

Question	Answer
Providers in what cities are eligible to apply for the PATH Grant?	The eligible cities are Asheville, Charlotte, Fayetteville, Greensboro, Raleigh and Statesville
Can the PATH funding be used to support less staff positions than stated in the RFA. For example: a 6 person team be reduced to 4.5?	The PATH funding supports the designated number of staff positions described in the RFA. The positions are not clinical positions requiring a license. The model has proven to be effective in implementing the PATH Program.
Does the required clinical supervision need to be provided by a clinician at the agency or can the position come from outside the agency?	Clinical supervision may be provided by a qualified individual that is not an employee of the agency. The agency will have a written contract or agreement with the qualified individual detailing the requirements for clinical assistance.
