

Driving While Impaired (DWI) Substance Use Services Report

NC General Statute 122C-142.1

Report to the

Joint Legislative Commission on Governmental Operations

By

North Carolina Department of Health and Human Services

February 1, 2017

Reporting Requirements

§ 122C-142.1. Substance abuse services for those convicted of driving while impaired or driving while less than 21 years old after consuming alcohol or drugs.

(i) Report. - The Department shall submit an annual report on substance abuse assessments to the Joint Legislative Commission on Governmental Operations. The report is due by February 1. Each facility that provides services needed by a person to obtain a certificate of completion shall file an annual report with the Department by October 1 that contains the information the Department needs to compile the report the Department is required to submit under this section.

The report submitted to the Joint Legislative Commission on Governmental Operations shall include all of the following information and any other information requested by that Commission:

- (1) The number of persons required to obtain a certificate of completion during the previous fiscal year as a condition of restoring the person's drivers license under G.S. 20-17.6.
- (2) The number of substance abuse assessments conducted during the previous fiscal year for the purpose of obtaining a certificate of completion.
- (3) Of the number of assessments reported under subdivision (2) of this subsection, the number recommending attendance at an ADET school, the number recommending treatment, and, for those recommending treatment, the level of treatment recommended.
- (4) Of the number of persons recommended for an ADET school or treatment under subdivision (3) of this subsection, the number who completed the school or treatment.
- (5) The number of substance abuse assessments conducted by each facility and, of these assessments, the number that recommended attendance at an ADET school and the number that recommended treatment.
- (6) The fees paid to a facility for providing services for persons to obtain a certificate of completion and the facility's costs in providing those services.

INTRODUCTION

This report is a summary of data from the web-based system of Driving While Impaired (DWI) certificates of completion (Form DMH-508-R) submitted within the fiscal year ending June 30, 2016. Each certificate of completion verifies compliance with substance use disorder services for individuals with DWI offenses.

G.S. 122C – 142.1 (i) defines the information to be included in this report on substance use services for those convicted of Driving While Impaired or Driving While Less Than 21 Years Old After Consuming Alcohol Or Other Drugs. That information is as follows:

(1) The number of persons required to obtain a certificate of completion during the previous fiscal year as a condition of restoring the person’s driver’s license under G.S. 20-17.6.

The following data was obtained from the NC Judicial Branch - Administrative Office of the Courts Management and Information Services - for individuals convicted of impaired driving offenses during State Fiscal Year (SFY) 2015-2016. There were 60,751 impaired driving charges reported. Of those, the total number of convictions for an impaired driving offense was 35,892. For an individual with a DWI conviction in North Carolina to be eligible to restore their license, they must obtain a certification of completion. The percentage of impaired driving cases resulting in conviction in this report is about 59%. The remaining 24,859 cases, or about 41%, were not convicted either by being found not guilty; no probable cause; voluntary dismissal by the prosecutor; voluntary dismissal with leave; or guilty of a charge other than impaired driving.

CONVICTIONS SFY 2015-2016	
DWI (Levels 1-2)	8,459
DWI (Levels 3-5)	24,931
DWI (aid and abet)	10
Driving after consuming under age 21	2,205
DWI (commercial vehicle)	26
Habitual DWI*	261
TOTAL	35,892

* Certificates of Completion (DMH-508-R) are not required for these cases.

(2) The number of substance abuse assessments conducted during the previous fiscal year for the purpose of obtaining a certificate of completion.

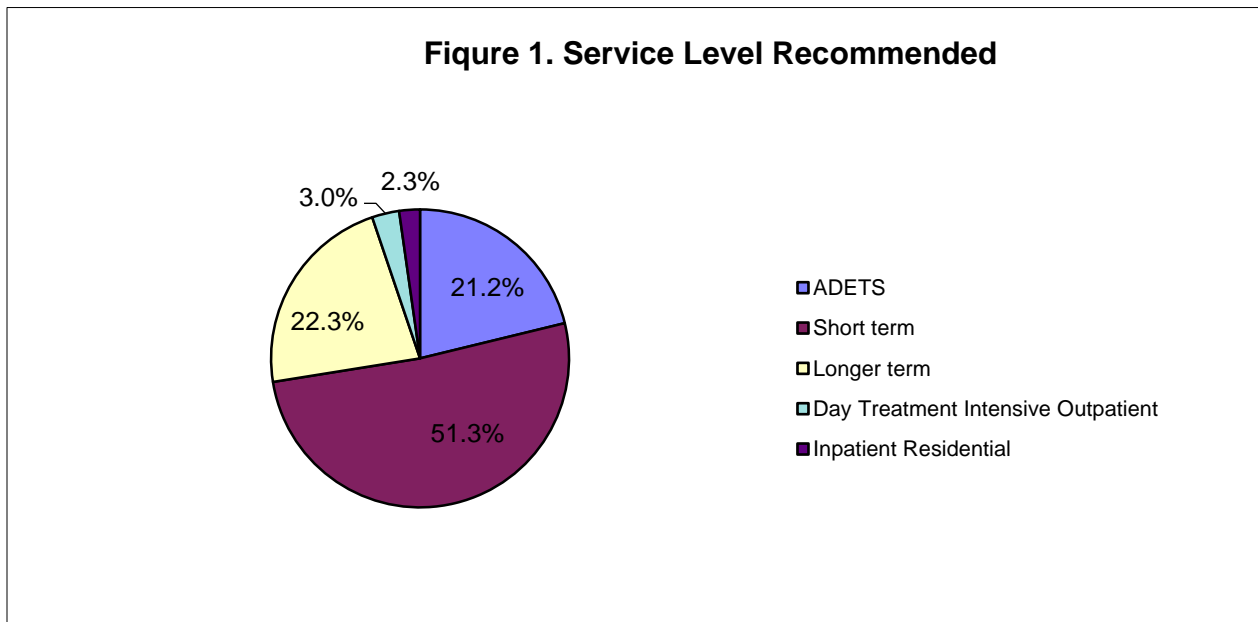

During this report period, 49,642 certificates of completion (DMH-508-R) were submitted to verify that a clinical substance use assessment was completed as required by law.

(3) Of the number of assessments reported under subdivision (2) of this subsection, the number recommending attendance at an Alcohol Drug Education Traffic School (ADETS), the number recommending treatment for a substance use disorder, and for those recommending treatment, the level of treatment recommended.

Of the 49,642 assessments conducted, 10,522 or about 21% recommended an ADETS program and the remaining 79% recommended treatment (**Figure 1**).

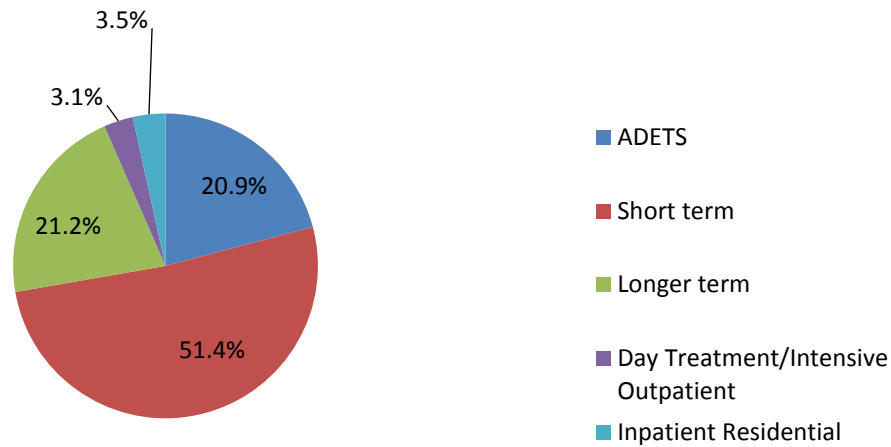

The majority of diagnoses were alcohol use disorders at 64% of the total. The most common substance identified after alcohol was cannabis. Other substances included: cocaine, opiates, and sedatives.

Approximately 33% had prior convictions with an average of two priors. The average blood alcohol concentration (BAC) was .19 and 13% refused the breathalyzer. The underage group accounted for two percent of assessments.

(4) Of the number of persons recommended for an ADET School or treatment for a substance use disorder, under subdivision (3) of this subsection, the number who completed the school or treatment. Of the individuals who were assessed during SFY 2015-16, 28,981 or about 58%, completed treatment or education (**Figure 2**).

Figure 2. Service Level Completed

(5) The number of substance use assessments conducted by each facility and, of these assessments, the number that recommended attendance at an ADET school and the number that recommended treatment for a substance use disorder.

Attachment A is an accounting of DWI assessments conducted by each authorized facility in SFY 2015-2016 and their recommendations (referral rates) to ADETS or treatment for a substance use disorder.

(6) The fees paid to a facility for providing services for persons to obtain a certificate of completion and the facility's costs in providing those services.

The DWI substance use assessment fee is \$100.00. The fee for the standardized ADETS program is \$160.00. Both fees are set by NC General Statute and are paid to the facility providing the service. For those attending treatment for a substance use disorder, a minimum payment of \$75.00 is also required by statute. Service providers typically charge additional fees for treatment. The average cost for short term outpatient treatment for substance use disorders is about \$360.00 at \$18.00 per hour; this service is a minimum of 20 hours of counseling. The average cost for longer term treatment is about \$625.00 for a minimum of 40 hours of counseling; this reflects a rate of \$16.00 per hour. Day treatment/Intensive outpatient treatment is provided at an average of \$9.00 an hour. Residential treatment and aftercare is provided at an average of \$410.00 total.
