Dear Chairmen:

Section 12F.2.(c) of North Carolina Session Law 2015-241, enacted on September 18, 2015, requires the Department of Health and Human Services (“Department”) to modify the monthly reporting package submitted by the LME/MCOs to the Department to include revenues and expenditures for the State funding sources for single stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department is required to modify appropriate schedules in the LME/MCO monthly reporting package to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year's month and year to date periods. Further, the Department is also to submit these reports to the Joint Legislative Oversight Committee on Health and Human Services by the third Monday of each month beginning in October 2015.

The Department appreciates and shares the desire for more detailed, consolidated monthly expenditure reports on the part of LME/MCOs for single stream state funds. As such, the Department’s Division of Mental Health, Developmental Disabilities and Substance Abuse Services (DMHDDSAS), in coordination with the Division of Medical Assistance (DMA), has initiated the process of revising Schedule D. Draft revisions to the state funded portion of Schedule D2, and the addition of schedules that show unduplicated recipients of mental health disorders, intellectual and developmental

disability, and substance use disorder services were completed and distributed to the LME/MCOs in December 2015. As the LME/MCOs began to attempt to implement the changes it became apparent that the various financial reporting systems could not be immediately reprogrammed to satisfy the requirements. Therefore, the Department revisited the most appropriate approach to effectively modify the reporting package so that it most accurately satisfies the legislative intent of the reporting requirements.

DMHDDSAS has undertaken the project, in conjunction with the Finance Officers of the LME/MCOs, to revisit the structure of Schedule D for both Medicaid and State fund reporting to bring the two processes into greater alignment and to support the reporting specificity required by the legislation. Unified reporting for Schedule D is on track for completion at the beginning of the new fiscal year and will support full reporting through Schedule D2 effective with July financial data provided in August.

At the close of April, the target for Single Stream Fund expenditures was 83% of the total for the fiscal year. 83% represents the apportionment of expenditures that would indicate that the LME/MCOs are expending the same amount of funds for services that were spent last fiscal year. The statewide spending level was at 87% as indicated by the attachment. DMHDDSAS will continue to monitor all of the legislative requirements from Section 12F and provide updates to the Joint Legislative Oversight Committee monthly.

Sincerely,

Courtney Cantrell, PhD
