North Carolina Division of Water Infrastructure

Project Applicant: *City of Washington*
Date: *August 19, 2021*
Project Number: *WIF-2009*
Estimated Project Cost: *\$417,343.00*
Estimated Funding Amount: *\$409,160.00*

Project Description: *The installation of a 550 kW generator and automatic transfer switch that will work with an existing 28-year old, 900 kW generator to provide emergency backup power for the entire water treatment plant.*

The above named applicant will receive funding assistance from the State Revolving Fund. The North Carolina Division of Water Infrastructure (Division) has conducted a review of the project in accordance with the NCGS §159G-38. The Division has determined that this project is below the minor construction activities threshold outlined in 15A NCAC 01C .0408; therefore, the project is exempt from inter-agency review, and the preparation of additional environmental documents is not required.

This determination shall become effective upon its distribution by the Division and will be available on the Division's website (<https://deq.nc.gov/about/divisions/water-infrastructure/division-water-infrastructure/environmental-documents>). This determination can be revoked at any time adverse information is made available. The documentation to support this decision will be on file with the North Carolina Department of Environmental Quality, Division of Water Infrastructure, and is available for public scrutiny upon request.

Comments concerning this decision may be addressed to Ms. Jennifer Haynie, Environment and Special Projects Unit, Division of Water Infrastructure, 1633 Mail Service Center, Raleigh, North Carolina 27699, or she can be reached by phone at (919) 707-9173.

Sincerely,

Vincent Jude Tomaino

Vincent Jude Tomaino, PE, Supervisor
Drinking Water Projects Unit
