

**Information Item:** 17-10 **Update on 15A NCAC 13B .2000 Rules for Coal Combustion Residuals (CCR)**

**Explanation:**

The Water Infrastructure Improvements for the Nation Act was passed by the US Congress in December of 2016. Section 2301 of the Act allows states to submit evidence to the EPA that the state permit program for CCR units is as protective as the federal regulations. This presentation will be an overview of the new Act and the NC DEQ's assessment of CCR rule promulgation.
