

# 2020 LICENSE AND STATISTICS ANNUAL REPORT

Prepared By:

North Carolina Division of Marine Fisheries

License and Statistics Section

November 2020

## ACKNOWLEDGEMENTS

We want to thank all the commercial fishermen, recreational fishermen, and licensed dealers in North Carolina who provide harvest, landings, and effort data to us through monthly reports or participating in surveys and interviews. Without their assistance, constructive criticisms, and of course, tolerance, the North Carolina Division of Marine Fisheries (NCDMF) commercial and recreational fisheries License and Statistics programs would not have achieved the current level of success.

We want to thank all of the various staff members who enter, compile, edit, and analyze data, and conduct the surveys and interviews that are submitted to our respective offices each year. Without their hard work and perseverance, this document would not have been accomplished. These staff members, in alphabetical order by last name, are:

Gabrial Albanese	Shane Crissey	Brandi Salmon
Jon Anglemyer	Chuck Davis	CJ Schlick
Melissa Anglemyer	David Dietz	Zachary Smith
Trey Baranyai	Brenda Gillikin	Ami Staples
Pam Barker	Kim Hewitte	Mechelle Stone
Rene Basnight	Stephen Jorgensen	Michael Thompson
Alan Bianchi	Chris Kelly	Amanda Tong
Mary Alice Bittmann	Lang Kimbrough	Stacy Tripp
Mitchell Blake	Nancy Marlette	Dennis Trowell
Ann Bordeaux-Nixon	Brian Melott	Dallis Tucker
Anna Branch	Caid Menzel	Andrew Valmassoi
Martin Brill	Parker Midgett	Jose Velez
Roz Camp	Sonya Midgette	Piano Waldie
Colby Cancino*	Amanda Mullikin	Josh Warren
Keeland Carpenter*	Austin Parker*	Meredith Whitten
Andrew Cathey	Willow Patten	Travis Williams
Rebecca Chapman	Joanthan Petrigac	Chris Wilson
Carol Charles	Carolyn Piner	Jim Woolard
Brenda Clark	Cheryl Russell	Pamela Zuaboni

\*Employee no longer works for NCDMF

We especially want to acknowledge the aid and assistance Rebecca Chapman provided in preparation of this document, and the cover art (created & photographed) by Jesse Bisette.

And lastly, we want to thank the following agencies for providing funds for various programs:

- Partial support for the Trip Ticket Program is provided by the National Marine Fisheries Service under the N.C./ National Oceanic and Atmospheric Administration (NOAA) Cooperative Statistics Grant, the Commercial Fisheries Resource Fund and the N.C./NOAA Atlantic Coastal Fisheries Cooperative Management Act (ACFCMA).
- The Marine Recreational Information Program (MRIP) is supported, in part, by the United States Fish and Wildlife Service (USFWS), Sport Fish Restoration Act.
- The Central Southern Management Area Recreational Striped Bass Creel Survey was initially funded through a cooperative agreement with the North Carolina Wildlife Resources Commission (NCWRC) and, in part, by the USFWS Sport Fish Restoration Act. Since 2011, this survey has been funded through the N.C. Marine Resources Fund.
- Funding for the North Carolina Highly Migratory Species (HMS) Catch Card Program is provided by the NOAA HMS Division.
- Partial funding for the Coastal Angling Program is provided by the N.C. Marine Resources Fund.
- Funding for the N.C. Recreational Saltwater Activity Survey is also provided by the N.C. Marine Resources Fund.

Chapter IV: CENTRAL AND SOUTHERN MANAGEMENT AREA RECREATIONAL FISHERY STATISTICS .....	IV-1
Chapter V: NC RECREATIONAL SALTWATER ACTIVITY MAIL SURVEYS.....	V-1
Chapter VI: FISHERIES ECONOMICS.....	VI-1

## LICENSE AND STATISTICS SECTION OVERVIEW

### **Introduction**

The North Carolina Division of Marine Fisheries (NCDMF) is responsible for the stewardship of the state's marine and estuarine resources. The division's jurisdiction encompasses all coastal waters and extends to three miles offshore. NCDMF's mission is to ensure sustainable marine and estuarine fisheries and habitats for the benefit and health of the people of North Carolina. The NCDMF is comprised of nine sections that collectively carry out this mission.

The License and Statistics Section collects, processes, and analyses on commercial and recreational fisheries data, license data, and social and economic impacts, and is responsible for the sale of fishing licenses and issuance of agency permits at all NCDMF offices. This section also administers the Marine Fisheries Commission's license eligibility process.

The section is made up of the following programs:

- License Program
- Commercial Statistics Program
- Coastal Angling Program
- Fishery Economics Program

The License and Statistics Section consists of about 60 employees: 37 permanent employees and varying numbers of temporary employees depending on funding and current project schedules. Employees are funded by appropriations, commercial license sale receipts, recreational license sale receipts, and federal grant monies.

### **Section Mission**

To license fishery participants, obtain accurate and timely data on fishery catch and effort, determine its social and economic importance, analyze, and distribute these data for evaluation and establishment of fishery management plans.

### **Annual Report Purpose**

This document provides summaries of commercial landings and recreational harvest data as well as commercial and recreational fishing licenses issued for the State of North Carolina. The purpose is to disseminate the data in formats most often requested and to illustrate the types of information collected through the various programs within the License and Statistics Section of the NCDMF. Separate and distinct summary reports for each program are released on an annual basis.

It must be noted to take caution when averaging the landings data for both commercial and recreational statistics over large periods of time because of changes in management policies and data collection methods. Creating such an average may not indicate the true

characteristics of the fishery. These factors should be taken into account when trying to summarize these data.

More detailed statistics are available upon request by contacting:

Brandi Salmon, License and Statistics Section Chief
