay consistent with S.L. 2008-211 as required in Section 4. Also, 02H .1005(h)(2)(G)(iii) is mis-numbered, and needs to be brought up one level to be (h)(2)(H); then re-letter current (H)-(K) as (I)-(K). It is in Section 2.(d)(2) of S.L. 2008-211. This typographic correction does not change the current implementation of the requirements.

Recommendation:

Staff will request approval from the EMC to proceed to the RRC with the proposed typographic corrections to the rule.
