Purpose of ESG Funding

NC ESG funds are intended to be used as part of a crisis response system using a low barrier, housing-focused approach to ensure that homelessness is rare, brief, and one time. Activities can include:

• Engaging homeless individuals and families living on the street;

• Improving the number and quality of emergency shelters for homeless individuals and families;

• Helping operate emergency shelters;

• Providing essential services to emergency shelter residents,

• Rapidly rehouse homeless individuals and families, and

• Preventing families and individuals from becoming homeless.
Eligible Program Components

Agencies participating in the ESG program and/or receiving ESG funds, are eligible to perform activities under the components outlined below:

- **Street Outreach:** Meet the immediate needs of unsheltered homeless people by connecting them with emergency shelter, housing, and/or critical health services.

- **Emergency Shelter:** Intended to increase the quantity and quality of temporary emergency shelters provided to homeless people by supporting the shelters operating expenses and essential services.

- **Rapid Re-housing:** Move homeless people individuals and families quickly into permanent housing through rental assistance and housing relocation and stabilization services.

- **Homelessness Prevention:** Prevent households from becoming homeless through rental assistance, and housing relocation and stabilization services.

- **HMIS / Domestic Violence / Victim Service Provider Comparable Database:** Support ESG Subrecipients participation in the NC HMIS / or DV comparable database collection system. Federal law requires that Domestic Violence / Victim Service Provider agencies use Systems Comparable to HMIS rather than the HMIS used by other homeless agencies.
Continuum of Care / Local Planning Area

• The voluntary group of homeless stakeholders within a set geographic boundary organized to plan for and provide a system of strategies to address the various needs of homeless persons and persons at risk of homelessness for a specific geographic area.

• For CoCs that are not the Balance of State (BoS), the LPA is the same as the CoC. For the BoS CoC, the LPA is the Regional Committee. There are thirteen Regional Committees in the BoS CoC, therefore there are thirteen LPAs under the BoS CoC.

• LPAs are responsible for their region. They communicate goals and priorities, share information, “vet” fiscal sponsors and project applicants – ensure cohesiveness of “region.”

• Funds will be awarded to CoCs/LPAs based on the HUD CoC pro-rata formula, as explained in the NC ESG Fair Share Explainer, located in Appendix 1 of the application instructions.
CoC / LPA Review of Project Applications

During the project application review the CoCs/LPAs should also consider:

- **Capacity:** Does the agency have paid staff members with the capacity to administer an ESG activity? i.e. Executive Director, Case Manager, etc.

- **Financial Stability:** Does the agency have operating funds to pay eligible expenses and request reimbursement from the NC ESG Program 45 days after the last day of the billing month?

- **Expenditure History:** Does the agency have a history of timely, accurate, and appropriate spend down rates?

- **Data Collection:** Does the proposed agency utilize HMIS or a comparable database (for DV organizations)?
CoC / LPA Review of Project Applications

Key ESG requirements and elements the CoC/LPA must review during the vetting process include the following:

- **Coordinated Entry**: Does the agency actively participate in the coordinated entry process providing access to all demographic groups? If not, are there allowable exceptions?

- **Written Standards**: Does the agency follow the written standards established by the CoC/LPA and promote the CoC/LPA's priorities and goals?

- **Planning/Coordination**: Has the agency participated in at least 75 percent of the community meetings contributing to the homeless discussion?

- **Housing First**: Is the agency committed to operating under a housing first model?

- **Low Barrier**: Is the agency committed to operating under a low barrier model?

- **VAWA**: Is the agency an active participant in the CoC/LPA’s established VAWA process?
Regional Application

CoC / LPA Review of Project Applications

- The CoC/LPA must create and implement a fair local decision-making process for the distribution of funds that minimizes conflict of interest.

- The CoC/LPA is responsible for the Regional Application, including coordination and vetting of all project applicants.

Deficient project applications prolong the review process for the ESG Office, which results in delayed funding announcements, lost funding for CoCs, LPAs, projects, and delays in funds to house and assist individuals and families experiencing homelessness.
Project Applicant’s Responsibility

Each project application in its entirety should be reviewed for errors and pay close attention to the following:

- Responses to narrative questions
- Budget requests (60%/40% split)
- Required Attachments
- Operations Guidelines for each ESG activity
  - Policy Ex. – Program Rules, Intake, Fair Housing, non-discrimination of clients etc.
  - Procedure Ex. – Termination of Assistance, Grievance Process, Appeal process etc.
- Up-to-date documents and required signatures
