

NOTICE OF ADMINISTRATIVE AGREEMENT

Site known as CTS of Asheville Skyland, Buncombe County, North Carolina Site ID No. NCD003149556

The North Carolina Division of Waste Management (division) is inviting public comment on a proposed Administrative Agreement (proposed Agreement) that the division intends to enter into with CTS Corporation. CTS Corporation will conduct a voluntary cleanup of hazardous substances on property it formerly owned and/or its predecessor(s) in interest on Mills Gap Road in Skyland, Buncombe County, North Carolina, and any additional area which has become contaminated as a result of hazardous substances or waste disposed at that property.

This proposed Agreement addresses the cleanup portion of the work to be conducted at the site. CTS Corporation is still engaged in conducting testing to determine the nature and extent of the contamination. The assessment work must be completed before cleanup remedies can be evaluated. Thus the work under this proposed Agreement will commence once the division has approved the completion of the contaminant assessment. Additional notice will be provided when a proposed Remedial Action Plan for remedying the contamination from the CTS of Asheville site has been prepared.

The public comment period will run through **May 15, 2009**. All written comments received during the public comment period will be considered in the decision-making process regarding this proposed Agreement.

A copy of the proposed agreement can be viewed at either of the following locations:

EPA Repository (CTS)
Pack Memorial Library
67 Haywood Street
Asheville, N.C. 28801
Hours: Normal library business hours
