**Division of Environmental Assistance and Customer Service**

DEACS provides complete office and logistical support for all programs located in this regional office. DEACS also provides assistance and outreach to customers and serves as the centralized source of DEQs programs at the regional office.

**Land Quality Section**

*DEACS, Winston-Salem & Mooresville Regions*

Paul Williams, Environmental Assistance Coordinator

**Public Water Supply Section**

*(Division of Water Resources)*

The PWS section works with operators of public water systems to ensure the water supply is safe to drink. This is accomplished through plant site, plan, and specification reviews, contamination complaints, water sample reports, and training of consultant plant operators and owners.

**Water Quality Regional Operations Section**

*(Division of Water Resources)*

The Water Quality Section Program has regulatory authority to ensure both groundwater and surface water quality are protected from adverse impacts resulting from various types of wastewater collection and disposal practices through comprehensive permitting, inspection and enforcement activities. Other programmatic areas that are essential to maintaining water quality are: regulating groundwater well development, wetland protection and restoration, watershed protection, providing technical assistance to permit holders, ambient water quality monitoring participation in specific studies and investigating all types of reported citizen concerns such as polluted groundwater and fish kills.

**Superfund**

*(Division of Waste Management)*

**Underground Storage Tanks**

*(Division of Waste Management)*

The UST section has the regulatory authority of UST installation and operation, investigations of leaking USTs and the cleanup of releases. This section also oversees and investigates non-UST petroleum releases.
