Re: Third party contractor approval pursuant to Consent Order Paragraph 26

Dear Mr. Long,

Paragraph 26 of the Consent Order states: "Chemours shall fund development by a third party contractor(s) of a sampling and analytical methodology for the measurement of Total Organic Fluorine in its process air emissions and process wastewater. Chemours' contractor(s) shall (i) be approved by DEQ, (ii) submit quarterly reports to DEQ, and (iii) submit the completed methodology to DEQ for review by December 31, 2020."

Pursuant to paragraph 26 of the Consent Order, this letter serves as the N.C. Department of Environmental Quality's approval of the third party contractor, Dr. Susan D. Richardson, Chemours has proposed to retain for the development of the Total Organic Fluorine methodology under Paragraph 26.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sheila Holman".

Sheila Holman,
Assistant Secretary for the Environment
North Carolina Department of Environmental Quality
