APPLICATION FOR APPROVAL OF
GUARANTEED ENERGY SAVINGS CONTRACTS
APPLICATION DUE DATE

The Local Government Commission (the “LGC”) meets the first Tuesday of each month, unless otherwise announced, to conduct its business, including the approval of applications of units of government to incur debt. Generally, to allow adequate review of applications, the staff of the LGC (the “staff”) requires that applications be received no later than twenty-five days prior to the date of the LGC meeting at which the unit wants its application to be considered. However, in more complex transactions the staff may require earlier submission.

Although this application form is available to interested parties by internet access; the project and the related proposed financing should be discussed with the staff prior to submission of an application. Before the application is accepted for submission to the LGC a preliminary conference may be required (G.S. 159-149).

LEGISLATIVE REPORTING REQUIREMENT

State law G.S. 120 - 157.1 – 157.4 adopted and effective on June 24, 2011 requires that certain capital projects to be financed with debt in an amount exceeding $1,000,000 be reported to the Joint Legislative Committee on Local Government and to the Fiscal Research Division of the North Carolina General Assembly at least 45 days before the application for debt is to be considered for approval by the Local Government Commission. The law applies to all capital projects to be financed by issuing debt over $1,000,000 with the exception of schools, jails, courthouses and administrative buildings. Copies of the reporting should also be sent to our office at the time of the filing.

This reporting duty is the responsibility of each local government unit. Each unit should consult its own attorney or the unit’s bond counsel for legal advice on complying with the reporting requirements of this new statute.

RESOLUTION AUTHORIZING THE FILING OF AN APPLICATION FOR
APPROVAL OF A GUARANTEED ENERGY SAVINGS CONTRACT AUTHORIZED
BY NORTH CAROLINA GENERAL STATUTE 143-64.17C

WHEREAS, the [local government unit] of _________________, North Carolina desires to enter into a Guaranteed Energy Savings Contract (the “Contract”) to [install energy conservation measures] (the “Project”) so as to reduce energy consumption and/or energy-related operating costs; and

WHEREAS, the [local government unit] desires to finance the Project by the use of an installment contract authorized under North Carolina General Statute 160A, Article 3, Section 20; and

WHEREAS, the term of the Contract does not exceed twelve years from the date of the installation and acceptance by the local government unit of the energy conservation measures provided under the Contract; and

WHEREAS, the energy savings resulting from the performance of the Contract will equal or exceed the total cost of the Contract pursuant to an evaluation performed by [a licensed architect or engineer] on behalf of [the local government unit]; and

WHEREAS, the energy conservation measures to be installed under the Contract are for an existing building; and

WHEREAS, findings of fact by this governing body must be presented to enable the North Carolina Local Government Commission to make its findings of fact set forth in North Carolina General Statute 159, Article 8, Section 151 prior to approval of the proposed contract;

NOW, THEREFORE BE IT RESOLVED that the [local government unit], meeting in [regular/special] session on the ______ day of ______________, 20____, make the following findings of fact:

1. The proposed Contract is necessary or expedient because [state facts supporting such conclusion].

2. The proposed Contract is preferable to a bond issue for the same purpose because [state the reasons and justifications for choosing the contract method of financing rather than a nonvoted general obligation bond issue or a voted general obligation bond issue].

3. The sums to fall due under the Contract are adequate and not excessive for the proposed purpose because the energy savings over the period of the Contract are guaranteed to equal or exceed the total costs of the improvements.

4. The [local government unit’s] debt management procedures and policies are sound because [state facts supporting a conclusion that the debt management policies of the contracting unit have been carried out in strict compliance with the law, or provide assurances that debt management will henceforth be so carried out.]

[FORM RESOLUTION]
GUARANTEED ENERGY SAVINGS CONTRACTS
5. An increase in taxes is not necessary since the guaranteed energy savings equal or exceed the sums to fall due under the Contract.

OR

The initial increase in taxes necessary to meet the sums to fall due under the proposed Contract will be _______ cents per $100 valuation and is not deemed to be excessive. Given the guarantee of energy savings equaling or exceeding total costs, such an increase in taxes is expected to be recaptured over the term of the Contract.

6. The [local government unit] is not in default in any of its debt service obligations.

7. The attorney for [local government unit] has rendered an opinion that the proposed project is authorized by law and is a purpose for which public funds may be expended pursuant to the Constitution and laws of North Carolina.

NOW, THEREFORE, BE IT FURTHER RESOLVED that the [Authorized representative] is hereby authorized to act on behalf of [the local government unit] in filing an application with the North Carolina Local Government Commission for approval of the Project and the proposed Guaranteed Energy Savings Contract and other actions not inconsistent with this resolution.

This resolution is effective upon its adoption this ________ day of ______________, 20____.

The motion to adopt this resolution was made by [Commissioner] ____________________, seconded by [Commissioner] ____________________, and passed by a vote of ________ to ________.

RESOLUTION ACKNOWLEDGING THE EXECUTION AND DELIVERY BY THE ___________________________ COUNTY BOARD OF EDUCATION OF A GUARANTEED ENERGY SAVINGS CONTRACT

BE IT RESOLVED by the Board of Commissioners (the “Board”) of the County of ________________, North Carolina (the “County”) as follows:

1. The Board hereby finds, determines and acknowledges that:

   (a) the ______________ County Board of Education (the “School Board”) plans to enter into a $_________________ guaranteed energy savings contract pursuant to G.S. 143-64.17 et. seq. for the purpose of providing certain energy conservation measures authorized thereby (the “Project”) so as to reduce energy consumption and/or energy-related operating costs;

   (b) the School Board intends to finance the Project by entering into an installment contract (the “Contract”) pursuant to G.S. 143-64.17C and G.S. 160A-20, as amended;

   (c) the energy savings resulting from the Project are expected to equal or exceed the total costs payable under the Contract as shown in an evaluation performed by a [licensed architect or engineer] on behalf of the School Board;

   (d) the payments under the Contract are not expected to require any additional appropriations to be made to the School Board nor any increase in taxes; and

   (e) the Board does not intend to reduce appropriations to the School Board based upon a reduction of energy costs in a manner that would inhibit the ability of the School Board to make the payments under the Contract, provided that the County is not bound in any manner to appropriate funds to the School Board in amount sufficient for the School Board to make such payments.

2. Whereas, the Board of Commissioners has, pursuant to G.S. 115C-429(b), allocated part or all of its school capital outlay appropriation by purpose, function or project as defined in the uniform budget format, the Board, pursuant to G.S. 115C-433(b), also approves an amendment to the budget that increases expenditures from the capital outlay fund for the Project in the amount of $______________.

   (Insert paragraph #2 in the Resolution, only if required by G.S. 115C-433(b).)

3. This resolution shall take effect upon its passage.
