Reference: Approval of Well Rehabilitation Materials and Methods
Cotey Chemical Corporation – LIQUID DESCALER, BIOCLEAN, and
DRY ACID® SPECIAL

Dear Mr. McGinnis:

On April 16, 2013, we received your request for approval of Cotey Chemical Corporation products LIQUID DESCALER, BIOCLEAN, and DRY ACID® SPECIAL as non-continuous well rehabilitation chemical treatment allowed for under North Carolina well construction regulation 15A NCAC 02C .0112(g). We have reviewed the supporting documentation and concluded that these products satisfy the approval criteria specified in 15A NCAC 02C .0112(g). Therefore, in accordance with your request, Cotey Chemical Corporation products LIQUID DESCALER, BIOCLEAN, and DRY ACID® SPECIAL have been approved as non-continuous well rehabilitation chemical treatment provided that there is strict adherence to the manufacturer's recommendations for usage.

This approval does not constitute an endorsement from the Division of Water Quality and is only valid for use in accordance with the manufacturer's directions. Any variations in the chemical or physical makeup of these products will require approval before usage.

If you have any questions, please contact Eric Smith by email at eric.g.smith@ncdenr.gov or by phone at 919-807-6407.

Sincerely,

S. Jay Zimmerman, P.G., Chief
Aquifer Protection Section
