Re: Updated Submission Pursuant to Consent Order Paragraph 18

Dear Ms. Holman and Mr. Burdette,

On September 30, 2019, Chemours submitted the On and Offsite Assessment for Fayetteville Works, pursuant to paragraph 18 of the Consent Order entered by the Superior Court for Bladen County on February 25, 2019. As noted in the September 30 submittal, results from certain samples were pending at that time and would be reported in an updated submission by October 31. Accordingly, please find enclosed an updated version of the On and Offsite Assessment, prepared by Geosyntec Consultants of NC, P.C. The updated Assessment incorporates the data which previously had been pending and includes a change log which lists the additions and modifications from the original version of the Assessment submitted on September 30.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'Brian D. Long'. The signature is written in a cursive, flowing style.

Brian D. Long  
Plant Manager  
Chemours – Fayetteville Works
