Any Marina either existing or new that use a Detention Tank for storage are classified as a Non-Pumpers and will need to obtain a “Non-Pumpers” permit from the Division of Waste Management.
Non-Pumpers

- An individual who operates a septage treatment or disposal facility but who does not engage in the business of pumping, transporting, or disposing of septage shall pay an annual fee of two hundred dollars ($200) per G.S.130A-291.1(e1).
This applies to land application site operators or septage detention/treatment facility operators – that do not have firm permits.

This includes storage tanks at marinas (marina pumpouts) but not boats that serve as pump vehicles.
Annual Nonpumper Fees

- $200 per SLAS or SDTF permit, per year
- “Non-pumper” application form & appropriate fee due by Dec 31st of each year.
- Permitted septage management firms do not owe any fee for a SLAS or SDTF permit – already paying $550 or $800 per year.
Notice & Late Fees per G.S130A-291.1(e2)

- A properly completed application for a permit and the annual fee under this section are due by **1 January** of each year.

- The Department shall mail a notice of the annual fees to each permitted septage management firm and each individual who operates a septage treatment or disposal facility prior to 1 November of each year.
This office sends out a reminder by November 1st of each year.

You shall submit a properly completed firm application & fee by December 31st.

OR.........
A late fee in the amount equal to fifty percent (50%) of the annual permit fee under this section shall be submitted when a properly completed application and annual permit fee are not submitted by 1 January following the 1 November notice.
Application Requirements
APPLICATION FOR A PERMIT TO OPERATE A SEPTAGE MANAGEMENT FACILITY
(Non-Pumper - $200.00 fee)

DIVISION OF WASTE MANAGEMENT - SOLID WASTE SECTION
401 OBERLIN RD., STE. 150, RALEIGH, NC 27605

(1.) Facility name: _____________________________________________________________
Street address of office: _______________________________________________________
Mailing address (if different): __________________________________________________
County: _________________________________________________________________

(2.) Facility owner's name: _____________________________________________________
Mailing address: _______________________________________________________________
Phone: ______________________________ Email: _________________________________

(3.) Facility operator's name: __________________________________________________
Facility operator's title: _________________________________________________________
Mailing address: _______________________________________________________________
Phone: ______________________________ Email: _________________________________

(4.) Type(s) of septage managed:
Domestic ______________________ Portable Toilet Waste ________________________
Grease (restaurant) ______________________ Treatment Plant ______________________
Industrial/Commercial ______________________

(5) Facility Types: Check all that are applicable and provide the permit numbers.
a) Septage land application site _________________________________________________
b) Boat pump-out storage _____________________________________________________
c) Septage storage tanks _______________________________________________________
d) Septage treatment __________________________________________________________
e) Grease treatment ___________________________________________________________

(6) Name and Permit Number of all permitted Septage Management Firms using facility:
(1) ________________________________________________________________________
(2) ________________________________________________________________________
(3) ________________________________________________________________________
(Use additional sheets if necessary)

Certification Statement
I certify that the information and representations in this application for a permit are true, complete, and accurate to the best of my knowledge and belief. I am aware that a permit may be suspended or revoked upon a finding that its issuance was based upon incorrect or inadequate information that materially affected the decision to issue the permit and that there are criminal penalties for knowingly making a false statement, representation, or certification.

APPLICATION FOR A PERMIT TO OPERATE A SEPTAGE DETENTION OR TREATMENT FACILITY

North Carolina Department of Environment and Natural Resources
Division of Waste Management - Solid Waste Section
401 Oberlin Rd., Ste. 150, Raleigh, N.C. 27605

I. Operator and facility information

1. Applicant
   Address
   Phone

2. Contact person for site operation (if different from applicant):
   Title or position
   Phone
   Address

3. Landowner
   Address

4. Site location: County State Road Number
   Directions to site:

5. Is the location on a permitted Septage Land Application Site? 
   If yes, give the site permit number here:

6. Indicate whether project is: new renewal modification
   For a permit renewal or modification, indicate the existing permit number and the permit expiration date.

7. Attach written, notarized landowner authorization to operate a septage storage or treatment facility signed by the landowner (if the permit applicant does not solely own the property). If a corporation owns the land use a corporate landowner authorization form.

8. Aerial photograph scale 1 inch = 400 feet with site property lines accurately located on the photograph must be enclosed (if 1 inch = 400 feet is not available, 1 inch = 660 feet may be substituted).

9. Vicinity map (county road map showing site location).

10. Land application site or wastewater treatment plant to be used after treatment or storage:
We “may” charge the late fee for *incomplete applications*.

*Various mistakes* – missing (signatures, checks, application forms, WWTP authorizations) and incomplete information on forms. *Need original forms/no copies*

*Incomplete/incorrect* submittals slow down the permitting process.
G.S. 130A-291.1(e4)

Permits for new septage management firm operators and permits for septage management firm operators that have not operated a septage management firm in the 24 months immediately proceeding the submittal of an application shall be considered probationary 12 months.
Detention Facility Logs

At the present time there are no requirements to maintain a Marina Pump out Log

However Detention Tank Operators must remove waste from the tank every 6 Months
Log Recommendations for Detention Facilities (not required)

available in .XLS / PDF Format on Line at our website
