

**Agenda Item: 17-15 Request approval of the Round 4 Jordan Lake Water Supply Allocation Recommendations as provided for in G. S. 143-354(a)(11)**

**Explanation:**

At its January 2016 meeting, the Water Allocation Committee reviewed draft Jordan Lake Water Supply Allocation Recommendations presented by the Division of Water Resources. The committee requested the addition of an allocation for the City of Raleigh and gave permission for DWR to hold public meetings and take comments on the revised draft recommendations. DWR staff presented the results of modeling updated in response to comments on the draft recommendations and the final allocation recommendations at the Water Allocation Committee's January 11, 2017 meeting. No changes were requested at that time. DWR staff will provide a concise review of the request for this meeting and request the approval of allocation recommendations.
