Dear Chairmen:

Section 12F.2.(c) of North Carolina Session Law 2015-241, enacted on September 18, 2015, requires the Department of Health and Human Services (“Department”) to modify the monthly reporting package submitted by the LME/MCOs to the Department to include revenues and expenditures for the State funding sources for single stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department is required to modify appropriate schedules in the LME/MCO monthly reporting package to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year’s month and year to date periods. Further, the Department is also to submit these reports to the Joint Legislative Oversight Committee on Health and Human Services by the third Monday of each month beginning in October 2015.

The Department appreciates and shares the desire for more detailed, consolidated monthly expenditure reports on the part of LME/MCOs for single stream state funds. As such, the Department’s Division of Mental Health, Developmental Disabilities and Substance Abuse Services (DMHDDSAS), in coordination with the Division of Medical Assistance (DMA), has initiated the process of revising Schedule D. Draft revisions to the state funded portion of Schedule D2, and the addition of schedules that show
unduplicated recipients of mental health disorders, intellectual and developmental disability, and substance use disorder services were completed and distributed to the LME/MCOs in December 2015. As the LME/MCOs began to attempt to implement the changes it became apparent that the various financial reporting systems could not be immediately reprogrammed to satisfy the requirements. Therefore, the Department revisited the most appropriate approach to effectively modify the reporting package so that it most accurately satisfies the legislative intent of the reporting requirements.

DMHDDAS has undertaken the project, in conjunction with the Finance Officers of the LME/MCOs, to revisit the structure of Schedule D for both Medicaid and State fund reporting to bring the two processes into greater alignment and to support the reporting specificity required by the legislation. This project is of greater scope than originally understood and will require the remainder of the current fiscal year to pursue.

On January 12, 2016, a presentation was provided to the Joint Legislative Oversight Committee on Health and Human Services. During the presentation the delay in completing the revisions to Schedule D2 was presented along with data demonstrating that the Department is closely monitoring the LME/MCOs’ accountability for the Maintenance of Effort and continued level of services as described in Section 12F.2.(b) of NC Session Law 2015-241. The information distributed at the time of the presentation is included in attachment 1.

DMHDDAS will continue to monitor all of the legislative requirements from Section 12F and provide updates to the Joint Legislative Oversight Committee monthly.

Should you have any questions, please contact me at (919) 733-7011.

Sincerely,
