North Carolina Division of Water Infrastructure

Project Applicant: City of Goldsboro
Date: March 16, 2017
Project Number: CS370482-07
Estimated Project Cost: $6,393,750
Estimated Funding Amount: $6,268,382

Project Description: The Phase IV Sanitary Sewer Rehabilitation project will include the following: rehabilitation of approximately 25,600 LF of 8” gravity sewer, 2,700 LF of 10” gravity sewer, 300 LF of 12” gravity sewer, and 1,400 LF of 15” gravity sewer with CIPP liner, and 123 manholes. Replacement of approximately 15,000 LF of 8” gravity sewer with 8” gravity sewer, and 626 service laterals. Construction of 11 new manholes.

The above named applicant will receive funding assistance from the State Revolving Fund program to construct the wastewater facilities described above. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division’s website (http://portal.ncdenr.org/web/wi/environmental-documents). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,
