#### **Beyond Black and White 2:**

#### A Discussion on LatinX Health & Engagement in North Carolina

The NC DHHS Office of Minority Health and Health Disparities proudly presents "Beyond Black and White 2: A Discussion on LatinX Health & Engagement in North Carolina" as part of its Health Equity Lunch & Learn series. Panelists from across the state will discuss the structural and social barriers faced by LatinX communities in North Carolina and their work to improve access and health outcomes for LatinX residents. The panelists will also provide recommendations on how to effectively engage LatinX communities and include them in the development of interventions.

On December 1, 2015, the NC Office of Minority Health and Health Disparities (NC OMHHD) launched its monthly Health Equity Lunch & Learn Series for all NC Division of Public Health staff and interested members of the public. Each month, we examine and explore the social and structural factors that create health disparities and inhibit health equity or the “attainment of the highest level of health for all people” (Healthy People 2020).
