YOUTH MENTAL HEALTH FIRST AID

HAVE YOUR VOICE HEARD AND GET INVOLVED

Set by NC §122C-170, Consumer Family Advisory Committees (CFACs) are self-governed groups representing the voice of the MH/DD/SUD community. The CE&E team works with CFACs to ensure your voice is heard.

There are two ways to serve as a CFAC member:

LOCAL – Local CFACs advise their local LME/MCO’s Board of Directors on service needs.

STATE – State CFAC advises the Secretary of NCDHHS and the NC General Assembly on MH/DD/SAS services and monitors improvement of the State plan.

For CFAC membership opportunities, please contact the person below.

OUR TEAM

The Community Engagement and Empowerment Team (CE&E) provides you the tools to engage with your community and empower others to do the same.

Our goals are:
• Keep you, your family members and advocates actively involved in local and state policy
• Ensure your voice, input, and service category representation (Mental Health, Intellectual/Developmental Disabilities and Substance Use Disorders) are included in improving the service system
• Help develop local grass roots advocacy and consumer groups
• Provide support and assistance to state and local Consumer Family Advisory Committees (CFACs) to ensure empowerment
