

NORTH CAROLINA ENVIRONMENTAL MANAGEMENT COMMISSION

WATER ALLOCATION COMMITTEE

Broadcast via WebEx

November 18, 2020

9:00 a.m.-10:30 a.m.

Mr. John McAdams, Chairman, Presiding

In the event the previously scheduled committee meeting adjourns prior to the estimated adjournment time, the other committee meeting may be called to order, by the Chairman/woman, fifteen minutes after the previous meeting adjourned.

I. Preliminary MattersChairman McAdams

A. Call to Order and Notice of NCGS § 138A-15

General Statute § 138A-15 mandates that the Chairman/woman inquire as to whether any member knows of any known conflict of interest or appearance of conflict with respect to matters before the Commission. If any member knows of a conflict of interest or appearance of conflict, please so state at this time.

B. Approval of [minutes](#) from the July 8, 2020 meeting

C. Revisions or additions to the agenda

II. Information Items

A. **DEQ's Programs That Use 7Q10**

(Linwood Peele, DWR)

Explanation: The presentation will discuss the programs within the Department of Environmental Quality that use 7Q10 for either permitting or planning purposes. The relationship between 7Q10 and ecological flow will be addressed. There are no policy changes related to 7Q10 being proposed by DEQ.

POWER POINT PRESENTATION

B. **Fuquay-Varina Interbasin Transfer (IBT) Request**

(Harold Brady, DWR)

Explanation: The Town of Fuquay-Varina has submitted a Notice of Intent (NOI) to the EMC to request an IBT certificate to transfer 4 mgd from the Cape Fear River basin to the Neuse River basin. This presentation will provide a brief overview of the purpose and need for this IBT certificate, recent public meetings that were held by the applicant, and the next steps moving forward.

POWER POINT PRESENTATION

- C. **Stormwater Harvesting**
(Dr. Bill Hunt, NCSU College of Biological and Agricultural Engineering)

Explanation: This presentation will discuss recent research and lessons learned from designing and monitoring stormwater harvesting practices and insight into utilizing these practices for water resources management.

POWER POINT PRESENTATION

- D. **Stormwater Harvesting Case Study from Kernersville**
(Wendi Hartup, Town of Kernersville Stormwater Manager)

Explanation: This presentation will provide a local municipality’s experience with stormwater harvesting by discussing a practice that has been implemented, along with the benefits and challenges that have been observed.

POWER POINT PRESENTATION

- III. **Concluding Remarks**Chairman McAdams
