

LAND QUALITY SECTION
(Division of Energy, Mineral and Land Resources)

The *LQ Section* reviews plans, conducts compliance inspections, approve stormwater plans, investigate complaints, and initiates enforcement actions with regard to the *NC Sedimentation Control Act of 1973*, the *Dam Safety Act of 1967*, the *Mining Act of 1971*, and the *Federal NPDES and State Storm water programs*. These regulations protect our streams and lands from degradation by soil erosion and storm water runoff from mining, construction, and industry.

CONTACTS:

Stan Aiken, Environmental Regional Supervisor
Lawrence Ammons, Environmental Specialist
Richard Brooks, Environmental Specialist
Melissa King, Assistant Environmental Engineer
Tyler Pearson, Environmental Specialist
Isaiah Reed, Environmental Specialist
Shawna Riddle, Environmental Senior Specialist
Michael Smith, Assistant Environmental Engineer

DIVISION OF AIR QUALITY

The *DAQ* has the regulatory responsibility of issuing permits, inspecting air pollutant emission sources, conducting ambient air monitoring, and investigating complaints.

CONTACTS:

Brendan Davey, Environmental Regional Supervisor
Keith Bamberger, Information's Communications Specialist

PERMITTING UNIT

Patrick Ballard, Environmental Engineer
Harold Brady, Environmental Engineer
Chris Scott, Environmental Engineer

COMPLIANCE UNIT

Bob Graves, Environmental Specialist
Angela Hopper, Environmental Specialist
Richard Morris, Environmental Specialist
Mike Parkin, Environmental Engineer

AMBIENT MONITORING UNIT

Terri Davis, Environmental Senior Technician
Steve Ensley, Environmental Chemist

Asheville Regional Office

Divisions

ADMINISTRATIVE SERVICES

(Division of Environmental Assistance & Customer Service)

This section provides complete office and logistical support for all programs located in this regional office.

CONTACTS:

Linda J. Stamey, Regional Administrative Office Manager
Carrie Emrick, Office Assistant, WQROS
Stephanie Frady, Office Assistant, UST & Public Water
Janet Pamfilis, Office Assistant, Receptionist & Air Quality

ENVIRONMENTAL ASSISTANCE & OUTREACH

(Division of Environmental Assistance & Customer Service)

The EAO provides assistance and outreach to customers and serves as the centralized source of DEQs programs at the regional office.

CONTACT:

Alison Davidson, Environmental Assistance Coordinator

PUBLIC WATER SUPPLY SECTION

(Division of Water Resources)

The PWS section works with operators of public water systems to ensure the water supply is safe to drink. This is accomplished through plant site, plan, and specification reviews, contamination complaints, water sample reports, and training of consultant plant operators and owners.

CONTACTS:

Kimberly Barnett, Environmental Regional Supervisor
Bill Conner, Environmental Engineer
James Emory, Environmental Specialist
Nicole Hairston, Environmental Specialist
Jennifer Holloway, Environmental Engineer
Buddy Melton, Environmental Engineer
Don Price, Environmental Senior Specialist
Fred Walker, Environmental Engineer
Molly K Watson, Environmental Engineer

INFORMATION TECHNOLOGY SERVICES

ITS provides technology support services with networking and databases to ensure the greatest efficiency and customer service to North Carolinians

CONTACT:

David Conway, Technology Support Specialist

GEOLOGICAL SURVEY

(Division of Energy, Mineral and Land Resources)

The North Carolina Geological Survey (NCGS) examines, describes and maps the geology and mineral resources of North Carolina and publishes these findings in reports and maps. The NCGS administers cooperative geologic mapping agreements with the US Geological Survey, and other federal, state and local government agencies. The NCGS responds to citizen's questions and service requests about NC geology.

CONTACTS:

Rick Wooten, Senior Geologist
Bart Cattanaach, Senior Geologist
Nick Bozdog, Project Geologist
Sierra Isard, Geologist

WATER QUALITY REGIONAL OPERATIONS SECTION

(Division of Water Resources)

The SWP section has regulatory authority to issue wastewater treatment permits, certify dredge and fill applications, inspect permitted plants for compliance and enforcement, conduct ambient water monitoring, investigate fish kills, and oil spills. This section also monitors watershed protection, aquatic toxicology, and basin-wide studies and permitting.

CONTACTS:

Landon Davidson, Environmental Regional Supervisor
Zan Price, Assistant Environmental Regional Supervisor
James Aaron, Environmental Specialist
Amy Annino, Environmental Senior Specialist
Kevin Barnett, Environmental Chemist
Daniel Boss, Environmental Specialist
Ted Campbell, Hydrogeologist
Janet Cantwell, Environmental Specialist
Tim Fox, Environmental Specialist
Tim Heim, Environmental Engineer
Brett Laverty, Hydrogeologist
Kevin Mitchell, Environmental Specialist
Andrew W. Moore, Senior Environmental Technician
Bev Price, Environmental Specialist
Linda Wiggs, Environmental Specialist
Mikal Willmer, Environmental Specialist

Office of Land and Water Stewardship

The One North Carolina Naturally initiative promotes and coordinates the long-term conservation of North Carolina's threatened land and water resources. NC DEQ's Office of Conservation, Planning & Community Affairs manages the program by leading the development and implementation of a comprehensive statewide conservation plan involving government agencies, private organizations, landowners and the public

CONTACT:

Vacant, Western Regional Field Officer

SOLID WASTE SECTION

(Division of Waste Management)

The Solid Waste Program regulates safe management of solid waste through guidance, technical assistance, regulations, permitting, environmental monitoring, compliance evaluation and enforcement. Waste types handled at these facilities include municipal solid waste, industrial waste, construction and demolition waste, land-clearing waste, scrap tires, medical waste, compost, and seepage.

CONTACTS:

Deborah Aja, Western District Supervisor
Troy Harrison, Environmental Senior Specialist
Lee Hill, Environmental Senior Specialist
Jaclyne Drummond, Hydrogeologist
Allen Gaither, Environmental Engineer, Permitting
Larry Frost, Environmental Engineer, Permitting
Kris Riddle, Environmental Senior Specialist

UNDERGROUND STORAGE TANK SECTION

(Division of Waste Management)

The UST section has the regulatory authority of UST installation and operation, investigations of leaking USTs and the cleanup of releases. This section also oversees and investigates non-UST petroleum releases.

CONTACTS:

Caroline LaFond, Environmental Regional Supervisor
Kristin Hicklin, Hydrogeologist
Dan Murphy, Hydrogeologist
Mike Streeter, Hydrogeologist
Garic R. Williams, Hydrogeologist

WATER QUALITY LABORATORY SECTION

(Division of Water Resources)

The DWQ Laboratory Section's programs are a vital component in the effort to provide analytical data and ensure the quality of the analytical data used for regulatory purposes by various programs within DEQ. These programs rely on the services of the laboratory section to support a multitude of scientific, regulatory, and administrative decisions. The Regional Laboratory provides critically time sensitive analyses to DWQ. The Laboratory Certification program certifies approximately 120 commercial, municipal, industrial, and field laboratories in the Region and surrounding states that report data to various DEQ programs.

CONTACTS:

Kathy Jimison, Chem. Tech
Jason Smith, WW/GW Lab Certification Auditor
