

A GEOLOGY TOUR OF NORTH CAROLINA

North Carolina Geological Survey
Amy Pitts - Education & Outreach Geologist
amy.pitts@ncdenr.gov

The North Carolina Geological Survey ([NCGS](#)) is celebrating Earth Science Week 2021 (October 10-16) by inviting you to join us on a Geology Tour of North Carolina! We'll be touring the state from the Coastal Plain, through the Piedmont, and into the Blue Ridge Mountains on our journey. You won't need your hiking boots, just internet access, the free web version of [Google Earth](#), and a few minutes to relax and enjoy the beauty and wonder of North Carolina. The tour is best viewed on a big screen, such as a computer or laptop.

★ Getting Started:

- Access the tour using this [link](#). It may take a few seconds to load.
- Click the "Present" button  once the tour opens.
- To advance through the tour, use the < / > buttons  in the lower left corner of your screen, next to the Table of Contents.
- ****Be sure to check out the final slide in the tour to see how you can get a FREE AGI Earth Science Week toolkit, courtesy of the [Association of Environmental and Engineering Geologists!](#)****

★ For questions, comments, or feedback please contact Amy Pitts at amy.pitts@ncdenr.gov. Visit the NCGS Geoscience Education [website](#) for more information and resources.

★ Please join us in celebrating Earth Science Week by checking out the Earth Science Week [website](#) sponsored by American Geosciences Institute.

ENJOY THE
TOUR &
ROCK ON!
