North Carolina Division of Water Infrastructure

Project Applicant: *Brunswick County*
Date: *August 24, 2021*
Project Number: *2017*
Estimated Project Cost: *\$2,218,967*
Estimated Funding Amount: *\$2,218,967*
Project Description: *Mapping of Town of Navassa's water assets for incorporation into the Brunswick County Public Utilities GIS system, Asset Inventory software and hydraulic model; replacement of approximately 12,000 LF of waterlines and associated appurtenances; installation of 40 LF of 12-inch (rather than the originally-scoped 6-inch) waterline to connect the existing Town of Navassa 6-inch distribution main with an existing Brunswick County 12-inch distribution main, including three new fire hydrants to facilitate line flushing; replacement of 20 fire hydrants; installation of 20 blow-off valves on dead-end waterlines; exercising all system valves; installation of two replacement industrial meters and of an advanced metering infrastructure (AMI) base station.*

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.
