Site Eligibility:

- Automatic site eligibility is granted for the following North Carolina facility types: Alcohol and Drug Abuse Treatment Centers (Julian F. Keith ADATC, Walter B. Jones ADATC, R. J. Blackley ADATC) – psychiatrists only; NHSC certified sites; State mental health hospitals (Cherry Hospital, Central Regional Hospital, Broughton Hospital) – psychiatrists only; Critical Access Hospitals. If the site needs an additional year to gather sliding fee scale data and/or additional information required for NHSC site approval, the site will notify ORH Placement Services in writing. Prior to NHSC site certification, the facility will demonstrate adherence to the spirit of serving the underserved in the following ways:

- offering a sliding fee scale to all patients in their HPSA, based on current poverty guidelines up to 200% of Federal Poverty Level, complete with patient notice, application, policy, and procedure
- accepting Medicare, Medicaid, and Children’s Health Insurance Program, if applicable
